# AN ACT

TO MAKE FURTHER PROVISION WITH RESPECT TO THE  
UNIVERSITY OF DURHAM.

1ST AUGUST, 1908.

WHEREAS it is expedient to reconstitute the University of Durham, and for that purpose to appoint a statutory commission :

Be it therefore enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same as follows :—

## APPOINTMENT OF COMMISSIONERS.

1.—(1) There shall be a body of commissioners styled the University of Durham Commissioners, and consisting in the first instance of the following persons, namely :—

His Grace Henry George Percy, Duke of Northumberland, K.G., P.C., D.C.L., F.R.S. ;

The Right Reverend Archibald, Lord Bishop of Exeter, D.D., LL.D., sometime Vice-Chancellor of the University of London ;

The Right Honourable Henry De Vere Vane, Baron Barnard, D.C.L. ;

The Right Honourable Sir Francis Mowatt, G.C.B., P.C., LL.D., sometime Permanent Secretary of His Majesty's Treasury ;

Sir William Selby Church, Bart., K.C.B., LL.D., D.C.L., M.D., D.Sc., sometime President of the Royal College of Physicians of London ;

John Scott Fox, Esquire, K.C., M.A., Chancellor of the County Palatine of Durham ;

The Reverend John Richard Magrath, D.D., Provost of Queen's College, Oxford, sometime Vice-Chancellor of the University of Oxford ;

Joseph Larmor, Esquire, LL.D., D.C.L., D.Sc., M.A., F.R.S., Lucasian Professor of Mathematics in the University of Cambridge ;

and it shall be lawful for His Majesty to appoint a secretary to the commissioners.

(2) If and whenever any vacancy occurs among the commissioners, it shall be lawful for His Majesty the King to appoint a person to fill the vacancy ; but the name of every

person so appointed shall be laid before both Houses of Parliament within ten days after the appointment if Parliament is then sitting, or, if not, then within ten days after the next sitting of Parliament.

(3) The commissioners may appoint or employ such persons as they may think necessary for the execution of their duties under this Act, and may remove any person so appointed or employed.

#### DURATION AND PROCEEDINGS OF COMMISSIONERS.

2.—(1) The powers of the commissioners shall continue until the end of the year one thousand nine hundred and nine, and no longer ; but it shall be lawful for His Majesty the King, from time to time, with the advice of His Privy Council, on the application of the commissioners, to continue the powers of the commissioners for such time as His Majesty thinks fit, but not beyond the end of the year one thousand nine hundred and eleven.

(2) The commissioner first named in this Act shall be the chairman of the commissioners ; and, in case of his ceasing from any cause to be a commissioner, or of his absence from any meeting, the commissioners present at each meeting shall choose a chairman.

(3) The powers of the commissioners may be exercised at a meeting at which three or more commissioners are present.

(4) In case of an equality of votes on a question at a meeting, the chairman of the meeting shall have a second or casting vote in respect of that question.

(5) The commissioners shall have a common seal, which shall be judicially noticed.

(6) Any act of the commissioners shall not be invalid by reason only of any vacancy in their body ; but, if at any time, and as long as, the number of persons acting as commissioners is less than five, the commissioners shall discontinue the exercise of their powers.

#### POWERS AND DUTIES OF COMMISSIONERS.

3.—(1) The commissioners shall make statutes regulating the constitution of the University of Durham, and the powers and duties of its various authorities and constituent bodies and the disposition of its existing property in general accordance with the scheme scheduled as an appendix to this Act, but subject to any modifications of detail which may appear to them expedient after considering any representations made to them by or on behalf of any body or person directly affected, or by or on behalf of any college or institution giving university or higher education established within the counties of North-

umberland, Durham, Cumberland, and Westmoreland, or by or on behalf of any public education authority within the same counties.

(2) The commissioners shall take such steps as are in their opinion best adapted for facilitating the making of such representations before any such statutes are framed, provided that no costs incurred in making any such representations shall be chargeable to the University.

(3) The commissioners shall make statutes regulating the conditions upon which colleges other than those at present connected with the University may become affiliated to it and regulating the procedure by which a college may become so affiliated, and shall provide in such statutes that any college within the counties of Northumberland, Durham, Cumberland, and Westmoreland the application of which for affiliation to the University may have been refused, may appeal to His Majesty in Council, and that upon such appeal His Majesty in Council shall have power to decide whether such application ought or ought not to be granted, and if His Majesty in Council shall decide that such application ought to be granted, then such college shall become affiliated to the University, and shall be entitled to appoint so many representatives on senate as His Majesty in Council may determine.

(4) The commissioners shall make statutes providing that the technical college of the borough of Sunderland, as soon as it shall have satisfied such conditions as may before the passing of this Act have been specified by senate of the University as necessary to its being affiliated to the University in the faculty of science, shall thereupon become affiliated to the University in that faculty, and shall be entitled to appoint so many representatives upon Senate as the commissioners may determine.

The letter addressed by Senate of the University to the corporation of Sunderland under date the eighteenth day of June, nineteen hundred and seven, which is scheduled in an appendix to this Act, shall be construed as embodying the conditions above referred to.

(5) Statutes made under this Act shall have effect notwithstanding anything in any Act of Parliament, charter, Order in Council, statute of the Chapter of Durham, deed, or other instrument.

#### APPROVAL OF STATUTES.

4.—(1) When any statute has been made by the commissioners, a notice of its having been made, and of the place where copies of it can be obtained, shall be published in the

*London Gazette*, and the statute shall be laid as soon as may be before both Houses of Parliament, and shall not be valid until it has been approved by His Majesty the King in Council.

(2) If either House of Parliament, within forty days, exclusive of any period of prorogation, after a statute has been laid before it containing any provision not already contained in Schedule I of this Act, presents an address praying the King to withhold His assent from the statute or any part thereof, no further proceedings shall be taken on the statute or on the part thereof to which the address relates, but this provision shall be without prejudice to the making of a new statute.

(3) Any authority of the University of Durham as now existing, or any college in the University, or any other person or body directly affected by any such statute, may, within three months after the notification thereof in the *London Gazette*, petition His Majesty in Council to withhold his approval of the whole or any part thereof.

(4) His Majesty in Council may refer any such petition to a committee of the Privy Council, with a direction that the committee hear the petitioner personally or by counsel, and report specially to His Majesty in Council on the matter of the petition.

(5) Thereupon it shall be lawful for His Majesty, by Order in Council, either to declare his approval of the statute in whole or in part, or to signify his disapproval thereof in whole or in part, but any such disapproval shall be without prejudice to the making of a new statute.

(6) The costs of any petition under this section may be regulated by the committee to which the petition is referred. No costs incurred under this section shall be chargeable to the University.

#### POWER TO COMMISSIONERS TO TAKE EVIDENCE AND TO MAKE RECOMMENDATIONS.

5.—The commissioners shall take evidence upon any of the matters hereby directed to be dealt with by them; and may, if they think fit, from time to time make a report or reports to His Majesty containing any recommendations which in their opinion ought to be made for the purpose of better enabling them to carry out any of the powers hereby entrusted to them.

#### POWER TO AMEND STATUTES.

6.—After the expiration of the powers of the commissioners, Senate of the University shall have power to make statutes for altering or supplementing any of the statutes made by the commissioners as far as they affect the Chancellor, Senate, or Convocation of the University or any advisory board thereof

or any matter at the time under his or their authority and in particular for providing for the representation on Senate of any college which may hereafter become affiliated to the University ; and the authority established under this Act for the government of the Durham division of the University shall have power to make statutes for altering or supplementing any of the statutes made by the commissioners as far as they shall at the time affect the Durham division alone : Provided as follows :—

- (1) A statute made under this section shall be subject to the provisions of the foregoing sections, with the substitution only of Senate or of the authority aforesaid, as the case may be, for the commissioners :
- (2) Before any statute (save any affecting the Durham division alone) is made under this section the draft thereof shall be communicated to Convocation, whose opinion thereon, if returned to Senate within two months, shall be taken into consideration. In computing this period of two months any part of the months of July, August, and September, shall not be counted :
- (3) No statute made under this section shall alter the equality of representation in Senate of the Durham and the Newcastle divisions of the University, or alter any statutory provision made in direct pursuance of anything contained in Schedule I of this Act as far as it may have particular reference to property or finance, or to the faculty of theology, or to religious instruction.

#### PROVISOS.

7.—Nothing in this Act shall affect the mode of appointment to any canonry of the Cathedral Church of Durham.

Nothing in this Act shall affect the memorandum or articles of association of the university of Durham College of Medicine, Newcastle-upon-Tyne, or the memorandum and articles of association of Armstrong College, Newcastle-upon-Tyne, or any rights or privileges secured to either of the said colleges thereby.

#### SHORT TITLE.

8.—This Act may be cited as the University of Durham Act, 1908.

#### SCHEDULE I.

##### I.

##### VISITOR.

The Lord Bishop of Durham shall be the visitor of the University, and shall exercise in that capacity such general powers as are usually exercised by the visitor of a university as well as such particular powers as are hereby conveyed to him.

## II.

## CHANCELLOR.

1. There shall henceforth be a chancellor, who shall be the head and chief officer of the University. The Very Reverend George William Kitchin, D.D., Dean of Durham, shall be the first chancellor. Succeeding chancellors shall be appointed by convocation on the nomination of Senate.

2. From the time at which the said Very Reverend George William Kitchin shall become chancellor, or a chancellor shall be appointed, the office of warden of the University shall cease, and the name of chancellor shall thenceforth take the place of the name of warden in the name of the University.

3.—The chancellor, if present, shall preside over all meetings of Senate and of Convocation.

4.—Senate as herein constituted shall provide for the performance of the chancellor's duties in his absence.

## III.

## GOVERNORS.

The office and powers of the dean and chapter of Durham as governors of the University shall cease as soon as this scheme comes into operation.

## IV.

## SENATE.

Senate shall henceforth be constituted as follows :—

The chancellor ;

Six persons appointed from time to time by the Crown ;

The dean and the several members of the chapter of the cathedral church of Durham, and so many other persons appointed from time to time by the council of the Durham colleges as herein-after constituted as may at any time be required to raise the total number under this sub-clause to six. A time limit of not more than four years to be inserted in all appointments to Senate mentioned after this point ;

Six persons appointed from time to time by such professors, tutors, and lecturers of the Durham division of the University as are not members of the aforesaid Chapter ;

Four persons appointed from time to time by the University of Durham College of Medicine, Newcastle-upon-Tyne ;

Four persons appointed from time to time by the council of Armstrong College, Newcastle-upon-Tyne ;

Four persons appointed from time to time by the professors of Armstrong College, Newcastle-upon-Tyne ;

Eight persons appointed by Convocation, of whom four shall be graduates and past students of the Durham division of the University, and four shall be graduates and past students of the Newcastle division, two of these being past students of Armstrong College and two of the College of Medicine ;

being thirty-nine persons in all :

Provided that if at any time the constitution of the aforesaid college of medicine be so amended that its governing body shall consist wholly or partially of persons other than practitioners of medicine or surgery or teachers engaged in teaching in the college, then two of the four persons to be appointed by the college as aforesaid shall be appointed by the governing body and the other two by the principal academic board or other such academic authority existing in the college :

And provided that if at any time the said college of medicine and Armstrong College should unite to form a single institution, then the council or other principal managing authority of the united institution shall appoint six members of Senate and the professors of the united institution other six, of whom two at least shall be professors in the faculty of medicine.

## V. .

### POWERS AND DUTIES OF SENATE.

1.—Senate shall determine the time, place, and procedure of its meetings.

2.—Senate shall have entire control of the real and personal property of which the University shall be or become possessed after the coming into operation of the scheme established under this Act. It shall prescribe the form and custody of the common seal of the University and shall be empowered to order the affixing thereof in respect of any matters within the scope of its powers.

3.—Senate shall keep the matricula of all persons entering the University, whether in the Durham or in the Newcastle division, and shall receive all fees paid to the University for matriculation, for examination, for admission to degrees, titles, and other University distinctions, or for any other University privilege.

4.—Subject to anything herein contained, Senate shall be empowered to make regulations prescribing amongst other things the conditions whether of study, examination, or otherwise, upon which candidates may be admitted to the various degrees, titles, and other University distinctions conferred by the University, provided always that religious knowledge shall continue to be a subject in the arts course ; the time, place, and manner of holding University examinations ; the conditions

qualifying for matriculation in the University ; the fees to be paid for matriculation, for examination, for admission to degrees, titles, and other distinctions, and for any other University privileges ; the conditions under which fellowships, scholarships, and other prizes and emoluments may be held of the University ; and the conditions under which colleges may in future be affiliated to the University. Subject to anything herein contained, Senate shall be empowered from time to time to amend, extend, or abrogate any regulation, either now existing or hereafter to be made by Senate.

5.—Senate shall have the power of proposing persons to Convocation for admission to degrees.

6.—Senate shall be empowered to accept and administer, as trustee, endowments for the purpose of fellowships, scholarships, exhibitions, and prizes ; for the establishment of professorships, lectureships, or readerships, whether to be exercised in one or other division of the University alone or in both jointly ; or for the promotion of post-graduate study or research.

7.—All examiners in University examinations shall be appointed by or with the authority of Senate, and Senate shall provide their remuneration and prescribe their duties.

8.—Senate shall be empowered to prescribe the duties of all officers whom it may appoint and to fix their remuneration and the terms and conditions of their appointments.

9.—Senate shall be empowered to undertake the inspection and examination of schools.

10.—Senate shall be empowered to prescribe academic costumes for members of the University.

#### LIMITATIONS OF POWERS OF SENATE.

11.—No regulation affecting the faculty of theology shall as far as the said faculty is affected thereby be made, amended, or abrogated, except with the consent of the Lord Bishop of Durham for the time being.

12.—Except in the faculty of theology, Senate shall not require or impose any religious test unless in its capacity as trustee of a benefaction to which such a condition had been attached by its founder.

13.—Without the consent of the Visitor, Senate shall not abrogate the affiliation of any college now affiliated to the University.

14.—Senate shall not impose any examination as a test for matriculation upon students proposing to enter the Durham division of the University without the consent of the council of the Durham colleges as hereinafter constituted, or upon

students proposing to enter either of the colleges of the Newcastle division as hereinafter defined without the consent of such college.

15.—If within seven days of the passing of any resolution of Senate for the making of a regulation of the University as aforesaid or for the amendment, extension, or abrogation of an existing regulation, any twelve members of Senate shall declare their intention of appealing to Convocation against it, then such resolution shall be without effect unless and until it is confirmed by Convocation. In the event of an appeal to Convocation being so demanded, the chancellor shall call a meeting of Convocation within a reasonable limit of time to consider it, and notice of such convocation shall be sent to every member thereof.

#### PROVISIONS AS REGARDS EXISTING REGULATIONS.

16.—All existing regulations of the University and all resolutions heretofore passed by Senate shall, as far as they are not contradictory to anything herein provided, remain in force until abrogated or amended by the authority or authorities competent under these provisions to deal with the matters severally concerned: Provided that after the coming of this scheme into operation the word "warden" or "Senate" or the words "warden and Senate" in such regulations and resolutions shall be construed to mean the council of the Durham colleges as hereinafter constituted when used in reference to matters authority over which has passed from the former to the latter, and shall be construed to mean Senate when used in other connections.

17.—So much of the said regulations as determines the periods of residence or of study in the University or elsewhere required as qualifications for the various degrees, titles, and other distinctions of the University shall not as far as students of the Durham division are affected thereby, be altered without the consent of the council of the Durham colleges, and, as far as students of either of the colleges of the Newcastle division are affected thereby, shall not be altered without the consent of the college concerned.

### VI.

#### DURHAM DIVISION. ITS GOVERNING BODY.

1.—The council of the Durham Colleges shall be constituted as follows:—

The dean and the several members of the chapter of the cathedral church of Durham.

The master for the time being of University College.

The principal for the time being of Bishop Hatfield's Hall.

The treasurer for the time being of the Durham division of the University.

The professor for the time being of mathematics in the Durham division of the University.

The professor for the time being of Hebrew in the Durham division of the University.

The professor for the time being of music in the Durham division of the University.

The censor for the time being of unattached students in the Durham division of the University.

Three persons appointed from time to time by such professors, tutors, and lecturers of the Durham division of the University as are not *ex officio* members of the council for terms not exceeding three years in such manner that the term of one of them at least shall expire each year.

The head for the time being of any hall of residence established in connection with the Durham division of the University and duly licensed as such by the council of the Durham colleges, as long as the number of students residing in such hall shall not be less than twenty-five.

One person to be appointed from time to time by Senate of the University of Durham for a term not exceeding three years.

Three graduates being past students of the Durham division of the University to be appointed from time to time by Convocation of the University of Durham for a term not exceeding three years.

2.—Every member of the council appointed as aforesaid for a fixed term shall be eligible for re-appointment on the expiry of the term.

3.—The said council shall be a body politic and corporate under the name of the council of the Durham colleges and by that name shall have perpetual succession and a common seal with power without any further licence in mortmain to take, purchase, and hold, and also to sell, grant, exchange, demise, or otherwise dispose of, real and personal property, and to act under its seal in all matters within the scope of its powers.

4.—There shall be a warden, who shall be elected from time to time by the council from amongst its own members. He shall hold office for such period and shall exercise such powers and discharge such duties as shall from time to time be prescribed by the council.

The warden shall, if present, preside over all meetings of the council.

## DURHAM PROPERTY.

5.—The entire property both real and personal now vested in the warden, masters, and scholars of the University of Durham, including the university library, observatory, and museum, as well as Bishop Hatfield's Hall and the interest possessed by the said warden, masters, and scholars in Durham castle, shall be transferred from the said warden, masters, and scholars to the council of the Durham colleges, who shall henceforth hold the said property in trust for the purpose, amongst other things, of carrying on University education in Durham, of maintaining University College and Bishop Hatfield's Hall as residential colleges, of maintaining the aforesaid library and observatory, of establishing and maintaining fellowships, scholarships, exhibitions, bursaries, and prizes, of promoting research, of holding, should it see fit, "extension" classes, and of doing such other things of an allied nature as are generally done by university colleges :

Provided always that in the carrying out of all the above purposes due regard shall be had to the original purpose of the endowment and to its connection with the cathedral church of Durham.

## CONTINUANCE OF PRESENT GRANTS FROM INCOME THEREOF.

And provided always that out of the income arising from the said property the said council shall annually pay to Armstrong College, Newcastle-upon-Tyne, the sum of one thousand two hundred and sixty pounds and such further portion of the said income as arises from a sum of four thousand and twenty-nine pounds six shillings and ninepence at present invested in London and North Western Railway three per cent. debenture stock and charged with the payment of a grant to the said college ; and shall annually pay to the University of Durham College of Medicine, Newcastle-upon-Tyne, such portion of the said income as arises from a sum of three thousand eight hundred and eighty-three pounds at present invested in the same stock as above-named and charged with the payment of a grant to the said college ; the moneys so paid to be used for the lawful purposes of the said colleges respectively as they may deem fit.

## POWERS AND DUTIES OF THE COUNCIL.

6.—The said council shall be the governing body of the Durham division of the University, and the duty of providing for the teaching, residence, maintenance, and discipline of students in Durham, heretofore exercised by the warden and Senate of the University, shall henceforth belong to the council of the Durham colleges. The said council shall exercise such powers and enjoy such privileges in the University as are

herem specified, or may hereafter be granted to it by Senate or by Convocation in the exercise of any of its powers as herein contained.

7.—All trusts for fellowships, scholarships, and prizes now vested in the University of Durham shall henceforth be vested in the Council of the Durham colleges :

Provided that in the interpretation of any trust deed applying to any of such fellowships, scholarships, and prizes the words "University of Durham," or any words of similar effect, where used for the purpose of defining the persons who may be beneficiaries of the trust, shall be construed, unless any contrary intention appears, as applying to the Durham division of the University only.

#### CANONICAL CHAIRS.

8.—The two canonries of Durham hitherto annexed to professorships of divinity and of Greek in the University of Durham shall remain so annexed. Appointments to these professorships shall be made, as now, by the Lord Bishop of Durham.

#### ACADEMIC OFFICES.

9.—The terms and conditions on which the existing professors of divinity, Greek, mathematics, Hebrew, and music in the University hold their appointments shall not be altered without their respective consent.

10.—The council of the Durham Colleges shall be empowered to prescribe the duties of all professors who may be appointed hereafter to these chairs, and to determine their remuneration except as far as it is determined by particular endowment, as well as to prescribe the duties and determine the remuneration of any other professor, tutor, lecturer, or other officer appointed by the said council :

Provided that no canonical professor shall be thereby debarred from performing the ecclesiastical duties of his canonry.

11.—There shall be a master of University College. The Reverend Henry Gee, D.D., at present master of University College, shall so remain, and the terms and conditions on which he holds his office shall not be changed without his consent.

12.—There shall be a principal of Bishop Hatfield's Hall. Frank Byron Jevons, D.Litt., at present principal of Bishop Hatfield's Hall, shall so remain, and the terms and conditions on which he holds his office shall not be changed without his consent.

13.—Appointment to all other offices in connection with University College or Bishop Hatfield's Hall shall be made by

the master for the time being of University College or the principal for the time being of Bishop Hatfield's Hall as the case may be.

14.—Every person who at the present time is a tutor or lecturer or other officer by appointment of and under the authority of the University of Durham, shall continue to hold the same office as by appointment of and under the authority of the council of the Durham colleges, and the terms and conditions on which he holds it shall not be changed without his consent.

15.—So much of the University as is hereby placed under the control of the council of the Durham colleges shall be the Durham division of the University.

## VII.

### NEWCASTLE DIVISION.

The Newcastle division of the University shall consist of the University of Durham College of Medicine, Newcastle-upon-Tyne, and Armstrong College, Newcastle-upon-Tyne, which shall severally or jointly exercise such powers and enjoy such privileges in the University as are herein specified or may hereafter be granted to them by Senate or by Convocation in the exercise of any of its powers as herein contained :

Provided that if at any time the said two colleges should unite to form a single institution, the powers until then exercised and the privileges until then enjoyed by the two institutions separately in virtue of this Act shall thenceforth jointly reside in the single institution.

## VIII.

### PROFESSORS.

1.—Professors of the University shall be :—

All existing professors of the University, as long as they shall continue to occupy their chairs.

All professors who may hereafter be appointed to the two chairs to which canonries are annexed as aforesaid as long as they shall continue to hold the said chairs.

All persons who may hereafter be appointed by Senate to professorships in pursuance of the sixth clause of Article V hereof as long as they shall continue to hold such professorships.

2.—Professors in the University shall be :—

All persons appointed to be professors by the council of the Durham colleges or by the College of Medicine or by Armstrong College during their continuance in office.

## IX.

## ACADEMIC BOARDS.

There shall be a board of faculties of the University and boards of the several faculties, each of which boards shall have in general such constitution, duties, and powers as the boards now established by regulations of Senate, saving only such powers as the said boards or their officers now possess of requiring, under certain circumstances, a postponement of part of the business of Senate.

## X.

## PROVISION FOR FREEDOM OF TEACHING.

1.—The council of the Durham colleges, the College of Medicine and Armstrong College, and any college affiliated in pursuance of this Act, shall severally have the right of proposing for the consideration of Senate curricula of University study and schemes of University examinations based upon them, to be prescribed, if approved by Senate, as qualifications for initial degrees applicable to their own students respectively.

2.—It shall not be required of senate that the curricula or schemes of examination prescribed by it for any degree shall be the same for all parts of the University.

3.—The privilege of appending the words " in litteris antiquis " to the title of their degree shall be open only to those graduates in arts who have pursued in the Durham division of the University a curriculum which has included both Latin and Greek.

## XI.

## INDEMNITY TO DURHAM.

1.—Senate shall annually pay to the council of the Durham colleges the sum of eight hundred and eighty pounds as an indemnity equivalent to the portion of the University's receipts from degree, examination, and convocation fees that has hitherto been applicable to purposes now to be transferred to the said council.

## CONTINUANCE OF GRANT FROM FEES TO THE COLLEGE OF MEDICINE.

2.—Senate shall annually pay to the college of medicine the sum of four hundred pounds in lieu of the grants amounting in all to four hundred pounds hitherto paid to the said college out of the University's receipts from degree fees.

## COMPENSATION TO DURHAM.

3.—Senate shall annually pay to the council of the Durham colleges the further sum of two hundred pounds as compensation equivalent to the value for the furtherance of purposes now to be

transferred to the said council of the right of appointment to certain University offices to be retained by Senate, and after the treasurer of the University shall have ceased to be treasurer of the Durham division also, then an additional sum of one hundred pounds, making three hundred pounds in all.

#### MEDICAL SCHOLARSHIP.

4.—Senate shall, as now, annually devote one hundred pounds to the maintenance of a scholarship or scholarships in connection with the college of medicine.

#### CHARGES ON SENATE.

5.—Senate shall defray the cost of holding all University examinations including the remuneration of the examiners.

6.—Senate shall defray the cost of carrying out all its duties as herein prescribed as well as those of the boards of faculty and of Convocation.

#### DIFFERENTIATION OF INCOME.

7.—Senate shall distinguish between such portion of its income (herein-after called internal income) as arises from fees paid by students of the University and such portion of its income (herein-after called external income) as may arise from other sources.

8.—Payments made in pursuance of clauses 3 and 4 of this article shall be made out of external income if and so far as Senate is in possession of such income.

#### CLAIM FOR DEFICIT.

9.—If in any year the internal income received from the Durham division or from the College of Medicine or from Armstrong College shall not suffice to cover the cost of examining its students as well as its proper share as herein-after defined of the payments made by Senate in pursuance of clause 6 of this article, and of the payments made in pursuance of clauses 3 and 4 also, as far as they are not met out of external income, then the council of the Durham colleges or the College of Medicine or Armstrong College as the case may be, shall make good the deficiency to Senate, and until this is done Senate shall be relieved of any obligation to examine students of the institution in question or to propose their admission to degrees.

10.—For the purposes of this article "students" shall include past as well as present students, and any person examined in the faculty of medicine shall be deemed to be a student of the college of medicine.

## DISPOSAL OF SURPLUS INCOME.

11.—The annual residue of the internal income of Senate, after the payment of the charges accruing in pursuance of clauses 1, 2, 5, and 6 of this article and of such part of the charges accruing in pursuance of clauses 3 and 4 as cannot be met out of external income, shall be apportioned amongst and paid to the council of the Durham colleges, the College of Medicine, and Armstrong College respectively, in such manner that each of these institutions shall receive from Senate as nearly as may be the amount of internal income received from its students by Senate less the costs incurred by Senate in the examination of its students and its proper share as herein-after defined of the payments made by Senate in pursuance of clause 6 of this article and of the payments made in pursuance of clauses 3 and 4 as far as they are not made out of external income.

The payment to the council of the Durham colleges of the sum of eight hundred and eighty pounds in pursuance of clause 1 of this article shall be deemed to be a payment to the said council on account of internal income received from students of the Durham division and the payment to the College of Medicine of four hundred pounds in pursuance of clause 2 shall be deemed to be a payment to the said college on account of internal income received from students thereof.

12.—For the purposes of the foregoing clauses the term "proper share" shall in all cases be construed to mean one-third.

13.—The annual residue, if any, of the external income of Senate, save any portion of it that may be subject to the provisions of particular trusts, shall be devoted to the support of teaching and research in the two divisions of the University, for which purpose it shall be apportioned amongst and paid to the council of the Durham colleges, the College of Medicine, and Armstrong College respectively, in such manner and at such times as statutes shall direct.

14.—Senate shall annually cause to be audited and published all the University accounts.

## XII.

## CONVOCATION.

1.—Convocation shall be constituted as heretofore.

2.—The time, place, and procedure of meetings of Convocation and the manner of summoning its meetings shall be determined by the chancellor. Provided that at least one meeting of Convocation shall be held in each term.

3.—The conferring of degrees in the University, shall be, as heretofore, by vote of Convocation upon proposals by Senate. *Ad eundem* degrees shall no longer be granted, but Senate may propose members of the teaching staff in the Durham division of the University, at Armstrong College or at the College of Medicine or at colleges hereafter affiliated, for degrees without examination. Honorary degrees, the holders of which shall not have a vote in Convocation, may be conferred as heretofore on distinguished persons.

4.—Convocation shall be empowered to consider and make representations to Senate or to the chancellor upon any matter affecting the interests or concerns of the University.

5.—No change shall be made in the constitution of the University as settled or as subsequently modified under the provisions of this Act unless Convocation has been consulted as to the proposed change and allowed a reasonable time to express an opinion upon it.

6.—No resolution of Senate for the establishment of a new faculty, degree, title, diploma, or other University distinction shall be of effect unless the proposal for the establishment of such new faculty, degree, title, diploma, or distinction shall have been submitted to Convocation and Convocation shall have been allowed a reasonable opportunity of expressing an opinion upon it.

7.—Upon appeal made in pursuance of clause fifteen of Article V of this schedule, Convocation may veto any resolution of Senate affecting the regulations of the University.

8.—The Chancellor shall be empowered to summon meetings of particular faculties at his discretion. He shall summon a meeting of a faculty within a reasonable period after the receipt by him of a written request so to do from any thirty members of the faculty. The time and place of all such meetings and the mode of procedure thereat shall be determined by the chancellor.

9.—A faculty in meeting assembled shall be empowered to consider and make representations to Senate or to Convocation or to both upon any matter affecting the interests or concerns of the faculty.

### XIII.

#### TREASURER.

1.—Frederick William Ritson, M.A., at present treasurer of the University, shall remain treasurer of the University and of the Durham division subject to such terms and conditions as now govern his office, and provided that the said terms and conditions may at any time be altered by joint consent of the treasurer and of Senate or by joint consent of the treasurer

and the council of the Durham colleges as the case may be. Subject to any alteration made as above provided, one hundred pounds of the salary of the said Frederick William Ritson shall be paid by Senate and the remainder by the council of the Durham colleges.

2.—Senate shall provide for the custody of the property and moneys of the University and the council of the Durham colleges for the custody of the property and moneys of the Durham division after the said Frederick William Ritson has ceased to be treasurer.

#### XIV.

##### REGISTRAR AND REGISTRY.

1.—There shall be a Registrar of the University.

2.—Walter Kercheval Hilton, M.A., at present registrar of the University, shall remain registrar subject to such terms and conditions as now govern his office and provided that the said terms and conditions may at any time be altered by joint consent of the registrar and of Senate. Subsequent registrars shall be appointed by Senate, who shall prescribe the terms, conditions, and tenure of their office.

3.—The office of the registrar shall be in the city of Durham.

#### SCHEDULE II.

##### THE LETTER FROM SENATE OF THE UNIVERSITY OF DURHAM TO THE CORPORATION OF SUNDERLAND.

*Under date the eighteenth of June, nineteen hundred and seven,  
referred to in Section three (4) of this Act.*

UNIVERSITY OF DURHAM,

JUNE 18TH, 1907.

GENTLEMEN,

In reference to your application of the 18th ult. for the affiliation of the Sunderland Technical College to the University of Durham, I am desired by Senate to inform you that the Committee appointed to consider the application, and to inspect the buildings and equipment of the college in connection with it, have reported to Senate, and that Senate has adopted the conclusions of the report, which are in the following terms:—

“ The Committee are of opinion that there is ample opportunity for the development of University teaching in Sunderland, and a prospect of it actually taking place in a near future, and that the technical college is well adapted to serve as a nucleus. At present, however, the college is not in a position to undertake the

curriculum the University requires in pure science, as it offers no teaching in geology, zoology, or botany. The Committee is of opinion that the college would be competent to undertake the University curriculum in engineering and electrical engineering if the following extension of its present resources could be provided :—

- “ A more extensive physical laboratory, more fully provided for the teaching of branches of physics other than electricity.
- “ A separate lecturer at the head of the department of electrical engineering, who should by preference be a practising electrical engineer.
- “ An extension of the laboratory accommodation and appliances for teaching electrical engineering.
- “ A more adequate engineering laboratory. provided with the necessary steam machinery.”

I am further desired to inform you that it will give Senate sincere pleasure to hear further from you upon the matter, should you see your way to extend the resources of the college to meet the requirements which the University regards as essential for University teaching in engineering and electrical engineering ; or further so to extend the scope of the education carried on in your college as to cover the University curriculum in pure science, or in any of the other branches of applied science recognised by the University as qualifying for degrees.

Faithfully yours,

(Signed) W. K. HILTON.

(Registrar).

## A CHARTER

GRANTED TO THE UNIVERSITY OF DURHAM,

AUGUST 25TH, 1897.

---

VICTORIA, BY THE GRACE OF GOD of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, To ALL TO WHOM these presents shall come, greeting :

1. WHEREAS by Letters Patent granted by His late Majesty King William the Fourth, under His said Majesty's Privy Seal bearing date at Westminster the First day of June in the Seventh year of His said Majesty's reign His said Majesty granted, constituted, declared and appointed certain persons therein mentioned and all persons who then were or who should thereafter be duly admitted members of the University of Durham (in pursuance of a regulation therein recited or according to such rules and regulations as might be thereafter made and established by the Dean and Chapter of Durham under their common seal with the consent of the Lord Bishop of Durham for the time being for the admission of members thereof) should be and remain for ever thereafter one Body politic and Corporate under and by the name of The Warden, Masters and Scholars of the University of Durham and by that name should have and enjoy all the properties, rights and privileges which were assured by an Act of Parliament therein recited, passed in the Third year of His said Majesty's reign, to the University therein contemplated and authorised, or were incident to a University established by a Royal Charter ;

2. AND WHEREAS by Letters Patent granted by Us under Our Privy Seal the 28th day of May in the Fifty-eighth year of Our reign divers other powers, rights, and privileges therein specified were granted to the University of Durham ;

3. AND WHEREAS doubts have arisen whether the Warden, Masters and Scholars of the University of Durham have power to cancel, revoke, annul, or take away any degree or title conferred by the University of Durham upon any person who shall have been proved to be unworthy to be a Member or Graduate of a University and whether such power was at the date of the Charter first hereinbefore recited, and now is a right or privilege incident to a University established by Royal Charter ;

4. AND WHEREAS it is expedient to remove such doubts as aforesaid and to declare and confirm in and to the Warden, Masters and Scholars of the University of Durham the power to cancel, revoke, annul or take away any degree or title conferred or to be conferred upon any person whom the Warden, Masters and Scholars of the University of Durham shall for good and weighty reasons as hereinafter appearing consider to be unworthy to be a Member or Graduate of the University of Durham.

NOW KNOW YE that We do of especial Grace, certain Knowledge and mere motion by these presents for Us, our Heirs and Successors will, grant, ordain and declare that the said Warden, Masters and Scholars of the University of Durham shall be empowered, and are hereby authorised and empowered to cancel, annul, revoke and take away any degree or title that has been, or shall hereafter have been conferred by the University of Durham upon any person of whom it shall be reported to Convocation by the Warden and Senate that such person has been convicted of a crime for which he has been sentenced to penal servitude or imprisonment, and that such crime is one which renders him unfit to be a Member or Graduate of the University of Durham.

AND FURTHER KNOW YE that We do in like manner, will, grant, ordain and declare that all parts of the Charter first hereinbefore recited shall be read and construed as if the powers hereby conferred and declared were expressly contained in the said Charter, and were among the rights and privileges of a University established by Royal Charter.

AND LASTLY : We do hereby, for Us our Heirs and Successors, grant and declare that these our Letters Patent or the enrolment or exemplification thereof shall be in and by all things valid and effectual in law, according to the true intent and meaning of the same, and shall be construed and adjudged in the most favourable and beneficial sense for the best advantage of the said University, as well in all our Courts as elsewhere, notwithstanding any non-recital, mis-recital, uncertainty or imperfection in these our Letters Patent. IN WITNESS whereof, we have caused these our Letters to be made patent.

WITNESS Ourselves at Westminster, the Twenty-fifth Day of August, in the Sixty-first Year of our Reign.

By warrant under the Queen's Sign Manual.

MUIR MACKENZIE

PRIVY SEAL.

# STATUTES

REGULATING THE CONSTITUTION OF THE UNIVERSITY OF DURHAM AND THE POWERS AND DUTIES OF ITS VARIOUS AUTHORITIES AND CONSTITUENT BODIES AND THE DISPOSITION OF ITS EXISTING PROPERTY MADE BY THE COMMISSIONERS APPOINTED BY THE UNIVERSITY OF DURHAM ACT, 1908 (8 EDW. VII. c. 20).

## CONSTITUTION.

1.—The University shall consist of the Chancellor, the Vice-Chancellor, the Proctors, and other officers; the professors, lecturers, demonstrators, tutors, and other recognised teachers; the graduates and matriculated students, and all such persons as may from time to time be admitted by Convocation to the privileges of members of the University.

2.—From the date of these statutes the corporate name of the University shall be "The Chancellor, Masters, and Scholars of the University of Durham."

3.—There shall be two Divisions of the University, to be called respectively the "Durham Division" and the "Newcastle Division."

The Durham Division shall consist of so much of the University as is placed by these Statutes under the control of the Council of the Durham Colleges.

The Newcastle Division shall consist of the College of Medicine and Armstrong College.

## THE VISITOR.

4.—The Lord Bishop of Durham for the time being shall be the Visitor of the University, and, in addition to all particular powers expressly vested in the Visitor by these Statutes, shall in that capacity exercise such general powers as are usually exercised by the Visitor of a University.

## THE CHANCELLOR.

5.—There shall be a Chancellor of the University. The Chancellor shall be the Head and Chief Officer of the University. The Chancellor shall, by virtue of his office, be a Member of Senate and of Convocation.

6.—The Chancellor shall hold office during his life or until his resignation.

7.—The Chancellor shall preside at all meetings of Senate and of Convocation at which he is present. In case of an equality of votes on any question, the Chancellor shall have a second vote.

8.—The Very Reverend George William Kitchin, D.D., Dean of Durham, shall be the first Chancellor.

9.—If at any time the Chancellor shall from illness or any other cause become incapable of discharging the duties of his office, those duties shall be discharged by the Vice-Chancellor during the continuance of such incapacity. Whether at any time such incapacity in fact exists, the Visitor on application made to him by Senate shall determine.

If for a period of one year after the Visitor has determined in accordance with this Statute that the Chancellor is incapable of discharging the duties of his office such incapacity shall continue to exist the Visitor may on application made to him by Senate declare the office of Chancellor to be vacant.

10.—When a vacancy shall occur in the office of Chancellor, a fit and proper person shall be appointed Chancellor by Convocation upon the nomination of Senate. The procedure to be followed at nominations and appointments to the office of Chancellor shall be such as Senate may, from time to time, by regulation prescribe.

#### THE VICE-CHANCELLOR.

11.—There shall be a Vice-Chancellor of the University and not less than two Pro-Vice-Chancellors who shall be appointed by the Chancellor on nomination by and from among the members of Senate. The Vice-Chancellor and Pro-Vice-Chancellors shall hold office for a period of two years from the date of their respective appointments and shall be eligible for re-appointment. The seniority of the Pro-Vice-Chancellors shall be determined according to the order of their appointment.

12.—The Vice-Chancellor, or in his absence the Senior Pro-Vice-Chancellor present, shall preside at all meetings of Senate and of Convocation at which the Chancellor is not present, and shall have such powers and perform such duties under the Chancellor as Senate may from time to time determine.

13.—In addition to such powers and duties as Senate may from time to time assign to the Vice-Chancellor, the Chancellor may (in any case of special emergency) depute any of the powers or duties of his office to the Vice-Chancellor to be exercised and discharged by him in the name and place of the Chancellor.

14.—During any vacancy in the office of Chancellor the duties of that office shall be performed by the Vice-Chancellor or person appointed to discharge the duties of Vice-Chancellor under the provisions of the fifteenth Statute.

15.—If at any time the Vice-Chancellor shall from illness or any other cause become incapable of discharging the duties of his office, Senate may appoint one of the Pro-Vice-Chancellors

to act during the continuance of such incapacity. Whether at any time such incapacity in fact exists the Visitor on application made to him by Senate shall determine.

#### SENATE.

16.—Senate shall for the present consist of thirty-nine persons in all, that is to say, the Chancellor and thirty-eight other members.

The following persons shall with the Chancellor constitute Senate :—

- (a) Six members to be appointed by His Majesty the King in Council :
- (b) Six members who shall include the Dean (unless the Dean shall be Chancellor) and the several members of the Chapter of the Cathedral Church of Durham, together with so many other persons to be elected by the Council of the Durham Colleges as may be required to complete the number of members mentioned in this sub-clause ;
- (c) Six members to be elected from time to time (for a period not exceeding four years) by such professors, tutors, and lecturers of the Durham Division as are not members of the above-mentioned Chapter ;
- (d) Four members to be elected from time to time (for a period not exceeding four years) as representatives of the College of Medicine in the manner following, that is to say, two by the Council of the said College and two by the Academic Board of the College ;
- (e) Four members to be elected from time to time (for a period not exceeding four years) by the Council or other executive authority of Armstrong College ;
- (f) Four members to be elected from time to time (for a period not exceeding four years) by the professors of Armstrong College ;
- (g) Eight members to be elected from time to time (for a period not exceeding four years) by Convocation from among graduates of the University nominated (by not less than seven graduates of the University in each case) as follows :—four who shall have been students of the Durham Division from among graduates of the University nominated as aforesaid by graduates who have been students of that Division ; two who shall have been students of the College of Medicine from among graduates of the University nominated as aforesaid by graduates who have been students of that College ; and two who shall have been students of

Armstrong College from among graduates of the University nominated as aforesaid by graduates who have been students of that College ;

Provided always that if at any time hereafter the College of Medicine and Armstrong College shall unite to form a single institution, then in place of the twelve members of Senate mentioned in sub-clauses (*d*), (*e*), and (*f*) of this Statute, six members shall be elected by the Council or other executive authority, and six members by the professors of the said united institution ; of which six last-mentioned members two at least shall be professors in the Faculty of Medicine :

Provided further that, notwithstanding anything contained in sub-clause (*g*) of this Statute, it shall be lawful for Senate with the approval of Convocation to constitute and prescribe such other procedure for the election of the eight Members of Senate mentioned in that sub-clause as may appear to Senate better calculated to ensure that the four graduates elected members of Senate who are required to have been students of the Durham Division shall represent the majority of the graduates of that Division who are Members of Convocation, and that the two graduates elected Members of Senate who are required to have been students of the College of Medicine shall represent the majority of the graduates of that College who are Members of Convocation, and that the two graduates elected Members of Senate who are required to have been students of Armstrong College shall represent the majority of the graduates of that College who are Members of Convocation.

Except where otherwise expressly provided, members of Senate need not be graduates of the University.

17.—When any office of member of Senate shall become vacant by death, resignation, or effluxion of time, a new member to fill such office shall forthwith be appointed or elected by the authority by whom such deceased or retiring member was appointed or elected. Retiring members shall be eligible for reappointment or re-election.

18.—When any person is appointed or elected a member of Senate to fill a vacancy arising by reason of death or resignation, such person shall continue in office only so long as the member in whose place he is appointed or elected would have done had such member not vacated his office.

19.—Senate shall be the supreme governing and executive body of the University, and shall have entire control over all real and personal property (except the property mentioned in the forty-ninth Statute) of which the University shall at the date of these Statutes be or thereafter become possessed. Senate shall prescribe the form and have the custody and use of the common seal of the University.

20.—Senate shall determine the time and place of its meetings and the procedure to be followed thereat. Not less than one meeting of Senate shall be held in each term.

21.—Senate shall keep the matricula of all persons entering the University, and shall receive all fees paid to the University for matriculations, examinations, or admissions to degrees or titles or other distinctions or privileges. All income arising from property vested from time to time in the University shall be received by Senate.

22.—Senate shall propose to Convocation all persons who are to be admitted to degrees in the University; and no grace for a degree shall henceforth require any allowance by the Dean and Chapter.

23.—All examiners in University examinations shall be appointed by or under the authority of Senate, and Senate shall prescribe the duties and remuneration of such examiners.

24.—Subject to the provisions of these Statutes, Senate shall have full power and authority to define the terms and conditions upon which all University offices, to which appointments are made by it, may be held. Senate may prescribe the duties and remuneration of all holders of such offices.

25.—Senate may, on good cause assigned, suspend or remove from the privileges and Membership of the University any officer (except the Chancellor and Vice-Chancellor) or any professor (except the Professors of Divinity and Greek), tutor, lecturer, or other teacher of or in the University, or any graduate of the University. Provided that any person suspended or removed under this Statute shall have a right of appeal to the Visitor.

26.—Senate may accept and administer (as trustee or otherwise) endowments for the establishment, continuance, or maintenance of professorships, lectureships, readerships, fellowships, scholarships, exhibitions, or prizes, or for other kindred purposes, or for the promotion of post-graduate study and research. Any such endowments, subject to any special condition annexed thereto by the founder or benefactor, may be applied by Senate in either the Durham or Newcastle Division, or in both Divisions jointly, or otherwise for the benefit of any college or institution affiliated to or connected with the University.

27.—Senate may formulate, modify, or revise schemes for the establishment of new faculties in the University. No such scheme shall come into operation until it shall have been submitted to Convocation and Convocation shall have been given a reasonable opportunity of expressing an opinion upon it.

**28.**—Senate may undertake the inspection and examination of schools and charge fees for such inspection and examination. Senate may appoint persons to act as such inspectors and examiners, and prescribe the duties and fix and provide for the remuneration of such persons.

**29.**—Senate may direct that academic costumes shall be worn by members of the University, and prescribe the form of such costumes.

**30.**—All resolutions of Senate and regulations in force in the University at the date of these Statutes shall (so far as not inconsistent therewith) remain in force until altered or revoked by Senate or other competent authority.

**31.**—Senate may make regulations for the University, prescribing (*inter alia*)—

- (a) The conditions qualifying for matriculation in the University :
- (b) The conditions, whether of study, keeping of terms, examination, or otherwise, upon which candidates may be admitted to the various degrees, titles, and other distinctions conferred by the University, and such conditions need not be identical in all parts of the University :
- (c) The time, place, and manner of holding University examinations :
- (d) The fees to be paid for matriculation, for examination, for admission to degrees, titles, and other University distinctions, and for any other University privilege :
- (e) The conditions under which fellowships, scholarships, and other prizes and emoluments may be held of the University :
- (f) The conditions under which members of affiliated colleges or students of other institutions associated with the University may be admitted to the privileges and degrees of the University.

Provided always that Senate shall not impose any examination as a test for matriculation upon students proposing to enter the Durham Division without the consent of the Council of the Durham Colleges, nor upon students proposing to enter either of the Colleges of the Newcastle Division without the consent of such College.

Provided also that religious knowledge shall continue to be a subject in the course of study and examination for the degree of Bachelor of Arts :

And provided further that no new regulation affecting the Faculty of Theology shall have any force or effect, nor shall any regulation be amended or abrogated, so far as that Faculty is concerned, without the consent of the Visitor.

**32.**—Except in the Faculty of Theology, no religious test shall be required of or imposed upon, any teacher or student of the University: Provided always that where any condition involving such test has been attached by the founder to a benefaction accepted by the University, Senate in any regulations made by it in the administration of such benefaction shall as far as possible give effect to the wishes of the founder.

**33.**—Subject to the provisions of these Statutes, Senate may at any time alter or revoke any Statute or Chapter relating to the University or any regulation in force in the University; Provided always that so much of any regulation in force at the date of these statutes as may determine the period of residence or study (whether within the University or elsewhere) required to qualify a candidate for any degree, title, or other University distinction, shall not be altered without the consent, in the case of students of the Durham Division, of the Council of the Durham Colleges, and in the case of students of either of the Colleges in the Newcastle Division, of the Council or other executive authority of the College whose students will be affected by such alteration.

**34.**—No resolution of Senate making a new regulation of the University or amending or revoking any existing regulation shall take effect until after seven clear days from the adoption thereof. If within such period twelve members of Senate shall send notice in writing to the Chancellor of their intention to appeal to Convocation against such resolution, the same shall remain inoperative until confirmed by Convocation.

#### CONVOCATION.

**35.**—Convocation shall consist of the following persons:—

- (a) The Chancellor and the Vice-Chancellor of the University for the time being;
- (b) All persons who are members of Convocation at the date of these Statutes, so long as they shall retain their several qualifications and conform to the regulations of the University;
- (c) All persons regularly admitted to the degrees of Doctor of Divinity, Doctor of Civil Law, Doctor of Medicine, Master of Arts, Master of Science, and Master of Surgery, in the University, and conforming to the regulations thereof; and
- (d) Such Doctors and Masters in other Faculties as Senate with the consent of Convocation may from time to time determine\*:

Provided always that no person admitted to the degree of Master in any faculty shall be entitled to vote in Convocation by reason of such qualification until the first day of the term

next following that in which he was admitted to such degree ; and provided further that no female graduate of the University shall be a member of Convocation unless and until a regulation shall have been passed by Convocation admitting female graduates to such membership.\*

**36.**—Every member of Convocation shall supply his name and address to the Registrar, to be entered in a register to be called the Register of Convocation. Such register shall be conclusive evidence that any person whose name appears therein at the time of claiming to vote is entitled to vote in Convocation, and that any person whose name at such time does not appear therein is not so entitled.

**37.**—If any dispute shall arise at any time as to whether the name of any person has been improperly entered in or omitted from the Register of Convocation, such dispute shall be referred to the Chancellor whose decision shall be final.

**38.**—Meetings of Convocation may be held in the city of Durham or the city of Newcastle-upon-Tyne, or elsewhere. The Chancellor shall prescribe the time and place of meetings of Convocation, and the procedure to be followed thereat. At least one meeting of Convocation shall be held in each term.

**39.**—Convocation may consider any matter affecting the interests or concerns of the University and make representations thereon to the Chancellor or to Senate : Provided always that Senate shall have the exclusive right of originating any University regulation.

**40.**—Any proposed Statute involving a change in the constitution of the University as settled by these Statutes shall, before being made, be communicated to a meeting of Convocation summoned by the Chancellor, and the opinion of such meeting in regard to the proposed Statute, if returned to Senate within two months of the holding of the meeting, shall be taken into consideration. In computing such period of two months, no part of the months of July, August, or September shall be counted.

**41.**—Whenever notice of an appeal to Convocation against any resolution of Senate shall have been given to the Chancellor, pursuant to the provisions of the thirty-fourth Statute, the Chancellor within a reasonable time shall summon a meeting of Convocation (by notice sent to every member thereof) to consider the matter of such appeal, and it shall be competent for Convocation at such meeting to veto such resolution or to confirm the same, or to remit the matter to Senate, as Convocation so assembled may think fit.

**42.**—No resolution of Senate establishing any new Faculty or instituting any degree, title, diploma, or other University distinction not heretofore granted shall take effect until such

resolution shall have been submitted to a meeting of Convocation summoned by the Chancellor, and the opinion of such meeting in regard thereto, if returned to Senate within two months from the holding of the meeting, shall be taken into consideration. In computing such period of two months, no part of the months of July, August, or September shall be counted.

#### COUNCIL OF THE DURHAM COLLEGES.

**43.**—There shall be a Council in the University, to be called the Council of the Durham Colleges in the University of Durham. Such Council shall be a body corporate having perpetual succession and a common seal, and may, without any further licence in mortmain, take, purchase, and hold, and also sell, grant, exchange, demise, or otherwise dispose of real and personal property, and act under its common seal in all matters within the scope of its powers as by these Statutes defined.

**43a.**—The Durham Colleges in the University of Durham shall be University College, Hatfield College, and such other Colleges as the Council of the Durham Colleges shall hereafter establish or recognise as Colleges of the Durham Division provided that a fortnight's notice of the proposal shall have been given, that an absolute majority of the Council of the Durham Colleges shall vote for the recognition or establishment and that no such recognition or establishment shall be abrogated except by the vote of an absolute majority of the Council of the Durham Colleges upon the report of a Committee specially appointed to enquire into the circumstances of the case and subject to an appeal to the Visitor of the University. Provided that this Statute shall not be so construed as to vest in the Council of the Durham Colleges any property or endowment of any College hereafter so recognised; or so as to impose upon the Council of the Durham Colleges any financial responsibility for the maintenance of any College recognised but not established by the said Council.

**44.**—The Council of the Durham Colleges shall consist of:—

- (a) The Dean and the several members for the time being of the Chapter of the Cathedral Church of Durham;
- (b) The Head for the time being of any College established or recognised by the Council of the Durham Colleges under the foregoing Statute;
- (c) The Censor or Censors of non-Collegiate Students for the time being appointed under Statute 69;
- (d) The Treasurer for the time being of the Durham Division;
- (e) The holders for the time being of Professorships in the Durham Division;

- (f) Three members elected by such Readers and Lecturers of the Durham Division as are not *ex-officio* members of the Council of the Durham Colleges ;
- (g) The Head for the time being of any hall of residence established in connection with the Durham Division duly licensed as such by the Council of the Durham Colleges so long as the number of matriculated students residing in such hall shall not be less than twenty five ;
- (h) One member appointed by Senate ;
- (i) Three members (graduates of the University and former Students of the Durham Division) appointed by Convocation ;
- (k) One member appointed by the County Council of Durham ;
- (l) The Director of Education for the County of Durham for the time being holding office under the County Council ;
- (m) One member appointed by the Education Authority of the County Borough of Sunderland ;
- (n) Not more than two representatives of other Local Education Authorities in the County of Durham to be appointed at the discretion of the Council of the Durham Colleges as above constituted ;
- (o) One member who may be co-opted at the discretion of the Council of the Durham Colleges ;

Provided that members appointed or elected under clauses (f) (h) (i) (k) (m) (n) (o) shall hold office for fixed terms not exceeding three years, and that the members elected or appointed under clauses (f) and (i) shall be so appointed that the term of office of at least one such member shall expire in each year.

Provided further that no member of the Council of the Durham Colleges save the Chairman shall have more than one vote.

**45.**—When any vacancy shall occur in the office of a member of the Council of the Durham Colleges appointed for a fixed term by reason of death, resignation, or effluxion of time, a new member to fill such office shall forthwith be appointed by the authority by whom such deceased or retiring member was appointed. Retiring members shall be eligible for reappointment.

**46.**—Any member of the Council of the Durham Colleges appointed to fill a vacancy arising by reason of death or resignation shall hold office for the remainder of the term of office of the member in whose place he is appointed.

47. — There shall be a President of the Council of the Durham Colleges who shall be elected by the Council from among its members and who shall be entitled to preside over all meetings of the Council at which he is present. The other powers and duties of the President and the period of his office shall be such as the said Council may from time to time determine.

48. — The Council of the Durham Colleges shall be the governing body of the Durham Division, and in addition to the powers expressly conferred upon it shall exercise all such powers and enjoy such privileges as may hereafter from time to time be granted to it by Senate or Convocation in pursuance of their powers in that behalf.

49. — All property at the date of the Act vested in the Warden, Masters, and Scholars of the University, including the University library, observatory, and museum, as well as Hatfield College, and the interest possessed by the said Warden, Masters, and Scholars in the Castle of Durham (with the obligations thereto annexed) shall from the date of these Statutes be deemed to have been transferred to and shall vest in the Council of the Durham Colleges, who shall stand possessed thereof in trust (except in so far as the fiftieth and fifty-first Statutes otherwise provide) for the following among other purposes :—

- (a) The payment of any professors, tutors, lecturers, or officers appointed by the said Council ;
- (b) The carrying on of University education in Durham ;
- (c) The maintenance of University College and Hatfield College as residential Colleges ;
- (d) The maintenance of the aforesaid library, observatory, and museum ;
- (e) The maintenance and repair of the said Castle and its precincts, in so far as the said Warden, Masters, and Scholars have hitherto been liable therefor ;
- (f) The endowment of fellowships, scholarships, exhibitions, bursaries, and prizes ;
- (g) The holding of such University extension classes as the said Council may from time to time authorise ; and
- (h) All such other matters of a like nature as are generally undertaken by University Colleges ;

Provided always that Senate shall continue to be entitled to hold its meetings in the Castle of Durham as heretofore, and provided further that in administering the said property the said Council shall at all times pay due regard to the original purposes for which the same was transferred to the said Warden, Masters, and Scholars, and to the circumstance (where the fact so is) that the same formerly constituted part of the endowments of the Cathedral Church of Durham.

50.—All property at the date of the Act vested in the University in trust for the maintenance of any fellowship, scholarship or prize shall be administered by the Council of the Durham Colleges as trustee thereof, and shall (save as provided in the fifty-first Statute) be subject to the like trusts as heretofore, and the words "University of Durham," or any words of similar import in any trust deed having reference to any such fellowship, scholarship, or prize, where used for the purpose of defining the persons who may be beneficiaries of the trust, shall be construed, unless a contrary intention appears, as applying to the Durham Division only.

51.—The Council of the Durham Colleges, with the consent of the Visitor (to be signified in writing) may from time to time abolish any of the fellowships of the University existing at the date of these Statutes other than fellowships founded by private persons, and, in the case of such abolition, the income which would otherwise have been applied to the maintenance of any fellowship so abolished shall thereafter be applied to such University purpose or purposes in the Durham Division as the Council of the Durham Colleges, with the consent of the Visitor, shall from time to time direct: Provided always that the powers given by this Statute shall not be exercised so as to affect the rights of any person who may be a fellow of the University at the date of these Statutes.

52.—Out of the income received by the Council of the Durham Colleges from the property mentioned in the forty-ninth Statute the said Council shall (*inter alia*) annually pay (1) to Armstrong College, (*a*) the sum of £1,260; (*b*) the income annually arising from certain capital moneys at present invested in and represented by £4,029 6s. 9d. three per cent. debenture stock of the London and North Western Railway Company, and charged with the payment of a grant to the said College; (2) to the College of Medicine, the income annually arising from certain capital moneys at present invested in and represented by £3,883 of the aforesaid debenture stock and charged with the payment of a grant to the last-mentioned College.

The moneys received by the aforesaid Colleges in respect of the said annual payments shall be applied by them to such lawful purposes as the Councils of the said Colleges shall respectively determine.

53.—The Council of the Durham Colleges shall prescribe the duties and fix and provide the remuneration of the professorships of the University existing at the date of these Statutes, in Divinity, Greek, Mathematics, Hebrew, and Music, except in so far as such remuneration is already fixed and provided by particular endowment. The Council shall also prescribe the duties and fix and provide the remuneration of any other professor, tutor, lecturer, or officer appointed by it: Provided

always that no condition shall be imposed by the Council upon any professor to whose chair a canonry of the Cathedral Church of Durham is attached, which shall debar him from performing the ecclesiastical duties of his canonry.

54.—The Council of the Durham Colleges shall provide for and exercise full control over the teaching, residence, maintenance, and discipline of all students of the Durham Division, and may for such purposes at any time make, amend, or revoke such regulations (not inconsistent with the provisions of these Statutes) as it shall deem fit and proper. The powers in this behalf formerly exercised by the Warden and Senate of the University shall be transferred to the said Council.

55.—Every person who, at the date of these Statutes holds any office in the Durham Division, whether as tutor, lecturer, or otherwise, to which he has been appointed by or under the authority of the University of Durham, shall thereafter continue to hold such office under the authority of the Council of the Durham Colleges, as if he had been appointed thereto by such Council, and the terms and conditions of his office shall not be altered without his consent.

56.—The word "Warden" and the word "Senate" and the words "Warden and Senate" in every regulation of the University or resolution of Senate in force at the date of these Statutes shall be construed to mean the Council of the Durham Colleges, when used in reference to matters authority over which is transferred to the said Council and in all other connections shall be construed to mean the Chancellor or Senate as the case may be.

#### COLLEGE OF MEDICINE.

57.—The College of Medicine shall have full power and authority to regulate its constitution and government by Articles of Association made in conformity with its Memorandum of Association, and for this purpose to alter and amend such Articles from time to time. All officers and all professors, lecturers, demonstrators, tutors, and other teachers of the College of Medicine shall be appointed in such manner and for such time and on such terms and conditions as the Articles of Association of the said College and the regulations made thereunder shall from time to time provide.

#### ARMSTRONG COLLEGE.

58.—Armstrong College shall have full power and authority to regulate its constitution and government by Articles of Association made in conformity with its Memorandum of Association, and for this purpose to alter and amend such Articles from time to time. All officers and all professors, lecturers, demonstrators, tutors, and other teachers of

Armstrong College shall be appointed in such manner and for such time and on such terms and conditions as the Articles of Association of the said College and the regulations made thereunder shall from time to time provide.

#### PROFESSORS.

**59.**—There shall be professors of the University and professors in the University.

**I.**—The following persons shall be professors of the University :

- (1) The persons who, at the date of these Statutes, shall respectively hold the following chairs, so long as they continue to occupy such chairs :—

Divinity and Ecclesiastical History,  
Greek and Classical Literature,  
Mathematics and Astronomy,  
Hebrew,  
Medicine,  
Surgery,  
Midwifery and Gynæcology,  
Physiology,  
Anatomy,  
Comparative Pathology,  
Music ;

- (2) Any persons hereafter appointed to the chairs of Divinity or Greek (to each of which a canonry in the Cathedral Church of Durham is annexed), so long as they shall continue to occupy such chairs ;

- (3) Any person hereafter appointed to a chair established or endowed under the provisions of the twenty-sixth Statute whom Senate may, by resolution, declare to be a professor of the University, so long as he shall continue to occupy such chair.

**II.**—The following persons shall be professors in the University :

- (1) Any person appointed to the office of professor by any of the following authorities so long as he shall continue to hold such office :—

(a) The Council of the Durham Colleges.

(b) The Council or other executive authority of the College of Medicine.

(c) The Council or other executive authority of Armstrong College.

- (2) All such other persons as may be determined by Senate under the provisions of the one hundred and twelfth Statute to be professors in the University.

**60.**—The terms and conditions upon which the professors of the University in Divinity, Greek, Mathematics, Hebrew, and Music (in office at the date of these Statutes) severally hold their appointments shall not be altered without their consent respectively.

61.—The canonries in the Cathedral Church of Durham now annexed to the University professorships of Divinity and Greek respectively shall continue to be so annexed, and appointments to these chairs shall be made as heretofore by the Lord Bishop of Durham.

62.—Appointments to the chairs of Mathematics, Hebrew, and Music (held at the date of the Act by professors of the University), shall henceforth be made by the Council of the Durham Colleges: Provided that if the said Council shall at any time cease to provide the stipend attached to any of the chairs mentioned in this Statute, the right of the said Council under these Statutes to appoint to such chair shall determine.

63.—Senate may at any time declare any chair to be a professorship of the University, and the Council of the Durham Colleges, or any Council or authority in which is vested the property or income of any College in or connected with the University may (with the sanction of that College), for the purpose of providing or augmenting the stipend of any chair which is or may hereafter be so declared to be a professorship of the University, transfer to the University any portion of the property or income held by it: Provided that such transference is not inconsistent with any trust affecting such property or income, or the due performance of any obligation imposed by these Statutes upon the Council or authority proposing to transfer the same.

#### UNIVERSITY COLLEGE.

64.—There shall as heretofore be a Master of University College, who shall have the right of appointing to all other offices in that College at stipends to be fixed by the Council of the Durham Colleges. The Reverend Henry Gee, D.D., Master of University College at the date of the Act shall be entitled to continue to hold that office, and the terms and conditions of his appointment shall not be altered without his consent. All future appointments to the office of master of University College shall be made by the Chancellor on nomination by the Council of the Durham Colleges who shall fix the salary of the office.

#### HATFIELD COLLEGE.

65.—There shall as heretofore be a Master of Hatfield College, who shall have the right of appointing to all other offices in that College at stipends to be fixed by the Council of the Durham Colleges. Frank Byron Jevons, D.Litt., Master of Hatfield College at the date of the Act, shall be entitled to continue to hold that office, and the terms and conditions of his appointment shall not be altered without his consent. All future appointments to the office of Master of Hatfield College shall be made by the Chancellor on nomination by the Council of the Durham Colleges who shall fix the salary of the office.

## PROCTORS.

66.—There shall be two Proctors of the University as heretofore, to be called the Senior Proctor and the Junior Proctor respectively. The Proctors shall be appointed annually by the Chancellor in Convocation on the nomination of Senate. They shall hold office for one year from the date of their appointment and be eligible for reappointment.

67.—The Proctors shall direct the proceedings in Convocation under the Chancellor and have charge of the ordinary discipline of the University. The Proctors shall perform such other duties and in such manner as Senate may by regulation prescribe.

68.—If at any time a vacancy shall occur in the office of Proctor by reason of death or resignation, the Chancellor shall forthwith appoint a person to fill such vacancy. Any proctor so appointed shall hold office for the remainder of the term of office of the person in whose place he is appointed.

## CENSOR OF NON-COLLEGIATE STUDENTS.

69.—There shall be a Censor of the Non-Collegiate Students in the Durham Division who shall be appointed annually by the Council of the Durham Colleges. The Censor shall hold office for one year from the date of his appointment and be eligible for reappointment. The remuneration of the Censor shall be fixed and provided by the said Council which shall also prescribe the duties of the office. When any vacancy shall occur in the office of Censor, the said Council shall forthwith appoint a person to fill such vacancy, but a Censor so appointed shall only remain in office so long as the Censor in whose place he is appointed would have done had he not vacated his office. The said Council may in their discretion also appoint a Censor of women Non-Collegiate Students in the Durham Division for such period and on such terms and conditions as the said Council shall think fit.

## REGISTRAR.

70.—There shall be a Registrar of the University, whose office shall be situate in the city of Durham. The Registrar (save as provided in the seventy-second Statute) shall be appointed by Senate, and Senate shall at each appointment prescribe the terms, conditions, and tenure of the office.

71.—The Registrar (subject to the provisions of the thirty-sixth and thirty-seventh Statutes) shall keep the Register of Convocation. The Registrar shall enter in the Register of Convocation the names and addresses as furnished to him of all persons entitled to vote in Convocation, and shall remove therefrom the name of any person at any time appearing therein

who is not so entitled. The Registrar shall attend the meetings of Senate and of Convocation, and conform in the discharge of the duties of his office to such regulations as Senate may prescribe.

72.—Walter Kercheval Hilton, M.A., shall be entitled to continue to hold the office of Registrar subject to the same terms and conditions as governed his appointment at the date of the Act: Provided always that such terms and conditions may at any time be altered by the joint consent of the said Registrar and Senate.

#### TREASURERS.

73.—There shall be a Treasurer of the University, who shall (save as provided in the seventy-fifth Statute) be appointed by Senate and hold office on such terms and conditions and receive such remuneration as Senate shall determine. Senate shall from time to time make such regulations regarding the custody of the property and moneys of the University as it shall deem necessary. The Treasurer in the discharge of his duties shall conform to all regulations of Senate governing his office.

74.—There shall be a Treasurer of the Durham Division, who (save as provided in the seventy-fifth Statute) shall be appointed by the Council of the Durham Colleges and hold office on such terms and conditions and receive such remuneration as the said Council may determine. Regulations shall be made by the said Council regarding the custody of the property and moneys of the Durham Division, and the Treasurer of the Durham Division shall conform to all such regulations in the discharge of the duties of his office.

75.—Frederick William Ritson, M.A., the Treasurer of the University at the date of the Act, shall be entitled to continue to hold that office and shall also be Treasurer of the Durham Division, subject to the terms and conditions now governing his appointment: Provided that the said terms and conditions may at any time be altered with the joint consent (so far as concerns the office of Treasurer of the University) of the Treasurer and Senate, and (so far as concerns the office of Treasurer of the Durham Division) of that Treasurer and the Council of the Durham Colleges.

So long as the terms and conditions upon which the said Frederick William Ritson held his appointment at the date of the Act remain unaltered, his salary shall be paid as to £100 thereof by Senate and as to the remainder thereof by the Council of the Durham Colleges.

## FACULTIES.

**76.**—In and for the purposes of these Statutes the word “Faculty” shall denote any branch or aggregate of branches of study in which degrees are conferred by the University.

There shall be a Board for each of the following Faculties, namely :—

Theology,  
Medicine,  
Arts,  
Science,

and for the several Faculties of Law, Letters, and Music if and so soon as Senate shall in each case so resolve.

**77.**—The board of each Faculty shall consist of—

- (a) such holders for the time being of professorships, tutorships, lectureships, or other offices on the teaching staff of or in the University as Senate may declare to be *ex-officio* members of that Faculty ;
- (b) one member at least to be appointed by Senate ; but if the number of members of the board of any Faculty as above constituted shall be less than three, Senate may in such case appoint so many additional members as may be required to raise the number to four members ;
- (c) Further members not exceeding three to be appointed by co-optation.

Appointed members shall hold office for one year from the commencement of the academical year next ensuing that in which they are appointed, but shall be eligible for re-appointment.

Any person may be a member of more than one Board of Faculty ; and members of the Board of a Faculty need not be graduates of the University.

**78.**—The Board of each Faculty shall elect annually from among its members a chairman (to be called the Dean of that Faculty) and a secretary. The Dean and Secretary shall respectively remain in office until their successors are appointed. The Board of each Faculty shall provide for the manner of summoning its meetings and the procedure to be followed thereat.

**79.**—The Board of each Faculty shall have the following powers and duties :—

1. To watch the working of the curricula and examinations in the Faculty, and to advise Senate and the Councils or other executive authorities of the Colleges in the University.
2. To submit the names of persons suitable for appointment as examiners :

3. To nominate committees to consider and report on any special subject of study or combination of such subjects :
4. To report to Senate on regulations dealing with courses of study for degrees and other distinctions and on any questions relating to the work of the Faculty :
5. To require the Secretary of the General Board of Faculties to summon a meeting of that board to consider and report upon any matter under consideration by Senate which concerns the business of the Faculty :
6. To deal with any matter which may be referred to them by Senate.

No Board or Dean of any Faculty shall hereafter have power to require the postponement of any part of the business of Senate.

**80.**—Meetings of members of particular Faculties may be summoned by the Chancellor at his discretion. When thirty members of any Faculty shall send to the Chancellor a request in writing that a meeting of the members of that Faculty may be held, the Chancellor shall within a reasonable period thereafter summon such meeting to assemble at such time and place as he shall direct. The procedure to be followed at such meeting shall be determined by the Chancellor.

**81.**—The members of a Faculty in meeting assembled shall have power to consider any matter affecting their interests or concerns as members of the Faculty, and to make representations thereon to Senate or Convocation, or to both.

**82.**—Nothing in these Statutes shall affect the term of office of any person who may be a member of the Board of any Faculty at the date of these Statutes.

#### THE GENERAL BOARD OF FACULTIES.

**83.**—There shall be a Board of all the Faculties of the University, to be called the General Board of Faculties. The General Board shall consist of all the members of the several Boards of Faculties and shall meet as Senate shall by regulation direct.

**84.**—There shall be a chairman and secretary of the General Board of Faculties, who shall be elected annually by that board from among its members before the close of each academical year, and who shall hold office until their successors are appointed. The General Board of Faculties shall provide for the manner of summoning its meetings, and for the procedure thereat.

**85.**—The General Board of Faculties may make representations to Senate upon any matter concerning the curricula or examinations of the University, and shall report to Senate upon any matter which may have been referred to it by Senate.

86.—The Chancellor and Vice-Chancellor of the University shall be *ex-officio* members of the board of each Faculty and of the General Board of Faculties. .

## TERMS.

87.—The academical year shall be divided into three terms, to be called the Michaelmas, Epiphany, and Easter terms respectively.

88.—The date at which each term shall begin and end shall be determined annually by Senate upon recommendation by the following authorities ; in the case of and so far as respects the Durham Division by the President and Council of the Durham Colleges ; in the case of and so far as respects the College of Medicine, by the Council of that College ; and in the case of and so far as respects Armstrong College by the Council of that College.

## DEGREES.

89.—The following degrees may be granted by the University as heretofore (that is to say) :—Doctor of Divinity, Bachelor of Divinity, Master of Arts, Bachelor of Arts, Doctor of Civil Law, Bachelor of Civil Law, Doctor of Medicine, Bachelor of Medicine, Master of Surgery, Bachelor of Surgery, Doctor of Hygiene, Bachelor of Hygiene, Doctor of Science, Master of Science, Bachelor of Science, Doctor of Letters, Bachelor of Letters, Doctor of Music, and Bachelor of Music. Those graduates in Arts who have pursued in the Durham Division a course of study which has included Latin and Greek, and who have satisfied the examiners in both of those subjects, shall be entitled to append the words “*In Litteris Antiquis*” to the title of their degree. No other graduate shall be so entitled.

90.—Licenses in Theology, Associateships in Science, Diplomas in Public Health, in the Theory and Practice of Teaching, and in Foreign Languages, may be granted by the University as heretofore.

91.—The Council of the Durham Colleges and the Council (or other executive authority) of the College of Medicine and of Armstrong College, and of any College affiliated to the University may respectively from time to time formulate and propose for the consideration of Senate new curricula of University study, together with schemes of examination founded thereon, with the view of assisting Senate to prescribe qualifications for initial degrees applicable to the students of the Durham Division or of any such College, as the case may be. No such curriculum or scheme shall take effect unless approved by Senate.

92.—Any graduate of another University, or any distinguished person, may be admitted by Convocation on the proposal of Senate to an honorary degree, but no such degree shall entitle the holder thereof to be a member of Convocation.

93.—No degree *ad eundem* shall be granted by the University after the date of these Statutes; but Senate may propose members of the teaching staff in either the Durham or Newcastle Division, or in any College affiliated to the University, for admission to degrees without examination.

94.—Women students who shall have fulfilled the requirements of the University respecting residence and standing may be admitted to the public examinations of the University and to degrees in any Faculty except Theology.

#### FINANCE.

95.—Separate accounts shall be kept by Senate of the income of the University arising from fees paid by students (such income to be called "Internal Income") and of the income of the University arising from all other sources (such income to be called "External income").

96.—Senate shall out of its income annually pay to the Council of the Durham Colleges (by instalments or otherwise) in respect of such portion of the receipts of the University from degree, examination, and Convocation fees, as has hitherto been applied to defray expenses the burden of which will hereafter be borne by such Council, a sum of £380, and this sum for the purposes of the adjustment of accounts (pursuant to the one hundred and fourth Statute) shall be deemed to be a payment to the said Council on account of internal income accruing to the University from fees paid by the students of the Durham Division.

97.—Senate shall out of its income pay to the Council of the Durham Colleges a further sum of £200 annually, so long as the Treasurer of the University shall also be Treasurer of the Durham Division, and after the Treasurer of the University shall cease to be likewise Treasurer of the Durham Division, in lieu thereof, the sum of £300 annually.

98.—Senate shall out of its income annually pay to the College of Medicine the following sums (that is to say):—

(a) the sum of £400 in lieu of grants formerly made to the said College out of the moneys received by the University in respect of degree fees;

(b) the sum of £100 for the maintenance of a scholarship or scholarships in connection with the said College.

The aforesaid sum of £400 shall for the purposes of the adjustment of accounts (pursuant to the one hundred and fourth Statute) be deemed to be a payment on account of internal income accruing to the University from fees paid by the students of the said college.

**99.**—The annual payments to be made by Senate of (a) £200 or £300, as the case may be, to the Council of Durham Colleges in pursuance of the ninety-seventh Statute, and (b) £100 for the maintenance of a scholarship or scholarships in connection with the College of Medicine, in pursuance of the ninety-eighth Statute, shall be made out of the external income of the University, in so far as Senate is in possession of such income.

**100.**—All costs and expenses of holding all University examinations, including therein the remuneration of examiners, shall be paid by Senate.

**101.**—Senate shall fix and pay the stipends and other remuneration of the Vice-Chancellor, the Proctors, Registrar, Treasurer, and other officers of the University, except in so far as the remuneration of any such officer may be otherwise fixed or provided for under these Statutes.

**102.**—All costs and expenses properly incurred by or under the authority of Senate in the discharge of its duties or on account of the business of Convocation or of the General Board of Faculties or of any other Board of Faculty either under the one hundredth and one hundred and first Statutes, or otherwise, shall be paid by Senate.

**103.**—If in any year the internal income accruing to the University from any unit thereof shall be insufficient to cover the following expenses (that is to say) :—

- (1) The cost of examining the students of that unit ;
- (2) One-third of the aggregate of the annual payments required to be made by Senate (a) to the Council of the Durham Colleges under the ninety-seventh Statute, (b) to the College of Medicine for the maintenance of a scholarship or scholarships under the ninety-eighth Statute (in so far as these payments are not met out of external income) ; and
- (3) One-third of the payments to be made by Senate under the one hundred and second Statute ;

then such unit shall make good to Senate the deficiency so arising, and until such deficiency is so made good Senate may refuse to examine the students of such unit, or to propose them for admission to degrees.

**104.**—After the payment of the following sums and charges, that is to say :—

- (1) The sum of £880 to the Council of the Durham Colleges ;
- (2) The sum of £400 to the College of Medicine ;
- (3) The charges payable by Senate under the one hundred and second Statute ;

- (4) Such portion of the charges payable to the said Council under the ninety-seventh Statute and for the maintenance of a scholarship or scholarships in the said College of Medicine under the ninety-eighth Statute as cannot be met out of external income ;

the annual residue of the internal income of the University shall be apportioned by Senate amongst and paid respectively to the several units of the University in such manner that each unit (not being in default under the one hundred and third Statute) shall receive as nearly as may be the amount of internal income arising from its students to the University, less (a) the expenses incurred by Senate in their examination, and (b) a one-third share of the payments made by Senate under the one hundred and second Statute, and of such further payments as Senate may have had to make out of the internal income of the University in respect of the moneys payable to the Council of the Durham Colleges, under the ninety-seventh Statute, and for the maintenance of a scholarship or scholarships to the College of Medicine under the ninety-eighth Statute.

For the purposes of this Statute and of the ninety-fifth, ninety-eighth, and one hundred and third Statutes any person examined in the Faculty of Medicine shall be deemed to be a student of the College of Medicine.

**105.**—The annual residue (if any) of the external income of the University (save in so far as the same or any part thereof may be subject to the provisions of any particular trust or gift) shall be appropriated by Senate to the support of teaching and research in the two Divisions of the University and paid, for such uses, to the respective Councils of the Durham Colleges, the College of Medicine, and Armstrong College, in such manner and proportions and at such times as Senate may determine.

**106.**—Senate shall annually cause all its accounts, including the accounts of the several units with the University, to be audited by a duly qualified accountant. The results of such audit shall be published.

#### AFFILIATED COLLEGES.

**107.**—Any College or like institution within the United Kingdom or any part of the British Dominions which provides adequate instruction for students in the subjects of study of any Faculty or Faculties in the University may apply to be affiliated to the University in such Faculty or Faculties: Provided that its members shall be incorporated by Royal Charter, or that provision shall have been otherwise made for its establishment on a permanent and efficient footing and for its government.

**108.**—Any application by a College or like institution for affiliation to the University shall be made to the Chancellor, who shall refer the same to Senate. Senate shall appoint a committee to consider the application and report thereon. Senate may accept or reject the report of such committee or refer the same back for further consideration and report.

After considering the original or any subsequent report of such committee Senate shall decide whether the application for affiliation ought to be granted and if Senate shall decide in favour of such application, the Chancellor shall as soon as may be, thereafter, propose to Convocation by special resolution that the College in question be affiliated to the University in one or more Faculties, as the case may be, and if Convocation assent to such resolution such College shall be so affiliated accordingly.

Not less than twenty-eight days' notice in writing shall be sent by the Registrar to all members of Convocation of any special resolution to admit any College or like institution to affiliation to the University under this Statute.

**109.**—In considering the application of any College or like institution for affiliation to the University, regard shall be had in every case to the following particulars:—

- (a) The standing and permanence of the institution seeking affiliation;
- (b) The facilities its teaching staff may afford for the adequate training of students in subjects set for examination by the University;
- (c) The equipment of the institution with such buildings, laboratories, machinery, or other appliances as may be necessary for the proper instruction of students in the subjects of the Faculty or Faculties in respect of which the application for affiliation is made.

**110.**—Any College or like institution in the Counties of Northumberland, Durham, Cumberland or Westmoreland affiliated to the University by resolution of Senate approved by Convocation shall be entitled to such representation on Senate as Senate by Statutes made under the powers conferred by Section 6 of the Act shall determine.

**111.**—Where application is made for affiliation to the University by any College in the counties of Northumberland, Durham, Cumberland, or Westmoreland, and such application is refused, such College shall be entitled to appeal from such refusal to His Majesty in Council, and if on the hearing of such appeal the same shall be allowed, such College shall forthwith be affiliated to the University and entitled to appoint so many representatives on Senate as His Majesty in Council may determine.

112.—The officers, professors, lecturers, demonstrators, tutors, or other recognised teachers and the students of any College or institution affiliated to the University shall enjoy such privileges in the University and be admitted to degrees upon such terms and conditions as Senate may from time to time by regulation determine. This Statute shall not be construed to diminish the privileges granted to the students of the Sunderland Technical College under the one hundred and fifteenth Statute.

113.—Codrington College, Barbados, and Fourah Bay College, Sierra Leone, shall remain affiliated to the University on the same terms and conditions as heretofore.

114.—Senate may abrogate the affiliation of any College or like institution affiliated to the University ; but Senate shall not exercise its power in this behalf until it shall have considered the report of a Committee specially appointed to enquire into the circumstances of the case, nor without the consent of the Visitor. Nor shall the privileges in the University at present enjoyed by the students of Codrington College, Barbados, and Fourah Bay College, Sierra Leone, be diminished without the consent of the Visitor.

#### SUNDERLAND TECHNICAL COLLEGE.

115.—The Technical College of the county borough of Sunderland shall be entitled to be affiliated to the University in the Faculty of Science so soon as the authorities of the said College shall have satisfied the requirements of Senate as stated in their letter dated June 18th, 1908, and set forth in Schedule II. of the Act, by providing the following additional educational facilities for students attending the College :—

- (a) A more extensive physical laboratory more fully equipped for the teaching of branches of physics other than electricity :
- (b) A separate lecturer (by preference a practising electrical engineer) at the head of the Department of Electrical Engineering :
- (c) Extended laboratory accommodation and appliances for teaching electrical engineering :
- (d) A more adequate engineering laboratory equipped with the necessary steam machinery.

When any application is made for affiliation to the University under this Statute, a committee appointed by Senate shall inquire and report whether the foregoing conditions have been adequately complied with, and if such committee shall report that all such conditions have been so complied with, the Chancellor shall forthwith declare the said College to be

affiliated to the University in the Faculty of Science ; and thereupon the students of the said College shall be entitled to be admitted as candidates for degrees in engineering and in electrical engineering without being required to attend lectures or instruction other than the teaching provided by the said College.

**116.**—So soon as the Technical College of the county borough of Sunderland shall be affiliated to the University under the provisions of the last preceding Statute, the Council or other executive authority of the said College shall be entitled to nominate two persons to serve on Senate as representatives of the said College.

MISCELLANEOUS.

**117.**—Subject to the provisions contained in section 6 of the Act, after the 31st day of December, 1909, Senate shall have power to make Statutes altering or supplementing these Statutes so far as they affect the Chancellor, or Senate, or Convocation, or any Advisory Board of the University, or any matter under his or their control at the time such power is exercised, and, in particular, providing for the representation on Senate of any College which may hereafter become affiliated to the University ; and the Council of the Durham Colleges shall have the like power in so far as these Statutes may, at the time such power is exercised by the said Council, affect the Durham Division only : Provided always that no Statute so made by Senate or the said Council shall alter the equality of representation in Senate of the Durham and Newcastle Divisions or any provision of these Statutes having particular reference to property or finance, or to the Faculty of Theology, or to religious instruction.

**118.**—Any notice required to be given to a member of Convocation by these Statutes, or by any regulation of the University, shall be taken to have been duly given if it has been sent by post, directed to such member at his registered address. No notice of any business of Convocation shall be required to be sent to any member of Convocation whose registered address is not within the United Kingdom.

**119.**—Nothing in these Statutes shall prevent the College of Medicine and Armstrong College uniting at any time to form a single institution. The powers to be exercised and the privileges to be enjoyed by the College of Medicine and Armstrong College respectively under these Statutes shall in the event of such union thereafter jointly reside in such single institution.

**120.**—From the date of these Statutes it shall not be necessary to obtain the consent of the Lord Bishop of Durham (except where by these Statutes otherwise expressly provided) to the making, amendment, or abrogation of any Statute or regulation

affecting the constitution or government of the University and the office, powers, and authority of the Dean and Chapter as Governors of the University shall cease and determine.

**121.**—From the date of these Statutes the offices of Warden, Sub-Warden, and Deputy Warden of the University shall cease and determine, and the title Chancellor shall take the place of that of Warden, and the title of Vice-Chancellor of that of Sub-Warden and Deputy Warden in the University, as the case may be ; and all Acts of Parliament, Charters, Orders in Council, Statutes of Chapter, Regulations of the University, Resolutions of Senate, Articles of Association, of Armstrong College, deeds and other instruments now in force shall be construed accordingly : Provided always that this Statute shall not be construed to annex the office of Chancellor to the Deanery of the Cathedral Church of Durham.

**122.**—These Statutes shall come into force so soon as they are approved by His Majesty the King in Council.

**123.**—The Chancellor shall, so soon as conveniently may be, take all necessary steps to carry the provisions of these Statutes into effect.

**124.**—The present Senate and authorities of the University shall continue to exercise their powers and discharge their duties as heretofore until the new Senate and authorities as constituted by these Statutes shall have been appointed.

# REGULATIONS OF THE UNIVERSITY.

## TITLE I.

### OF ADMISSION.

1.—In order to be Matriculated, a student must have produced to the officers of his College such testimonials of character as they may require, and have passed the prescribed examination. He shall, at the time of matriculation, subscribe a declaration of obedience to the authorities of the University.

2.—The nature and conditions of the examination to be imposed as a test for matriculation shall be such as Senate may from time to time by standing order require, regard being always had to the proviso of Statute 31.

## TITLE II

### OF DISCIPLINE.

1.—Every member of the University *in statu pupillari* shall be liable, in case of misconduct, to such punishment as the Chancellor, or any officer acting under his authority, shall inflict; provided that no one shall be expelled from the University except by sentence of the Chancellor declared in Senate, or by vote of Senate with the concurrence of the Chancellor.

The College of Medicine and Armstrong College shall provide for and exercise the same control over the teaching, residence, maintenance, and discipline of all students of those Colleges as is conferred by Statute 54 on the Council of the Durham Colleges.

2.—Every member of the University not *in statu pupillari* shall be subject to the authority of the Chancellor, and shall be liable, in case of misconduct, to be fined by him in any sum not exceeding twenty pounds, to be paid into the University chest. No such member of the University shall be liable to any other punishment, excepting by a formal sentence passed by Senate and Convocation.

## TITLE III.

### OF KEEPING TERMS, AND OF STANDING IN THE UNIVERSITY.

1.—No student shall be held to have kept any term unless, being duly matriculated, he shall have complied with such conditions as the Senate of the University and the Council of the Durham Colleges, or the College of Medicine, or Armstrong College, by their standing orders may from time to time determine.

2.—If a member of the University has been prevented by illness or other urgent cause from keeping any term, that term may be granted by grace of Senate, on the proposal of the Council of his College, provided that not more than one term be so granted to any individual in any one academical year.

3.—In question of standing, every term shall be counted during which a person has been a member of the University, and has conformed to the regulations of the University, so far as they apply to him.

#### TITLE IV.

##### OF WOMEN STUDENTS.

1.—The residence of women students attending lectures in Durham will be subject to the conditions prescribed by the Council of the Durham Colleges.

The residence of women students attending lectures at the Newcastle Colleges will be subject to the conditions prescribed by those Colleges.

2.—Any student of eighteen years of age, who has completed a course of two years' study and examination at any one of the following Colleges or Institutions:—The Ladies' College, Cheltenham; Queen's College, Harley Street, London; the Women's Training College, Darlington; or the Women's Training College, Ripon; and has passed either the Intermediate Public Examination in Letters or the First Public Examination in Arts, may then, or at any future time, if her testimonials are approved, petition the University that the two years kept at such College or Institution may count as one year towards the Degree of B.Litt. or of B.A. respectively.

The arrangements made in this clause shall be terminable at twelve months' notice, reserving the privileges of then-existing students.

#### TITLE V.

##### OF THE STANDING AND EXERCISES REQUISITE FOR PROCEEDING TO DEGREES.

*Section I.—Of the Standing and Exercises requisite for proceeding to the Degree of Bachelor of Arts*  
in litteris antiquis.\*

1.—No grace for the degree of Bachelor of Arts *in litteris antiquis* shall be granted, unless the petitioner is a student in Arts and has kept six terms at least by residence, excepting as provided in clause 2 of this section.

\* The Regulations in Section I will apply to Honour Students till further notice, but not to Pass Students entering at Durham in and after October, 1919. The Final Pass Examination referred to in this Section will be entirely discontinued after June, 1922. The First Year Pass Examination is now replaced by the Intermediate Examination in Arts.

\* Any student in Theology, who is recommended by his College, may petition the University that terms kept by him as a student in Theology may count as terms kept by him as a student in Arts, provided that he shall have passed the examination appointed for the admission of students in Arts, and that he shall not be admissible to the Final Examination for the degree of Bachelor of Arts unless he has passed the First Public Examination, and has subsequently kept three terms at least as a student in Arts.

2.—\*No grace for the degree of Bachelor of Arts *in litteris antiquis* shall be granted unless the petitioner has passed two public examinations, excepting as provided for in the following paragraphs and in Clause 4, paragraph 7. The first of these shall be for students who have kept three terms at least; the second for such as have passed the first and have subsequently kept three terms at least in Arts.

No candidate for Honours shall be admissible to the Second Public Examination until he has passed the First Public Examination for B.A. *in litteris antiquis*, and has kept six terms in attendance on Honour Lectures for the Second Public Examination.

Candidates for Honours in the First Public Examination must not have exceeded the standing of three terms from Matriculation or other qualification as students in Arts, except as provided in the last paragraph of this clause. Except as therein provided, candidates for Honours in the Second Public Examination must not have exceeded the standing of nine terms from Matriculation or other qualification as students in Arts, unless they have already obtained Honours in some school of the Second Public Examination; in which case they may be candidates for Honours in another school of the Second Public Examination, provided they have not exceeded the standing of fifteen terms from Matriculation or other qualification as student in Arts, and that they have attended lectures during at least three terms in the subjects of examination.

Any person who has completed a course of study and examinations qualifying him for the Licence in Theology at one of the following Theological Colleges:—St. Aidan's, St. Augustine's, Burgh, Chichester, Cumbrae, Dorchester, Edinburgh, Gloucester, Highbury, Islington, Jamaica, St. John's (Armidale, N.S.W.), Lichfield, Lincoln, Moore College (Sydney), Queen's College (St. John's, Newfoundland), Salisbury, Selwyn College (Dunedin), Truro, Warminster, Bishop Wilson School (Isle of Man), the Theological Department of King's College, London, or the Theological Department of Queen's College, Birmingham, shall be allowed to count the final examination of his College in lieu of the first public examination, and shall be admissible to the final examination for the degree of Bachelor of Arts after he has kept three terms at least by residence as a student in Arts in Durham. Such terms must include a Michaelmas, an Epiphany,

\* This paragraph does not apply to candidates matriculating in and after October, 1919.

and an Easter Term. In order to keep terms, such a student must have been admitted to the Licence in Theology, either before or in the course of his first term of residence as a student in Arts.

\*Students in any of the Theological Colleges specified in the preceding paragraph, provided that the course of study and instruction therein be approved by the Council of the Durham Colleges, shall be allowed to proceed to the degree of B.A. under the following conditions: (a) they shall pass the Matriculation Examination of the University for admission as Students in Arts or some equivalent examination and be duly registered by the University as Matriculated Students in Arts. (b) They shall subsequently keep six terms of residence at their Theological College. (c) They shall then be eligible to enter for the First Public Examination in Arts. (d) After having passed the First Public Examination in Arts, they shall keep three terms in Arts at Durham, and be eligible to enter for the Pass Final Examination for the degree of B.A. *in litteris antiquis*. Provided that students proposing to proceed to a degree in Honours *in litteris antiquis* shall keep six terms at Durham after passing the First Public Examination in Arts, and shall not be deemed to be over standing for Honours if they have not exceeded the standing of six terms after passing the First Public Examination in Arts.

3.—The first of these examinations shall be conducted by three examiners at least. The subjects and books to which it shall be directed shall be fixed by Senate eleven months at least before its commencement; the subjects and books fixed for candidates for Honours being distinguished from the subjects and books fixed for other students.

Everyone admitted to this examination shall be required to prove his knowledge of Scripture History, of one Gospel in the Greek (or, in the case of conscientious objectors, in alternative subjects to be provided by Senate), of three Greek Plays, and six books of Virgil, or of equivalent portions of Greek and Latin authors, *melioris ævi et notæ*, and of one at least of such other subjects as Senate shall from time to time determine. Candidates for Mathematical Honours shall be required to prove their knowledge of only one of the three Greek Plays, or its equivalent.

All those who satisfy the examiners shall receive certificates, and the candidates for Honours shall be classed according to their attainments. The number of classes shall be determined by the examiners, but the order of the names in each class shall be alphabetical.

4.—The Second and Final Examination shall be conducted by three examiners at least. Everyone who is admitted to it shall be required to prove his knowledge of the Evidences of Religion

\* This paragraph does not apply to candidates matriculating in and after October, 1919

(Natural and Revealed), of one Gospel, and of the Acts of the Apostles in the Greek, except those who offer special Theological Subjects as provided in the following paragraphs. In the case of conscientious objectors, however, alternative subjects may be provided by Senate.

\* Students not candidates for Honours, who offer the Evidences, one Gospel, and the Acts of the Apostles, shall in addition be required to prove their knowledge of one Greek and one Latin book, *melioris ævi et notæ*, approved by Senate, and of one at least of such other subjects as Senate shall determine. Particulars respecting these subjects shall be published by Senate eleven months at least before the Examination.

Candidates for Honours, who offer the Evidences, one Gospel, and the Acts of the Apostles, shall in addition be examined in such subjects and books in Classical and General Literature, and Mathematical and Physical Science, as shall have been fixed by Senate eleven months at least before the examination; they may be examined also in other subjects and books selected by themselves, provided these subjects and books shall have been submitted to Senate and approved by it six months at least before the examination. No Licentiate in Theology shall become a candidate for Honours in the Final Examination for the Degree of Bachelor of Arts until he has passed the Intermediate Examination or First Public Examination in Arts.

Candidates for Classical Honours only, need not be examined in Mathematics, nor candidates for Mathematical Honours only in Classics. Every candidate for Classical Honours may be examined both *vivâ voce* and on paper.

† The Examination for Mathematical Honours shall be divided into two parts, as follows:—Part I: Euclid, Geometrical Conics, Algebra, Trigonometry, Analytical Plane Geometry, Elementary Mechanics and Hydrostatics, Geometrical Optics and Plane Astronomy. [The use of the Differential and Integral Calculus is not permitted in this part of the Examination.] Part II: Differential and Integral Calculus, Differential Equations, Analytical Geometry of three dimensions, Newton's *Principia* i—iii, and any of the higher portions of the subjects of Part I. The Examiners shall have power to excuse from examination in the Classical Portion of the subjects for the Pass degree those Candidates who, having failed to obtain Honours, yet have shown sufficient knowledge of the subjects of Part I.

\* Students not candidates for Honours who have passed either the First Public Examination in Arts, or the Final Examination in Letters, and have subsequently kept three terms at least, may offer, instead of the above subjects, to be examined in such subjects mainly Theological as Senate may from time to time determine, provided that they shall be required to prove their

\* This paragraph does not apply to candidates matriculating in and after October, 1919.

† In and after 1924 these subjects will be modified.

knowledge of one Greek and one Latin book, *melioris ævi et notæ*, approved by Senate, unless they offer a specified portion of the Hebrew text of the Old Testament, in place either of the Greek or of the Latin Book. Particulars respecting the subjects shall be published by Senate eleven months at least before the Examination.

Candidates for Honours in Theology shall be examined in such books of the Old and New Testament in the original Tongues, and such other Theological Subjects as shall have been fixed by Senate eleven months at least before the Examination.

All who satisfy the examiners shall receive certificates. For those who are judged worthy of Honours there shall be three separate classifications, one for such as have distinguished themselves in Classical and General Literature, one for such as have distinguished themselves in Mathematical and Physical Science, and one for those who have distinguished themselves in Theology. In each of these classifications there shall be four classes; the examiners being at liberty to leave any one or more of these classes vacant. Thus the Class Paper will be drawn up according to the form annexed:—

\* The conditions under which students, not candidates for Honours, shall be held to have passed with distinction shall be determined by Senate.

\* Candidates for the degree of B.A. *in litteris antiquis* may offer Military Science as an extra subject, and, if they satisfy the examiners, they shall receive a special certificate to that effect.

In cases where a candidate for Honours in the Final Examination for the Degree of B.A. is required to satisfy in a paper or papers of a Pass Standard, he shall be permitted to do so (without prejudice to his place on the Class List) at an Examination subsequent to that for which he presents himself for Honours, provided that he shall not be qualified to proceed to the degree until he has satisfied the Examiners in the pass papers.

\* This paragraph does not apply to candidates matriculating in and after October, 1916.

\* 5. In all cases in which an undergraduate is admitted from another University, or a student of this University, not originally a student in Arts, becomes a student in Arts, such student shall be required to keep three terms by residence as a student in Arts before he is admitted to the Final Examination for the degree of B.A.

\* 6. Students of the University of Durham College of Medicine, or of Armstrong College, at Newcastle-upon-Tyne, may petition the Council of the Durham Colleges that terms kept by them at either of these Colleges, equivalent in duration to three terms kept by students in Arts at Durham, may count towards the degree of B.A. *in litteris antiquis*, provided that they shall have passed the First Examination appointed for students in Arts, at the beginning of the second year, and that they shall not be admitted to the Final Examination for the degree of B.A. *in litteris antiquis* unless they have kept three terms at least by residence as students in Arts at Durham.

## REGULATIONS (V, 11).

### *Section II.—Of the Standing and Exercises requisite for proceeding to the Degree of Bachelor of Arts at Durham or Newcastle in the case of students not candidates for Honours.*

1.—No grace for the Degree of Bachelor of Arts at Durham or Newcastle shall be granted unless the petitioner has kept nine terms as a student in Arts and passed an Intermediate Examination, a Second Year Examination, and a Final Examination, except as provided in the following paragraphs of this Section.

Candidates shall be required to pass the Matriculation Examination, or such examination as may be accepted as equivalent by Senate, before beginning to keep terms, and shall not be eligible for the Intermediate Examination until they have kept three terms, nor for the Second Year Examination until they have kept three terms after passing the Intermediate Examination.

Candidates who have been admitted to a Degree in any other Faculty (save Music) shall be excused the first year of residence and the Intermediate Examination.

2.—Candidates for the Intermediate Examination shall be required to satisfy in five subjects, of which two must be foreign languages, one being an ancient language, under such further restrictions as to choice of subjects as may be imposed from time to time by Senate upon candidates from Newcastle and Durham respectively.

---

\* This paragraph does not apply to candidates matriculating in and after October, 1919.

Everyone admitted to this examination must offer five subjects in the first instance, but it shall be within the discretion of the examiners to refer candidates who shall have failed in not more than two of the subjects offered, for re-examination in the subject (or subjects) *at the next occasion of examination only*. Candidates who on that occasion fail in the subject or subjects in which they have been referred for re-examination shall be deemed to have failed in the whole of the examination and shall be required to offer all the five subjects if they present themselves for a subsequent examination.

The subjects of the Intermediate Examination shall be :—

- (a) Latin.
- (b) Greek.
- (c) French.
- (d) German.
- (e) English Language and Literature.
- (f) Religious Knowledge.
- (g) Ancient History.
- (h) Modern History.
- (i) Mathematics.
- (j) Philosophy.
- (k) Economics.
- (l) Geography.
- (m) Hebrew.
- (n) Hellenistic Greek.
- (o) Military Science.

The examination shall be conducted by examiners appointed annually by Senate, and the special books and subjects to which it is directed shall be fixed by Senate eleven months at least beforehand.

3.—Candidates for the Second Year Examination shall be required to satisfy in five subjects, and Candidates for the Final Examination shall be required to satisfy after more advanced study in four of the five subjects which they offered for the Second Year Examination, subject in either case to such restrictions as to choice of subjects as may be imposed from time to time by Senate upon candidates from Durham and Newcastle respectively.

Candidates for the Second Year Examination must offer, in the first instance, five subjects, but those who satisfy the Examiners in four subjects at one time, and fail in one subject only, may offer that subject by itself at a subsequent examination.

The subjects of the Second Year and Final Examinations shall be :—

- (A) Latin.
- (B) Greek.
- (C) French.
- (D) German.

- (E) English Language and Literature.
- (F) Religious Knowledge.
- (G) Ancient History.
- (H) Modern History.
- (I) Mathematics.
- (J) Philosophy.
- (K) Economics.
- (L) Education or (for Second Year only) Military Science.\*
- (M) Hebrew.
- (N) Hellenistic Greek.
- (O) Geography.
- (P) Science.
- (Q) Comparative Study of Religion (for Second Year only).
- (R) Arabic.

The examinations shall be conducted by examiners appointed annually by Senate, and the special books and subjects to which they are directed shall be fixed by Senate eleven months at least beforehand.

4. At Durham, students shall be allowed to offer in lieu of their Final Examination the subjects prescribed for either Part A or Part B of the Diploma in Theology, and, for those who do so, the Second Year Examination shall consist of three subjects, two of the three being Latin and Greek as prescribed for the Final Examination.

5. The Council of the Durham Colleges may dispense any student from actual residence in Durham and attendance upon Lectures for a period of not exceeding three terms; but no student shall be eligible to proceed to the degree of Bachelor of Arts unless he is of the standing of nine terms from Matriculation. A student thus dispensed from residence, may be allowed to offer himself as a candidate for a Final Examination in six subjects to be prescribed by Senate (not less than four of which shall be taken at one and the same examination) in lieu of the Second Year and Final Examinations.

6. Students who have passed the Matriculation Examination and subsequently kept nine terms at an associated Theological College and have passed both parts of the Examination for a licence in Theology and have been duly granted the Title of Licentiate in Theology by Convocation, may count the terms so kept in Theology in lieu of six of the terms required for the Degree of B.A., and the examinations

\* Candidates for the degree of B.A. other than *in litteris antiquis* may offer Military Science as an extra subject, and, if they satisfy the examiners, they will receive a special certificate to that effect.

passed for the L.Th. in lieu of the Intermediate and Second Year Examinations. Such candidates will, however, be required to satisfy the examiners in the Final Examination in six subjects\*, prescribed by Senate, not less than four of which shall be taken at one and the same examination. Such students shall not be dispensed by the Council of the Durham Colleges, under § 5, from any of the three necessary terms of residence in Arts.

*Section III.—Of the Standing and Exercises requisite for proceeding to the Degree of Bachelor of Arts at Durham or Newcastle in the case of candidates for Honours.*

1.—No grace for the Degree of Bachelor of Arts at Durham or Newcastle shall be granted unless the petitioner has kept nine terms as a student in Arts and passed an Intermediate Examination and a Final Examination except as provided in the following paragraphs.

Each of these examinations shall be conducted by examiners appointed annually by Senate. The special books and subjects to which it is directed shall be fixed by Senate eleven months at least beforehand.

Candidates for Honours shall be required to pass the Matriculation Examination before beginning to keep terms, and shall not be eligible for the Intermediate Examination until they have kept three terms (except as provided in clause 3 of this section) nor for the Final Examination until they have kept six terms, at Newcastle nine terms, after passing the Intermediate Examination. They must in no case have exceeded the standing of four years from the Intermediate Examination.

Candidates who have been admitted to a degree in any other Faculty (save Music) shall be excused the first year of residence and the Intermediate Examination.

Candidates for Honours in Arts who have passed the Higher School Certificate Examination of the University of Durham, including Latin either as a principal or a subsidiary subject, having previously passed the examination for Matriculation, or an equivalent, may be excused from the first year of study and from the Intermediate Examination in Arts. No candidate thus excused the Intermediate Examination shall be admitted to the Degree of Bachelor of Arts unless he shall have pursued a course of study in the University for not less than three academical years.

---

\* In and after 1922. Before 1922 such candidates will take the Final Examination for the degree of B.A. *in litteris antiquis*.

No candidate thus excused shall be allowed to read for Honours in a language unless he shall have passed in that language either as a principal or as a subsidiary subject in the examination for the Higher School Certificate; except that in the case of Greek it shall suffice if the candidate shall have passed in that subject in the Durham School Certificate Examination or the Matriculation Examination or a recognised equivalent.

2.—At DURHAM a candidate may read for Honours either in Mathematics, Modern History, or in two of the following subjects taken together—English, Modern History, French, German. In Mathematics a candidate may read for Honours in both the Intermediate and Final Examinations.

At the Intermediate Examination a candidate for Honours in Mathematics shall be examined in the mathematical subjects provided for First Year Mathematical Honours for candidates for the Degree of B.A. *in litteris antiquis*, and shall further satisfy the examiners in such subjects of the pass examination for the Degree of B.A. other than *in litteris antiquis* as Senate may from time to time prescribe.

At the Final Examination such a candidate shall be examined in the Mathematical subjects provided for the Final Examination for Mathematical Honours for the degree of B.A. *in litteris antiquis*. He shall further be required to satisfy the examiners in Religious Knowledge (or an alternative subject) as prescribed for pass candidates for the degree of B.A. other than *in litteris antiquis*.

Such candidates shall, in the Final Examination, take Religious Knowledge, Parts I and II (or alternative subjects) at one time, and all their Mathematical subjects at another time; but no candidate may offer himself for the former until he has attended lectures for three terms on the subjects in question, nor for the latter until he has for six terms attended lectures for Final Mathematical Honours.

Candidates for Honours in the other subjects shall take the Intermediate Examination as prescribed for pass candidates; but students who have resided for three terms and have passed the First Public Examination for the degree of B.A. *in litteris antiquis* may count this examination in lieu of the Intermediate Examination.

At the Final Examination such candidates shall be examined for Honours in the two subjects selected, and Honours shall be awarded on the results of the two examinations, taken together. Candidates for Honours in this examination shall not have exceeded the standing of four years from Matriculation, and shall not have exceeded three years from the time of passing the Intermediate Examination or the examination accepted as equivalent.

In cases where a candidate for Honours in the Final Examination for the Degree of B.A. is required to satisfy in a paper or papers of a Pass Standard, he shall be permitted to do so (without prejudice to his place on the Class List) at an Examination subsequent to that for which he presents himself for Honours, provided that he shall not be qualified to proceed to the degree until he has satisfied the Examiners in the pass papers.

3.—At NEWCASTLE Candidates for the Final Examination in Honours shall be required to have passed the Intermediate Examination before entering upon Honours study. The course for the degree in Honours shall occupy not less than three and not more than four years from the time of passing the Intermediate Examination.

No candidate for Honours shall be required to take any part of the Pass Curriculum other than that prescribed for the Intermediate Examination. Candidates for Honours in any school may, however, be required to present a certificate of proficiency in such language or languages as Senate may prescribe, not less than two years before their Final Examination.

Honours shall be awarded in any one of the following subjects or groups of subjects :—

- (a) Any two of the following languages, with their literatures :—Latin, Greek, French, German, English.\*
- (b) English Language and Literature.
- (c) Philosophy.
- (d) Economics.
- (e) Ancient History.
- (f) Modern History.
- (g) Mathematics.
- (h) Philosophy, together with *either* (1) an Ancient or ‡Modern Language as specified in (a) ; *or* (2) Ancient History.
- (i) ‡Philosophy and Economics.
- (k) English Literature and Philosophy (in and after 1923).
- (l) English and Latin Literature (in and after 1923).
- (m) French Language and Literature (in and after 1923)

---

\* The combination of Latin and English will be replaced by (m) English and Latin Literature in and after 1923. The combination of English and French will be replaced by (n) French Language and Literature (in and after 1923).

‡ The combination of Philosophy with English will be replaced by (l) English Literature and Philosophy (in and after 1923), and the combination of Philosophy and Economics will be withdrawn after 1922.

4. All candidates who satisfy the Examiners shall receive Certificates to that effect.

5. Candidates who obtain distinction in the Oral Examination in French or German shall receive special certificates.

*Section IV.—Of the Standing and Exercises requisite for proceeding to the Degree of Master of Arts.*

1.—No grace for the degree of Master of Arts shall be granted unless the petitioner is a Bachelor of Arts of the standing of nine terms at least from his admission to that degree.

2.—Any Bachelor of Arts of the requisite standing who has obtained First or Second Class Honours in the Final Examination for the degree of Bachelor of Arts, or who, after passing the Final Examination for the degree of Bachelor of Arts, has passed either the examination for the Diploma in Theology, or the examination for the degree of Bachelor of Divinity, or for the degree of Bachelor of Civil Law, or for the degree of Bachelor of Medicine, or for the degree of Bachelor of Science, or for the degree of Bachelor of Letters, shall be admissible to the degree of Master of Arts without further examinations or exercises.

Any other candidate for the degree of Master of Arts shall be required *either*

(a) To spend one year in approved postgraduate study together with such examination and exercises as Senate shall prescribe, (the D.Th.P.T., together with additional exercises prescribed by Senate, and the Dip. Th. examinations being included under this head) ;

or (b) to present a Thesis on a subject approved by the Board of the Faculty of Arts and to submit himself for *viva-voce* examination in the subject of his thesis ;

or (c) To present himself for examination in a subject, selected from a list prescribed by Senate, which shall be cognate with some subject which he has already taken in his final examination.

*Section V.—Of the Standing and Exercises requisite for proceeding to the Degree of Master of Letters.*

1.—No grace for the degree of Master of Letters shall be granted unless the petitioner is a Bachelor of Letters of the standing of three years at least from his admission to that degree.

2.—Any Bachelor of Letters of the requisite standing who has obtained distinction or been placed in Division I at the Final Examination for the degree of Bachelor of Letters, or who, before or after passing the Final Examination for the degree of Bachelor of Letters, has proceeded to the degree of Bachelor of Arts, shall be admitted to the degree of Master of Letters without further examination or exercise. Other candidates for the degree of Master of Letters shall pass such examinations or perform such exercises as Senate may require.

*Section VI.—Of the Standing and Exercises requisite for proceeding to the Degrees of Bachelor and Doctor of Divinity.*

1.—No grace for the degree of Bachelor of Divinity shall be granted unless the candidate has passed the examination for Bachelor of Divinity.

No one shall be admitted to the examination for the degree of Bachelor of Divinity unless, being not less than twenty-five years of age, he shall have produced satisfactory testimonials of moral character, and shall *either* (1) be a graduate of two years' standing in Arts or Letters of this University *or* (2) be a graduate of two years' standing in Arts of some other University of the British Empire, who has obtained the Diploma in Theology of this University, *or* (3) satisfy the Board of the Faculty of Theology that he is competent to pursue a course of study in Theology, and shall subsequently keep three terms in this University and pass the examination for the Diploma in Theology. Provided that up to the end of 1922, candidates shall also be admissible under the regulations in force in 1915, and any candidate may be examined in the subjects in force in 1915.

Candidates for the examination for the degree of B.D. shall be required to give evidence of a competent general knowledge of Christian Theology, and to be well acquainted with the New Testament in Greek, and with such portion of the Old Testament and in such languages as Senate shall from time to time determine; as well as with such other branch or branches of Theological study as shall be prescribed by Senate from time to time.

The examination shall be conducted by two or more examiners.

2. No grace for the degree of Doctor of Divinity shall be granted unless the candidate has proceeded to the degree of M.A. in this or some other University in the British Empire.

Candidates shall be of the standing of 10 years at least from their admission to the degree of B.A. (or M.A.).

Candidates for the degree of D.D. shall have proceeded to the degree of B.D. of this University.

Candidates for the degree of Doctor of Divinity shall, before the first day of the Easter or Michaelmas Term, send to the Secretary of Examinations an exercise consisting of *either* published Theological work *or* a dissertation on a subject approved by the Professor of Divinity. No grace shall be granted for the degree unless the exercise submitted shall have been adjudged by Examiners appointed by Senate to be a contribution to learning sufficient for the degree.

*Section VII.—Of the Standing and Exercises requisite for proceeding to the Degrees of Bachelor and Doctor of Civil Law.*

1.—No grace for the degree of Bachelor of Civil Law shall be granted unless the petitioner is of the standing of twelve terms at least from the date of his admission to the degree of Bachelor of Arts, nor unless he has passed the examination in Civil Law appointed by Senate.

2.—No grace for the degree of Doctor of Civil Law shall be granted unless the candidate has proceeded to the degree of M.A. in this or some other University in the British Empire.

Candidates shall be of the standing of 10 years at least from their admission to the degree of B.A. of this University. They shall also have proceeded to the degree of B.C.L. of this University.

3. Candidates for the degree of Doctor of Civil Law shall, before the first day of the Easter or Michaelmas Term, send to the Secretary of Examinations at Durham an exercise, consisting of *either* a published work, *or* two dissertations on subjects approved by the Board of the Faculty of Arts. No grace shall be granted for the degree unless the exercise submitted shall have been adjudged by Examiners appointed by Senate to be a contribution to learning sufficient for the degree.

In the case where dissertations are submitted, no grace for the degree shall be granted until the dissertations, having been accepted, shall have been printed by the candidate, who shall not be at liberty to make any alteration or addition thereto without the leave of the Senior examiner.

A printed copy of the exercise shall be sent to the Chancellor, the Vice-Chancellor, the Dean of the Faculty of Arts, the Proctors, the Head of the College or Hall of which the candidate is a member and the University Library.

*Section VIII.—Of the Standing and Exercises requisite for proceeding to the Degree of Doctor of Letters.*

1.—No grace for the degree of Doctor of Letters shall be granted unless the candidate has proceeded to the degree of M.A. or M.Litt. in this University.

2.—Candidates must be of the standing of 10 years at least from their admission to the degree of B.A. or B.Litt.

3.—Candidates for the degree of Doctor of Letters shall, before the first day of the Easter or Michaelmas Term, send to the Secretary of Examinations either published work, or a special dissertation on a subject approved by the Board of the Faculty of Arts; and no candidate shall be allowed to present a dissertation who has not taken an Honours course and taken an Arts degree with Honours in this University.

4.—No candidate will be accepted for the degree unless the exercise submitted shall have been adjudged by Examiners appointed by the Senate to be a contribution to learning sufficient for the degree.

5.—If a dissertation be submitted and accepted, the degree cannot be conferred until the dissertation has been printed by the candidate, who will not be at liberty to make any alteration or addition thereto without the leave of the Senior Examiner.

6.—A printed copy of the Exercise must be sent to the Chancellor, the Vice-Chancellor, the Dean of the Faculty of Arts, the Proctors, the Head of the College or Hall of which the candidate is a member, and the University Library.

*Section IX.—Of the Standing and Exercises requisite for proceeding to Degrees in the Faculty of Medicine.*

1.—No one shall be held to be a student in Medicine unless he has passed the Matriculation Examination in such subjects as Senate shall from time to time determine, or such other of the Registration Examinations recognized by the General Medical Council as Senate shall deem equivalent.

2.—No grace for the Degrees of Bachelor of Medicine and Surgery shall be granted unless the petitioner is of the age of not less than twenty-one years, and has, since his registration, spent five years in medical and surgical study, and has been registered in the books of the General Medical Council, one of the said five years having been spent at the University's College of Medicine, Newcastle-upon-Tyne. He may spend the other four years of the curriculum either at Newcastle-upon-Tyne or at one or more of the recognized Medical Schools.

No grace for the Degrees of Bachelor of Medicine and Surgery shall be granted unless the petitioner has passed four public examinations.

The first of these examinations may be passed immediately after attendance on the necessary courses of instruction.

No one shall be admissible to the second of these examinations unless he has spent two academical years at least in medical study as above prescribed, and has passed the first examination.

No one shall be admissible to the third of these examinations unless he has spent three years at least in medical study as above prescribed, and has passed the second examination.

No one shall be admissible to the fourth of these examinations unless he has spent five years in medical study as above prescribed, and passed the third examination.

Candidates for the Degrees of Bachelor of Medicine and Surgery who have completed in a University of the United Kingdom a course of study and passed an examination in Biology, Chemistry or Physics qualifying for a Degree in Science shall be exempted from study and examination in the subject or subjects in which they have passed.

Candidates for the Degrees of Bachelor of Medicine and Surgery who have completed in the University of Durham the course of study in Physiology required for the Degree of Bachelor of Science, and who have qualified for the Degree of Bachelor of Science with Physiology as a chief subject of their final examination, shall be exempted from study and examination in this subject.

Candidates for the Degrees of Bachelor of Medicine and Surgery who have completed in a University of the United Kingdom a course of study and passed an examination in Biology, Chemistry or Physics, qualifying for Degrees in Medicine and Surgery, may be exempted from study and examination in the subject or subjects in which they have passed; and the Board of the Faculty of Medicine shall have authority to determine in any particular case whether the course of study pursued or the examination passed by a Candidate may be accepted for the purpose of the above Regulation, and may delegate this authority from time to time to a Committee approved by Senate, consisting of not less than five Members of the Board. The Board of the Faculty of Medicine shall currently report to Senate all proceedings taken under the foregoing Regulation.

No one shall be admissible to any one of these examinations unless he has produced to the Secretary of Examinations, or other officer appointed by the Council of the College of Medicine, satisfactory testimonials of conduct, and such certificates of attendance on Lectures and Hospital Practice as Senate shall require.

Each of these examinations shall be conducted by three or more examiners, and shall be directed to such subjects of Medical Science and Practice as shall have been fixed by Senate.

Candidates who have satisfied all the above requirements shall be admissible, at one and the same time, to the degrees of Bachelor of Medicine and Bachelor of Surgery.

3.—No Bachelor of Medicine and Surgery shall be admitted as a candidate for the degree of Doctor of Medicine unless he has satisfied the Examiners for the Matriculation Examination either in Greek or German, or has passed in one of these languages in an Examination which exempts from the Matriculation Examination.

4.—No grace for the degree of Doctor of Medicine shall be granted (except as provided in the following clause) unless the petitioner is a Bachelor of Medicine and Surgery, of the age of not less than twenty-four years, and has been engaged, for at least two years subsequent to the date of admission to the Degrees of Bachelor of Medicine and Surgery, in research work, or in attendance on the practice of a recognized Hospital, or in the Military or Naval services, or in medical or surgical practice, nor unless he has performed such exercises as Senate shall require. The petitioner shall under such conditions as Senate shall determine, either (a) present an original essay to be approved by the Examiners and pass an oral examination and such further examination as they may require, or (b) pass a special examination in the theory and practice of Medicine.

5.—Senate shall have authority to arrange a Special Examination for the degree of Doctor of Medicine, to which persons who have been engaged in the active practice of their profession for fifteen years, and are of not less than forty years of age, and who have produced satisfactory testimonials of moral character, shall be admissible, due regard being had to their attainments in Arts.

6.—No grace for the degree of Master of Surgery shall be granted unless the petitioner is of the age of not less than twenty-four years, has obtained the degree of Bachelor of Surgery, and has fulfilled such conditions as regards attendance on Lectures and passed such examination as Senate shall require.

No grace for the Degree of Doctor of Surgery shall be granted unless the petitioner is a Registered Medical Practitioner and is of not less than twenty-four years of age, nor unless he has spent three years (not necessarily consecutive) in the study of Surgery and ancillary subjects, one of the three years at least being spent in the Faculty of Medicine of the University of Durham. The course of study which the candidate proposes to follow shall be submitted beforehand to the Professor of Surgery and shall be subject to the approval of the Board of the Faculty of Medicine. It shall include such special departments of work continued for such periods as Senate may prescribe. The candidate shall be required at the conclusion of his course to satisfy examiners appointed by Senate. The subjects of the examination shall be Anatomy, Physiology, Pathology and Surgery.

7. No grace for the Degree of Bachelor of Hygiene shall be granted unless the petitioner is a Graduate in Medicine of a recognized University and of the age of not less than twenty-two years, and has, subsequent to the attainment of a first registrable qualification in Medicine, Surgery, and Midwifery, spent one year of professional study in attendance upon Lectures, &c., at the University of Durham Colleges, Newcastle-upon-Tyne, and shall have passed such examinations as Senate shall require.

No grace for the degree of Doctor of Hygiene shall be granted unless the petitioner is a Bachelor of Hygiene of at least two years' standing from that degree and has shown that he has conducted original research in a subject or subjects connected with Public Health. The claims of the candidate shall be investigated by two Examiners appointed by Senate, one of whom shall be specially conversant with the subject or subjects selected and the Examiners shall examine him in such manner as they may deem advisable and shall report on his qualifications to the Board of the Faculty of Medicine in Easter Term, basing their report upon the candidate's distinction in special research or learning. The examination shall not necessarily be confined to the subject or subjects advanced by the candidate.

A candidate will be required to make his application in writing to the Registrar of the College of Medicine on or before January 1st in any year, and to state the special subject, upon a knowledge of which he bases his qualifications, forwarding at the same time a thesis and such other evidence of his contributions to the advancement of Hygiene as may support his application. He will be required to satisfy the examiners that the thesis and other contributions submitted are the result of his own observation and research. The names of candidates who satisfy the examiners will be published in June of each year.

### *Section X.—Regulations for the Pass Degree of B.Sc.\**

1.—Candidates before entering on a course of study shall be required to have passed the University Matriculation Examination, or an approved equivalent.

Before presenting themselves for any one of the several examinations subsequent to the Matriculation examination they must present certificates of having attended the prescribed courses of study to the satisfaction of the Heads of the Departments concerned.

The curriculum of the Pass Degree of B.Sc. shall occupy three years at least; and, in the case of Pure Science, shall consist of two parts—the Intermediate and Final parts—and in the case of Applied Science, shall consist of three parts—the Intermediate, Second, and Final parts. Each part will conclude with an Examination.

---

\* The details of the Subjects of Examination are given on pp. 264-272.

## INTERMEDIATE PART AND EXAMINATION.

2. The Intermediate Part shall occupy one year at least, and :—

(a) For candidates in Pure Science, shall comprise study in any four of the following subjects :—Mathematics (Pure and Applied), Physics, Chemistry, Geology, Zoology, Botany.

(b) Candidates in Agriculture must offer Chemistry, Botany, Zoology, and either Mathematics or Physics.

(c) Candidates in Engineering,\* Naval Architecture,\* Mining,† and Metallurgy are required to present the four subjects, Mathematics (Pure and Applied), Physics, Chemistry, Applied Mechanics and Mechanical Drawing.

A course of study in each of these subjects, except Mathematics, shall include work in the laboratory or drawing office.

Candidates may present themselves for the Intermediate Examination at the end of their first or any subsequent year. No candidate shall be deemed to have passed it who has not, in the first instance, satisfied the Examiners in at least three subjects at the same time. Candidates will be required to satisfy the Examiners in their fourth subject before they can be deemed to have completed the Intermediate Examination. For the purpose of this Regulation, Applied Mechanics and Mechanical Drawing are treated as one subject.

The Intermediate Examination shall be held in June of each year. A supplementary examination shall be held in September for those candidates who, having passed in three subjects, have permission from the Board of Examiners to complete their qualification by taking *one* subject only.

## PURE SCIENCE.

## FINAL PART AND EXAMINATION.

3.—In Pure Science the Final Part shall occupy two years, during which the candidate shall study three subjects selected from the following|| :—Mathematics (Pure and Applied), Physics, Chemistry, Geology, Zoology, Botany, Physiology.

Three-year students in Education may offer Education in place of one of these.

Registered Students in Medicine, who have passed the University of Durham Matriculation Examination before entering on medical study in the University, and who desire to take the degree of B.Sc., shall be excused from study

\* These Degrees are accepted by the Institution of Civil Engineers in lieu of their Associate Membership Examination, provided that the Matriculation Examination for Candidates in Engineering and Naval Architecture, or one of the equivalents (see page 183) has been passed, prior to entry on the course of study.

† This degree has been approved by the Home Secretary for the purposes of the Coal Mines Act, 1911.

|| The details of Subjects of Examination are given on pp. 265-267.

and examination in Mathematics for that degree after Matriculation; and in case they qualify for the degree of B.Sc. with Physiology as a subject of their Final Examination, their studies and examinations in Physics, Chemistry, and Biology, for the degree of B.Sc., shall be allowed to count as studies and examinations for the first examination for the degree of M.B., and their studies and examinations in Physiology for the degree of B.Sc. shall be allowed to count as studies and examinations for the second examination for the degree of M.B. also.

### APPLIED SCIENCE.

#### SECOND AND FINAL PARTS AND EXAMINATIONS.

4.—In "Applied Science," the Second and Final parts shall consist of courses of study in the subjects of Agriculture, Mechanical, Marine, Electrical, Civil, or Military Engineering, Naval Architecture, Mining, or Metallurgy.\*

In all the sections of the Second and Final Examinations, candidates will be required to pass in all the subjects of Group I at one examination, and any candidate who fails to satisfy the Examiner in any subject of Group I shall be deemed to have failed in the entire group. But in Group II candidates shall be allowed credit for each several subject in which they satisfy the Examiners, and will be required to be re-examined in those subjects alone in which they have failed. All candidates will, in the first instance, be required to present themselves for the full examination.

### PURE AND APPLIED SCIENCE.

5.—Dates of the Examinations:—The second examination for B.Sc. in Applied Science shall be held in June of each year; save that the papers in Agricultural Geology and Entomology which form part of the examination in Agriculture shall be taken in March. A supplementary examination shall also be held in September of each year, at which only those candidates may present themselves who,† have failed in not more than one subject in Group II.

The Final Examination for B.Sc. in Pure and in Applied Science shall be held in June of each year; save that the papers in Farm Accountancy, Estate Management and Forestry which form part of the examination in Agriculture shall be taken in March.

- (a) A Bachelor of Science who has graduated in Pure Science may proceed to the same degree in Applied Science by attending the second and third year courses in a branch of Applied Science and passing the respective examinations at the end of these

\* The groups of subjects to be taken in the different sections are given on pp. 268-272.

† After 1922.

courses; but attendance on courses of instruction and examination shall not be required of him in those subjects in which he may have qualified in the course for the degree in Pure Science.

- (b) A Bachelor of Arts may proceed to the degree of Bachelor of Science in Pure Science by attending the second and third year courses in Pure Science and passing the final examination at the end of these courses.
- (c) A Bachelor of Arts may proceed to the degree of Bachelor of Science in Applied Science provided he passes the First Examination for B.Sc. in Applied Science and attends the second and third year courses in some branch of Applied Science and passes the respective examinations at the end of these courses.
- (d) Candidates for the Degree of Bachelor of Science may be exempted from the first year of study required therefor, provided that they have pursued in this or any other University a course of study equivalent thereto and may further be exempted from the first examination for the degree provided that they have passed in this or any other University an examination equivalent thereto.

*Applications for such exemption accompanied by original certificates must be sent in writing to the Registrar, Armstrong College, before May 30th.*

- (e) The Faculty of Science shall have authority to determine in any particular case whether a course of study pursued, or an examination passed by a Candidate in this or any other University, may be accepted for the purpose of the above regulations, and may delegate this authority from time to time to any Committee approved by Senate consisting of not less than five members of its own body.
- (f) In the case of Foreign or Oriental Students, who claim exemption under (d) and about whose qualifications there is reasonable doubt, the Faculty may, on the recommendation of the Principal of Armstrong College, require that such students shall pass the Intermediate Examination before entrance.
- (g) The Faculty of Science shall currently report to Senate all proceedings taken under the foregoing regulations.

#### *Section XI. (i)—Regulations for the Degree of B.Sc., in Pure Science with Honours.\**

1.—Honours in the School of Pure Science shall be awarded in the following subjects :—(a) Mathematics (Pure and Applied), (b) Physics, (c) Chemistry, (d) Geology, (e) Zoology, (f) Botany, (g) Physiology.

---

\* The details of the subjects of examination are given on pp. 272-274.

2. The curriculum for the degree of B.Sc., in Pure Science with Honours, shall occupy a period of not less than three and not more than four consecutive years. Of this period not less than two and not more than three years shall be occupied with study in one of the subjects in the Honours School of Pure Science.

3. The Honours Curriculum in each case shall consist of :—

- (a) a chief subject, the study of which shall extend over two or three years.
- (b) not less than two other subjects, to such extent as may be prescribed from time to time by the Head of the Department in which the chief subject is studied, subject to the approval of Senate.
- (c) French and German, as defined in paragraph 4 (attendance at a College Course in French and German shall not be obligatory).

4. The examinations for the degree of B.Sc. with Honours shall consist of (a) the examination in the chief subject of the Honours School, (b) the examination in the subjects selected under 3 (b), (c) an examination in French and German, in which the candidate's ability will be tested by the translation into English of passages related to the chief subject of the Honours School.

5. A Candidate for Honours shall proceed as follows :—

*Either* (a) attend the Intermediate Course qualifying for the Intermediate Examination, and present himself for that examination at the end of the course in June. In addition to passing the examination, the candidate must either be placed in the first division, or show to the satisfaction of the Board of Examiners special proficiency in at least two of the subjects of examination.

*or* (b) if the candidate has obtained the Higher Certificate (A or B) of the University of Durham, and has passed in Mathematics, Physics and Chemistry, he may apply to be admitted to an Honours School. If approved by the Head of the Department concerned, he shall be required to pursue a course of study extending for one year in three subjects selected from the list of subjects given in paragraph 1. One of the subjects so selected shall be the chief subject in which the candidate proposes to read for Honours. At the end of this first year of study, the Heads of the three Departments concerned shall decide jointly as to the candidate's fitness to read for Honours. or, in the alternative, whether he shall be excused the Intermediate part of the Pass Degree.

6. No candidate shall be allowed to read for Honours without the concurrence of the Head or Heads of the departments concerned.

7. Candidates who shall present evidence satisfactory to the Board of the Faculty of Science that they are qualified to enter upon a course of research may receive permission to pursue such a course, and to offer a thesis on their work in place of a corresponding part of the Honours examination.

Application for the recognition of research work should be made to the Board of the Faculty of Science, not later than the last day of October preceding the Honours Examination, together with a statement of the intended subject of research ; and the thesis must be sent to the Secretary of Examinations not later than the first day of May preceding the Honours Examination.

8. Names of candidates who have passed the examination for the Degree of B.Sc. with Honours shall be published in a list drawn up in two classes, each class being arranged in alphabetical order. The list shall indicate the chief subject in the School in which the candidate has obtained Honours.

9. Candidates who have not shown sufficient merit to deserve Honours, but have reached the standard of the Pass degree, may be recommended for that degree.

10. The Honours Examination shall be held in June of each year.

Every candidate for the degree of Bachelor of Science with Honours shall be required to present himself for examination at the end of the third or fourth year from the time when he commenced Science studies in the College as a Matriculated student, unless he shall present a medical certificate of illness, satisfactory to the Board of the Faculty of Science. A candidate presenting such a certificate may be allowed to enter for the Honours examination after the lapse of not more than one year from the time when he should have presented himself for examination, in due course.

11. Candidates who have obtained Honours in any subject of the Final Honours School may be admitted to examination in any other subject of the School after the expiration of not more than two years, on presenting certificates of having during that period attended courses of instruction approved by the Board of the Faculty of Science, provided that no candidate shall be so admitted after a longer period than six years has elapsed since the date of his first commencing Science studies in the College as a Matriculated student.

12. Candidates who have qualified for the Pass degree of Bachelor of Science may, with the approval of the Board of the Faculty of Science, proceed to a course of study in the Honours School ; provided that such course of study be pursued during a period of not less than one year and not more than two years. Such candidates may be excused the subjects and examinations specified under the heads 3 (b) and 4 (b).

*(ii) Regulations for the Degree of B.Sc. in Applied  
Science with Honours.*

1. The curriculum for the degree of B.Sc. in Applied Science with Honours shall occupy a period of not less than three, and not more than four consecutive years. Of this period not less than one year (except in the subjects of Mining and Metallurgy) shall be devoted to study in one of the subjects in the Honours School of Applied Science, as laid down in Par. 3.

The regulations for Honours in the subjects of Mining and Metallurgy are contained in Pars. 7, 10 and 11.

2. All candidates for Honours shall be required to comply with the regulations of the Pass Curriculum in Applied Science, and to pass the first, second and final examinations for the Pass Degree. In the case, however, of those who present evidence of sufficient previous training, attendance on the first year's course may be dispensed with, provided they pass the first year's examination for the Pass Degree, or are exempted under the regulations for the Pass Degree, and in their case the Honours Curriculum will be limited to a period of three years in all; but no such candidates shall be allowed to take their degree until the expiration of the third year from entrance.

All candidates for Honours shall be required to pass a fourth examination, styled the "Final Honours Examination in Applied Science."

3. The course of study in the Honours School shall include (a) attendance on such lectures as may be from time to time prescribed by Senate, or by such authority as Senate may determine, (b) prosecution of such experiments, research, or investigation, or the preparation of such designs or plans, as may be approved by Senate or by such authority as Senate may determine, (c) presentation of a report or Thesis dealing with the work undertaken under head (b).

The Report or Thesis must be handed in to the Secretary of Examinations not later than the 15th day of May preceding the date of the Honours Examination.

4. The Final Honours Examination shall consist of examinations

(I) On the work referred to in par. 3, viz. :—

(a) in one or more branches (approved by the Head of the department concerned) of the Professional subject in the Honours School of Applied Science\* offered by the candidate.

(b) in a subject related to the professional subject, and prescribed by the Head of the department concerned.

(II) In at least one language selected from the following :—French, German, Spanish, Italian, as tested by the candidate's ability to translate into English unseen passages from technical or scientific works in these Languages.

(Attendance at a College class in a Language shall not be obligatory).

5. No candidate shall be admitted to the Final Honours Examination who (a) has not completed the Curriculum as prescribed for the Pass Degree, subject to the possible modification of that curriculum as specified in par. 2 above, or (b) has failed, at first attempt, to satisfy the Examiners in the second or in the final examinations for the Pass Degree, or (c) has not completed, to the satisfaction of the Heads of the departments concerned, his final year's course of study in the Honours School.

6. With the exception of the first examination, the examinations, including the Final Honours Examination, must be passed in June at the end of consecutive sessions, and candidates failing to satisfy the Examiners in the Final Honours Examination cannot present themselves for another examination for Honours; it being understood that nothing in these regulations shall prejudice the attainment of the Pass Degree.

7. The names of candidates who have obtained Honours in the Final Honours Examination in Applied Science shall be drawn up in lists, each list being divided into two classes, and each class arranged in alphabetical order. After the name of each candidate shall be specified the Professional subject in which he has obtained Honours.

8. A candidate, who has obtained Honours in any Professional subject of the Final Honours School, may be admitted to examination in any other Professional subject of the School, after the expiration of a period of not less than one year, and not exceeding three years, from the date of the previous Honours Examination, provided he presents evidence of further study which is satisfactory to the Board of the Faculty of Science.

---

\* For schedule of subjects see p. 274.

9. Candidates who have qualified for the Pass Degree of Bachelor of Science may, with the approval of the Board of the Faculty of Science, proceed to the course of study in the Honours School; provided that such course of study be pursued during a period of not less than one year and not more than two years.

10. The Honours Courses in Mining and Metallurgy shall consist of a special Four Year Course such as may be from time to time prescribed by Senate or by such authority as Senate may determine. The First Year Course shall be identical with that for the Pass Degree, and attendance on the first year's course may be dispensed with under the conditions laid down in Par. 2.

11. The successive examinations must be passed in June, at the end of consecutive academical years.

Failure to satisfy the Examiners in any of these Examinations shall disqualify a candidate from obtaining an Honours Degree.

He shall however, be entitled to proceed to a Pass Degree; candidates failing in the 2nd examination to obtain an Honours Standard shall be required to take the 2nd and 3rd years in the Pass Degree.

Candidates failing in the 3rd examination shall take the final year's Honours Course, and must attain to a pass standard in the examinations at the end of that year, in order to obtain the Pass Degree.

In no case shall a student be allowed to proceed to the work in any year, until he shall have passed the examination prescribed for the preceding year.

A candidate who has passed the 2nd and 3rd year's Honours examination, and fails to obtain an Honours standard in the final examination, may be granted a Pass Degree if, in the opinion of the Examiners, he has attained a pass standard.

### *Section XII. (i) Regulations for the Degree of M.Sc.*

1. Bachelors of Science of not less than two years standing as such are eligible for candidature for the degree of Master of Science.

2. Candidates are required to furnish evidence of advanced knowledge in some division of Mathematical, Natural, Technical, or Mental Science, or in some considerable special branch thereof, to the satisfaction of the Examiners appointed by the University.\*

---

\* For recognised branches of Science see pp. 275-277.

3. Candidates may submit any original work they have done for the judgment of the Examiners, and the Examiners may accept such work in evidence of advanced knowledge, with or without direct examination of the candidate, as they may deem fit. The examination shall be held in June.

4. A Bachelor of Science who has been placed in the First or Second Class in the Final Examination for Honours in Pure Science or Applied Science shall be admissible to the degree of M.Sc. without further examination or exercise.

5. Graduates in Science of other approved Universities are permitted, under certain conditions, to become candidates for the degree of Master of Science without first taking the Bachelor of Science degree of this University. Such candidates must have satisfied the Faculty of Science that they are qualified to pursue some selected course of advanced study or research, and must have pursued such course for two years in this University.

6. Notice of candidature shall be given to the Secretary of Armstrong College, and shall be received by him *up to April 1st in each year*. Candidates must specify *by the same date* the subject in which they wish to be examined, and deposit a copy of any original work, published or unpublished, or any other evidence thereof, which they may desire to submit to the Examiners.

### *(ii) Regulations for the Degree of D.Sc.*

1. A Master of Science who matriculated before September, 1901, may elect to proceed to the D.Sc. Degree under the regulations which will be found in Calendars before that date.

2. A Master of Science is allowed to become a candidate for the Examination for the Degree of Doctor of Science in the seventh year after the year in which he was admitted to the degree of Bachelor of Science, or in any subsequent year.

3. The candidate will be required to make his application in writing to the Secretary of Armstrong College, *on or before January 1st*, and to state the subject in which he offers himself for examination, forwarding at the same time such evidence of his contributions to the advancement of Science as may support his application. The Examiners shall examine the candidate *viva voce* on such contributions.

4. The candidate shall be allowed to proceed to the degree of Doctor of Science on approval of his qualifications by two Examiners specially appointed for this purpose, who shall report thereon to the Board of Examiners in the Faculty of Science, basing their report upon the candidate's distinction in special research or learning.

*Section XIII.—Of the Standing and Exercises requisite for proceeding to Degrees in the Faculty of Music.*

1.—No one shall be held to be a Student in Music unless he has passed the Matriculation Examination in such subjects as Senate shall from time to time determine, or such other Examination as Senate shall deem equivalent.

2.—No grace for the degree of Bachelor of Music shall be granted unless the petitioner has passed two public examinations. Every Student in Music admitted to the First Examination shall be required to prove his knowledge of Harmony and Counterpoint in not more than four parts. No one shall be admitted to the Second Examination who has not passed the First Examination, or who, not being a member of this University, has not passed the First Examination in Music at some other University of the British Empire, and sent in an exercise to the Examiners, on or before a date to be announced from year to year, and from them received permission to be admitted. The Exercise shall consist of a Vocal Composition, either sacred or secular, containing five-part harmony and good fugal counterpoint, with an accompaniment for a string band; but in place of the two middle movements of the exercise candidates shall be allowed to offer themselves for such a practical examination as Senate may prescribe. Every one admitted to the Second Examination shall be required to prove his knowledge of:—(1) Harmony; (2) Counterpoint; (3) Imitation, Canon and Fugue; (4) Form; (5) History of Music; (6) The full scores of such works as shall be previously announced.

3.—No grace for the degree of Doctor of Music shall be granted unless the petitioner, being of at least fifteen terms' standing from the time at which he received the Bachelor's Degree, shall have composed an exercise and passed an examination in Music. The exercise shall not be presented for examination until the candidate is of thirteen terms' standing from the Bachelor's Degree, nor shall the examination be taken until the candidate is of fifteen terms' standing from the Bachelor's Degree. The exercise shall consist of a Vocal Composition, sacred or secular, preceded by an Instrumental Overture, and containing eight-part harmony and good fugal counterpoint, with an accompaniment for a full orchestra. The examination shall consist of:—(1) Harmony; (2) Counterpoint (each of these including examples in eight parts); (3) Imitation, Canon and Fugue; (4) Form; (5) Instrumentation; (6) History of Music; (7) Elementary Acoustics; (8) Knowledge of the scores of the standard works of the great composers.

These examinations in Music shall be conducted annually (at a time to be fixed by Senate) by two or more Examiners.

*Section XIV.—Of the Standing and Exercises requisite for proceeding to degrees in Commerce.*

1.—No one shall be held to be a student in Commerce unless he has passed the Matriculation Examination in such subjects as Senate shall from time to time determine, or such other examination as Senate shall deem equivalent.

2.—No grace for the degree of Bachelor of Commerce shall be granted unless the petitioner has regularly attended a course of study for three academic years, and passed three examinations, in Economics and in such other subjects as Senate may from time to time determine, provided that a modern Foreign Language, to be continued throughout the three years' course, shall always be included.

Candidates may, however, under special circumstances, and subject to the approval of the Board of the Faculty in each case, take the various subjects in an order different from that prescribed, provided only that they have completed the prescribed attendance on courses of instruction in those subjects in which they present themselves for examination.

Candidates who have passed the Matriculation Examination of the University, or its equivalent, and who have obtained the Diploma in Commerce of Armstrong College, may count towards the Degree any subject or subjects in which they are certified by the Diploma examiners to have attained a sufficiently high standard. But such candidates will be required to satisfy the examiners in at least four approved subjects at the Second Examination and four approved subjects at the Third Examination. Such candidates may qualify to proceed to the degree by attendance at either day or evening classes.

3.—The names of successful candidates shall be published in alphabetical order; but distinction may be awarded to candidates who have completed the third examination for the degree, and who have shown sufficient merit in the second and third examinations.

4.—Candidates who have passed the Final Examination for a degree of this or any other University of the United Kingdom, or who present evidence of previous study satisfactory to the Board of the Faculty of Commerce, may be excused such attendance and examination as the Board may determine, provided that no candidate shall proceed to the degree until he has completed two years of study as a student in Commerce. Such candidates may qualify to proceed to the degree by attendance at either day or evening classes.

5.—No grace for the degree of Master of Commerce shall be granted unless the petitioner is a Bachelor of Commerce of the standing of three years at least from his admission to that degree.

Candidates shall be required to offer a dissertation on some subject approved by the Board of the Faculty, and to submit to such examination on the subject of their dissertation as may be required by Senate.

*Section XV.—Of the Status of Advanced Student and of the Standing and Exercises requisite for proceeding to the Degree of Doctor of Philosophy.*

1.—The Status of Advanced Student shall be open to the following :—

- (a) Holders of research degrees or of post-graduate scholarships or fellowships in this University or in other Universities approved by Senate.
- (b) Recipients of grants from the State or Public Bodies for the purpose of postgraduate research.
- (c) Graduates who have obtained a degree in this University or in any other University approved by Senate.
- (d) Such other persons as Senate may from time to time determine.

2.—Before entering on the course of Advanced Study and research the candidate shall be required :—

- (a) To have submitted to the head of the department, in which he proposes to work, a scheme of the course of Advanced Study and Research proposed, together with satisfactory evidence of adequate training and ability to undertake the proposed course.
- (b) To have matriculated as a Student of the University and to pay the prescribed fees.

3.—Advanced Students shall not be allowed to submit a thesis for the Degree of Ph.D. unless they shall have spent a period of not less than two years, from the date of their admission, in research under the supervision of the University, provided that, after the first year of their course, candidates may be permitted under conditions sanctioned by the University to continue their studies in some other approved place of study or research.

4.—The subjects in which Advanced Students may be received shall be determined from time to time by Senate on the recommendation, as the case may be, of the Council of the Durham Colleges, or of the Academic Board of the College of Medicine, or of the Board of Professors of Armstrong College.

5.—No grace for the degree of Doctor of Philosophy shall be granted unless the petitioner :—

- (a) has been admitted to the Status of Advanced Student ;
- (b) has spent a period of not less than two years in pursuing a course of research under the supervision of the University, provided that after the first year of the course he may be permitted, on conditions approved by the University, to continue his course at some other approved place of study or research ;
- (c) has submitted a thesis which has been approved by the University as worthy of publication and passed an oral examination and (if required) a further written examination in subjects relevant to the Thesis.

6.—The Examination shall be conducted by not less than two examiners, one being an external examiner, who shall be appointed by Senate on the nomination of the Board of the Faculty concerned.

## TITLE VI.

### OF THE STANDING AND EXERCISES REQUISITE FOR OBTAINING LICENCES AND DIPLOMAS.

#### *Section I.—Of the Standing and Exercises requisite for the Licence of Students in Theology.*

1.—Students in Theology shall be licensed to present themselves to the Bishop for Ordination by grace of the University.

No one shall be held to be a student for the Licence in Theology unless he has passed either the Matriculation Examination in such subjects as Senate shall from time to time determine, or such other examination as Senate shall deem equivalent.

2.—No grace shall be granted unless the petitioner has kept the requisite number of terms as a student in Theology, is of approved moral and religious character, and of competent attainments.

The period of residence required of a student shall be nine terms. Such terms shall be kept at one of the Theological Colleges specified in Title V, Section I, § 2.

In proof of his attainments, he shall produce certificates of having passed two public examinations in Theology. Either of these examinations may be taken after the completion of not less than three terms of residence and the other in the ninth term of residence.

Each of these examinations shall be conducted by two or more examiners, and shall be directed to such subjects as have been fixed by Senate eleven months at least before its commencement.

In each of the aforesaid examinations there shall be one subject to be chosen at the option of the student from a list of subjects approved by Senate. It shall be permissible for any student to offer the optional subjects in either examination or at an examination other than that at which the compulsory subjects are offered.

The Examinations conducted by the Central Advisory Council for Training for the Ministry shall be regarded as equivalent to either or both of the Examinations for the Licence in Theology so far as the Theological subjects are concerned.

3.—No grace shall be granted unless the petitioner has previously declared in writing that he is a *bona fide* member of the Church of England as by law established.

## *Section II.—Of the Standing and Exercises requisite for the Diploma in Theology.*

1.—Candidates for the Diploma in Theology must, before beginning their course for the Diploma, be Graduates of some University in the British Empire. Save that if an undergraduate of the University of Durham shall have completed the residence required for admission to the Final Examination for the degree of B.A. at a time when no such examination is appointed to be held, and shall, with the consent of the Council of the Durham Colleges, keep the ensuing term as a student for the Diploma, such term shall count as though it had been kept after the examination for the degree of B.A. had been passed.

2.—No grace for the Diploma in Theology shall be granted unless the petitioner has completed a course of study extending over at least three terms, including attendance upon prescribed courses of lectures in the University, and has passed the prescribed examination, save that if he be a graduate of any University in the British Empire, residence for one academical year in an Australian College, the course of study and instruction in which has been previously approved by the said Board, shall be accepted in lieu of attendance upon courses of lectures in the University. Unless special permission be granted by the Council of the Durham Colleges such terms shall be kept consecutively. They shall always include a Michaelmas, an Epiphany and an Easter term.

3.—The subjects of the examination shall be :—

- (i) A general knowledge of the Holy Scriptures.
- (ii) Portions of the New Testament in the original Greek.
- (iii) Outlines of Systematic Theology, with special reference to the Creeds.
- (iv) Church History.
- (v) Practical Theology or such optional subjects as Senate may from time to time determine.

Students for the Diploma shall also be required to attend such courses of lectures in Pastoral Theology and Elocution as may be prescribed by the Council of the Durham Colleges.

4.—The examination shall be directed to such portions of the above subjects as Senate may prescribe at least eleven months beforehand.

5.—The examination shall be conducted by at least two examiners appointed annually by Senate. It shall be held in the Easter and Michaelmas terms.

6.—Each of the above subjects of examination shall be divided into two parts, Part A and Part B. Candidates may present themselves for either Part A or Part B of any subject at any examination, provided that they are keeping their third term at least and that one of the Parts of each of the subjects is offered. Candidates shall not be qualified to receive the diploma until they have passed in both parts of all the subjects.

7.—The examiners shall publish the names of the successful candidates arranged in two divisions in alphabetical order in each. No candidate shall be placed in Division I unless he shall have obtained good marks in at least three of the subjects numbered i—v above.

### *Section III.—Of the Standing and Exercises requisite for the Diploma in the Theory and Practice of Teaching.*

1.—Candidates for the Diploma in the Theory and Practice of Teaching must, before beginning their course for the Diploma, be graduates of some University in the United Kingdom, or must have obtained one of the qualifications recognized by the Board of Education in "The Regulations for the Training of Teachers in Secondary Schools."

2.—No grace for the Diploma in the Theory and Practice of Teaching shall be granted unless the petitioner has completed a course of study extending over at least three terms, including attendance upon prescribed courses of lectures in the

University, and has further passed a written examination in the Theory of Teaching, and a practical test based on practical work in recognized schools.

3.—The subjects of the written examination shall include the principles and history of Education and the study of children during the school period and of school teaching and management. It shall be directed to such special subjects as shall have been fixed by Senate eleven months at least beforehand. An essay prepared by the candidate during the final term on some special subject of school work shall form part of the examination.

4.—The practical work of the candidate shall include attendance at approved schools under proper supervision during not less than 60 school days, and two-thirds of this time shall be in an approved Secondary School. Such work shall be tested by reports from the teacher of the school and from the Professor or Lecturer in Education as well as by records furnished by the candidate, who shall further give one or more lessons before the examiners.

Unless specially exempted, a candidate must make a special study of the teaching of one definite branch of the curriculum of a Secondary School, success in which will be recorded upon the diploma.

5.—The examination shall be conducted by at least two examiners, who shall be appointed by Senate.

6.—The examiners shall publish the names of the successful candidates in Theory and in Practice in alphabetical order, and shall indicate, by distinguishing marks placed against their names, the candidates (if any) who excel in the written or practical parts of the examination, or both. Candidates must present themselves for both parts of the examination, but candidates who pass in Theory may be allowed subsequently to present themselves for the practical examination without undergoing a further examination in Theory.

#### *Section IV.—Of the Standing and Exercises requisite for the Diploma in Foreign Languages.*

1.—Candidates for the Diploma in Foreign Languages must be graduates of the University in Arts, Letters, or Commerce. They must have satisfied the examiners for B.A., B.Litt., or B.Com. in the written part of the examination for such degree in the language which they offer. Should a candidate not have satisfied in such language in the examination for his degree, he shall for the purpose of the diploma be admitted on a subsequent occasion to the written part of the examination in that language for the degree of B.A. or B.Com.

2.—No grace for the Diploma in Foreign Languages shall be granted unless the petitioner has passed an examination in reading, conversation, dictation and oral and written reproduction of a passage read by one of the examiners in the language which he offers, in such a way as to show that he possesses ready comprehension, fluent expression, and correct pronunciation.

3.—The examination shall be conducted by at least two examiners appointed by Senate, of whom one shall be external; and it shall be held at such times as Senate may determine.

*Section V.—Of the Standing and Exercises requisite for the Diploma in Arabic.*

1.—Candidates for the Diploma in Arabic shall be required to reside in the University and to attend the prescribed courses of lectures for at least three terms before presenting themselves for examination.

2.—No grace for the Diploma in Arabic shall be granted unless the petitioner has passed the examination prescribed by Senate.

3.—The examination shall be conducted by an examiner or examiners appointed by Senate and shall be held at such times as Senate may determine.

*Section VI.—Of the Standing and Exercises requisite for the Diploma in Public Health.*

1.—Candidates for the Diploma in Public Health must be Registered Medical Practitioners, of not less than 22 years of age, who are of the standing of nine months, at least, from their first registrable qualification in Medicine, Surgery, and Midwifery.

2.—No grace for the Diploma in Public Health shall be granted unless, subsequently to the attainment of the aforesaid qualification, the petitioner (*a*) has received practical instruction for not less than four months in a Laboratory or Laboratories, approved by Senate, in which Chemistry, Bacteriology and the Pathology of the diseases of animals transmissible to man are taught; (*b*) has during six months been diligently engaged in acquiring a practical knowledge of the duties, routine and special, of Public Health administration; (*c*) has during three months attended at least twice weekly the practice of a Hospital for infectious diseases, at which he has received instruction in the methods of administration; (*d*) has passed the examinations prescribed by Senate.

*Section VII.—Of the Standing and Exercises requisite for the Diploma in Psychiatry.*

1.—Every candidate for the Diploma in Psychiatry must be a legally qualified Medical Practitioner.

2.—No grace for the Diploma in Psychiatry shall be granted unless the petitioner has attended such courses of instruction and passed such examination as Senate may from time to time determine. The examination shall be directed to the subjects of Anatomy, Physiology, Pathology and Bacteriology, Psychology and Experimental Psychology, Neurology and Psychiatry (systematic and clinical).

*Section VIII.—Of the Standing and Exercises requisite for the Licence in Dental Surgery.*

1.—Every candidate for the Licence in Dental Surgery must have been registered by the General Medical Council as a Dental Student, and must subsequently have attended such courses of instruction at recognized University Colleges, Medical or Dental Schools as Senate may from time to time prescribe.

2.—No grace for the Licence in Dental Surgery shall be granted unless the petitioner has passed four examinations, for each of which he must present certificates of having attended the requisite courses of instruction. Before admission to the Final Examination, he must further furnish evidence of having undergone a three-years' pupilage in Mechanical Dentistry with a registered Dentist, and of having been engaged in professional study for at least four years subsequent to registration as a Dental Student. He must also sign a declaration binding himself not to advertise for professional purposes. The examinations shall be held at such times as may be prescribed by Senate.

TITLE VII.

OF THE MANNER OF CONDUCTING PUBLIC EXAMINATIONS.

*Section I.—Of Ordinary Examinations.*

1.—The Council of the Durham Colleges, the College of Medicine, and Armstrong College, shall be responsible for the conduct of University examinations held at Durham and in those Colleges respectively.

2.—There shall be three Secretaries of Examinations, one for the Durham Colleges, one for the College of Medicine, and one for Armstrong College. They shall be nominated by the respective Colleges and shall be appointed and paid by Senate. They shall hold office for a period of five years and shall be eligible for re-election.

The name in full of every student offering himself for any public examination and of his College (if any) must be signified by himself or some responsible person to the Secretary of Examinations for the Durham Colleges, or the College of Medicine, or Armstrong College, as the case may be, at such time before the commencement of the examination as the College in question shall determine.\* An account, in writing, of the books or subjects selected by him, when any option is allowed, together with all necessary certificates, shall be delivered to the Secretary of Examinations at the same time.

Every student, on his name being received by the Secretary of Examinations, shall pay for any public examination the fee fixed for that examination by Senate, and the Secretary shall transmit the fees so received to the University Treasurer.

The Secretary of Examinations shall have printed an alphabetical list of those whom he admits to any public examination, and shall cause copies of it to be delivered to each of the examiners, and to be affixed on some public place or places appointed by Senate, seven days, or for examinations in the Faculty of Arts fourteen days, before the commencement of the examination.

Every student sending in his name after the time appointed shall pay such additional fee as Senate may determine.

No student may offer himself for examination after the list has been printed, unless he pay such additional fee as Senate may determine.†

Any student may withdraw his name from the list of those to be examined, provided he give notice to the Secretary of Examinations nine days before the beginning of the examination. In such a case the candidate may enter *either* at the next examination, *or* at the next examination but one (but not afterwards) without further payment.‡ Otherwise the fee which has been paid is forfeited, except in the case of examinations where special regulations exist.

3.—Any official entrusted with the duty of superintendence in a University examination may immediately suspend or dismiss from examination a candidate guilty of flagrant breach of the rules, but such action shall be immediately reported to one of the Proctors.

---

\* For examinations in the Faculty of Arts at least six weeks before the beginning of the examinations.

† For examinations in the Faculty of Arts no late entries will be accepted.

‡ In the *Faculties of Arts and Theology*, the names of candidates who have withdrawn will be placed on the list for the next examination, and if such a candidate wishes to defer entering until the next examination but one he must give notice of withdrawal as provided above.

4.—All questions arising among the examiners as to the framing of questions, the rejection of candidates, or any other matter, shall be determined by a majority of votes, the examiner in the chair having a casting vote.

5.—Any student who, at any final honour examination, presents to the examiners a sufficient assurance of his being in ill-health shall, if the examiners so recommend, be deemed to have passed the examination, and his name shall be placed in a separate list, distinguished by the word "Aegrotant," or some similar title. The names which are placed in it shall be arranged alphabetically. No candidate whose name is placed in this list shall be deemed to have obtained Honours.

6.—The names of those who obtain certificates at any public examination shall be entered in a register, and the entry shall be attested by the signatures of the examiners. The examiners shall also draw up, for publication, lists of the successful candidates.

### *Section II.—Of Extraordinary Examinations.*

1.—If a student has been kept away from any public examination by severe illness or other urgent cause, and shall satisfy Senate that it would be a great hardship for him to wait for the next ordinary examination, he may apply to Senate to grant him an extraordinary examination.

2.—The number of examiners shall be the same for this as for an ordinary examination. The examination itself shall not be less rigorous, but no honours shall be awarded.

3.—Not more than one extraordinary examination for the same class of students shall be granted within one academical year.

4.—Every student who is admitted to an extraordinary examination shall pay, on his name being received by the Secretary of Examinations, such fee as Senate shall from time to time determine.

5.—Those who pass any extraordinary examination shall be registered in the same book with those who pass the ordinary examination, but in such a manner as to be distinguished from them.

## TITLE VIII. OF AFFILIATION.

### *Section I.—Of the terms and conditions upon which Colleges and like institutions may be affiliated to the University.*

1. No application of any College or like institution for affiliation to the University shall be entertained until evidence has been afforded (as required by Statute 107) that its members are incorporated by Royal Charter, or that provision has been

otherwise made (to the satisfaction of the Senate of the University of Durham) for its establishment on a permanent and efficient footing and for its government.

No application shall be entertained unless it sets forth the facilities which the teaching staff of the College or like institution affords for the adequate training of students in subjects set for examination by the University; nor unless it shows to the satisfaction of Senate that such College or like institution is equipped with such buildings, laboratories, machinery or other appliances as may be necessary for the proper instruction of students in the subject of the Faculty or Department in respect of which the application for affiliation is made.

No application shall be entertained unless it states the Faculty or Department in respect of which the application for affiliation is made.

2. The students of any College or like institution affiliated to the University in the way and under the authority prescribed by Statute 108 shall have their names placed on the register of the University as matriculated students thereof, provided that they shall have passed such matriculation examination as may be prescribed by the Senate.

Students so matriculated shall be admissible to the exercises and public examinations required for proceeding to degrees, licences and academical rank in the Faculty or Department in which they have matriculated, provided they shall have fulfilled to the satisfaction of Senate such conditions *inter alia* as to residence, attendance at lectures and conformity to discipline as are required of other students of the University so admissible.

Students who have fulfilled the prescribed conditions shall be proposed to Convocation for the degrees, licences, or academical rank for which a Proctor certifies that they have qualified.

3. The affiliation of any College or institution may be terminated at any time either by the University or by the authorities of the affiliated college or like institution by six months' notice on either side.

*Section II.—Of the Affiliation of Codrington College, Barbados, and Fourah Bay College, Sierra Leone, to the University.*

1.—Students of Codrington College, Barbados, and Fourah Bay College, Sierra Leone, may have their names placed on the register of the University as matriculated students of the same, provided that the Principal of their College, or other person

authorized to act in his behalf, shall have certified that they have passed an examination similar to that required for the admission of students in the several faculties in the University of Durham; and the aforesaid Colleges shall be accounted affiliated Colleges of the University of Durham.

2.—Students of the affiliated Colleges, having been so matriculated, shall be admissible to the exercises and public examinations required for proceeding to degrees, licences, and academical rank in the several faculties, provided that they shall have forwarded certificates of having fulfilled similar conditions as to residence, attendance at Lectures, and conformity to discipline in their own College, to those required from other students of the University so admissible, terms of residence being counted from the time of passing the Admission Examination of their own College; provided also that in each academical year such students shall be required to keep such number of terms, not being less than three, as the authorities of their College shall determine, as the equivalent of three terms at Durham.

3.—The Principals of the said Colleges shall forward to the Secretary of Examinations lists of students of their respective Colleges who are candidates for any examinations, together with the certificates required, in time for them to be received at Durham six weeks at least before the commencement of the examinations at Durham. The examination papers shall be sent to the Principals of the Colleges, in sealed packets, by the last mails, or last mails but one, that leave England previously to the commencement of the examination at Durham. The papers so sent shall be set to the candidates as nearly as possible on the days of the examination at Durham, and the answers to them returned, unread, as soon as possible after the conclusion of the examination to the Secretary of Examinations (who shall transmit them to the examiners), together with a certificate signed by the Principal of each College, or the person acting in his behalf, that the examination has been duly conducted, and the above-named conditions complied with.

4.—The examiners, after examining the papers, shall issue and publish in the usual manner supplemental lists of those who have passed the examination, and of those who have been adjudged worthy of Honours; which lists shall be sent by the Registrar without delay to the respective Principals of the Colleges; and one combined list of all who have passed the examination in England, Barbados, and Sierra Leone, shall be inserted in the next issue of the *University Calendar*.

5.—All prescribed conditions having been fulfilled, graces for degrees, licences, or academical rank, shall be prayed in Convocation, in the usual manner, on behalf of students of the affiliated Colleges; and certificates of such graces, having been granted, shall be forwarded by the Registrar to the respective Principals of the Colleges; after the receipt of which the degrees, licences, or academical rank, for which graces have been granted

may be conferred by their Lordships the Bishops of the dioceses in which the affiliated Colleges are respectively situated, as Visitors of the same, or by a Deputy Visitor, acting under commission from the Chancellor.

6.—The above arrangements may be terminated at any time either by the University or by the authorities of each affiliated College on notice of six months at least being given beforehand.

Anyone who previously to Michaelmas Term, 1875, has completed his course of study and examinations at Codrington College, Barbados, and has produced to Senate satisfactory testimonials of character, shall be admissible to the Final Examination for the degree of Bachelor of Arts, and, having passed that examination, to the degree of Bachelor of Arts.

### TITLE IX.

#### OF ADMISSION FROM OTHER UNIVERSITIES.

No person shall be allowed to count terms which have been kept in another University, unless his application be brought before Senate by the Council of the Durham Colleges, or of the College of Medicine, or of Armstrong College, and approved by Senate; except so far as is otherwise provided in Title V, Section IX, § 2, and Title V, Section X, § 5 (*d*), (*e*).

### TITLE X.

#### OF MEMBERSHIP OF CONVOCATION.

All graduates of the University, qualified under Statute 35 for membership of Convocation, shall be deemed to have fulfilled the necessary conditions if they have continued without interruption to be members of the University from the date of their admission to the degree by which they claim their seat, and either have paid a fee of two pounds, or are members of the staff.

Female graduates of the University shall be admitted to membership of Convocation on the same terms and conditions as men.

### TITLE XI.

#### OF DEGREES CONFERRED WITHOUT EXAMINATION.

Any person admitted to an Honorary degree under the provisions of Statute 92, though having no claim to membership of Convocation, shall enjoy the rank and wear the dress of his degree, and shall have admission to the Library and Museums, under such restrictions as may be imposed from time to time. Honorary Degrees shall not be conferred *in absentia*, save in the case of degrees conferred *jure dignitatis*; but the names of persons resident abroad, for whom Honorary degrees have

been voted by Senate, may be proposed to Convocation for graces to enable such degrees to be conferred on them at Codrington or Fourah Bay, in the same manner as ordinary degrees.

Members of the teaching staff admitted to degrees without examination under the provisions of Statute 93 shall enjoy the full rights and privileges belonging to the degrees conferred upon them; but any right such a person may have to membership of Convocation in virtue of such a degree shall cease when he ceases to be a member of the teaching staff.

No person admitted to a degree without examination, by vote of Convocation, shall proceed from a degree thus conferred to any other degree.

## TITLE XII.

### OF THE CHANCELLOR.

When a vacancy shall occur in the office of Chancellor, the Vice-Chancellor shall, within a month of the occurrence (the months of July, August, and September excepted), summon a special meeting of Senate, in order that Senate may nominate a fit and proper person for the post of Chancellor.

No nomination shall be submitted to Senate to vote upon unless the nomination be made by a member of one division of the University and seconded by a member of the other division of the University.

If more than two persons be nominated, there shall first be taken a preliminary vote; and no name shall be submitted to Convocation which has not received an absolute majority of the votes of those present and voting.

A meeting of Convocation shall be summoned by the Vice-Chancellor within a month (the months of July, August, and September excepted) of the special meeting of Senate, and a motion shall be submitted to Convocation by the Vice-Chancellor that the person nominated by Senate be appointed Chancellor by Convocation.

If the person nominated by Senate be not appointed by Convocation, the Vice-Chancellor shall forthwith summon a special meeting of Senate for the purpose of nominating (in the way above set forth) a fit and proper person.

When a person nominated by Senate has been appointed by Convocation, the Senate shall make such arrangements and prescribe such ceremony for admitting to the office of Chancellor the person thus nominated and appointed as shall befit the dignity and solemnity of the occasion.

## TITLE XIII.

## OF THE PROCTORS.

1.—The Proctors shall be appointed at the final Convocation in Easter Term, and shall come into office at the first Convocation in Michaelmas Term.

One Proctor shall be nominated from the Durham Division, and one from the Newcastle Division of the University.

2.—On coming into office each Proctor shall nominate two Pro-Proctors, one of whom shall take his place in case of his absence ; but a Pro-Proctor nominated by either may act for the other. Each Proctor and Pro-Proctor shall make the declaration provided in the Standing Orders.

3.—In addition to their statutory duties, the Proctors shall see that nominations of the necessary examiners for University examinations are submitted to Senate, and shall certify to the University Treasurer the amount due to each Examiner. They shall also decide, on an emergency, any question connected with a University Examination which may be referred to them. The Durham Proctor may act alone in respect of an examination held at Durham, and the Newcastle Proctor in respect of an examination held at Newcastle ; but it shall be competent for either to assist, or act in the place of, the other, when requested to do so by his colleague.

4.—The Proctors shall examine the claims of candidates for degrees, and shall report to Convocation, on behalf of Senate, whether they have fulfilled the necessary requirements.

The names of those candidates who are students of the Durham Division shall be proposed to Convocation by the Durham Proctor, and of those who are students of the Newcastle Division by the Newcastle Proctor.

## CONSTITUTION OF THE COMMITTEE OF FINANCE.

(1) There shall be a Committee of Finance, the members of which shall be charged with the following duties :—

- (a) to make themselves familiar with the finances of the University, in relation with the Colleges and otherwise, and to see that the financial provisions of the Statutes are duly observed ;
- (b) to draw up for the authorisation of Senate a scale of the standing or periodical payments to examiners and other officers, and to revise this list at least once a year ;
- (c) to authorise expenditure not of a periodical character and not exceeding £20 ;
- (d) to authorise any ordinary and necessary expenditure in connection with meetings of Convocation, Senate, and Boards of Faculties ;
- (e) to examine and accept estimates or otherwise order the printing of the *Calendar*, Examination Papers, and other publications ;
- (f) to examine and report upon any proposal involving expense which is referred to the Committee by Senate ;
- (g) to advise Senate generally on matters of Finance ;
- (h) in conjunction with the Treasurer to control the banking account of the University, the signatures of the Treasurer and of two other members of the Committee being requisite on each cheque ;
- (i) to meet at least once before each ordinary meeting of Senate and to cause the minutes of its meetings, with any recommendation made, to be printed and circulated with the Minutes of Senate.

(2) The Committee shall consist of such members as Senate may appoint but shall include, besides the Vice-Chancellor and Treasurer, not less than six other members. Three members shall constitute a quorum.

(3) The Treasurer shall be Secretary, and shall keep the Minutes.

(4) All proposals involving expense shall be referred to the Committee for report before Senate takes any action upon them, except when Senate expressly votes such a course to be unnecessary.

(5) In the long vacation, if financial business arises which in the Treasurer's opinion is urgent, the Committee may take action upon it in advance of any report to Senate, provided the Treasurer and at least three other members of the Committee consent thereto, and such consent may be signified in writing.

## Examiners in Medicine.

## I.—FOR DEGREES IN MEDICINE AND SURGERY.

## (i) In Medicine and Clinical Medicine :—

DAVID DRUMMOND, M.A., M.D., D.C.L.  
 HORSLEY DRUMMOND, M.D., B.S.  
 ALFRED PARKIN, M.D.  
 GEORGE NEWTON PITT, M.A., M.D.

## (ii) In Surgery, Clinical Surgery and Operative Surgery.

HENRY BRUNTON ANGUS, M.B., M.S.

ALBERT MORTON MARTIN, M.B., B.S.

JAMES RUTHERFORD MORISON, M.A., M.D., D.C.L.

JAMES HOGARTH PRINGLE, M.B., C.M., F.R.C.S.

## (iii) In Psychological Medicine :—

JAMES MIDDLEMASS, M.A., M.D., B.Sc.

HECTOR DUNCAN MACPHAIL, M.D.

## (iv) In Midwifery :—

ROBERT PATTON RANKEN LYLE, M.A., M.D., B.C.L.

T. HENRY WILSON, F.R.C.P.I.

## (v) In Pathology and Bacteriology :—

ARTHUR EDWIN BOYCOTT, M.D.

HAROLD JOHN HUTCHENS, D.S.O., M.A., M.R.C.S.,  
L.R.C.P.

STUART McDONALD, M.D.

SIR THOMAS OLIVER, M.A., M.D.

## (vi) In Public Health :—

THOMAS EUSTACE HILL, D.Hy., B.Sc.

HAROLD KERR, M.D.

## (vii) In Medical Jurisprudence :—

GEORGE HALL, M.D.

WILLIAM HARDCASTLE, M.B., M.R.C.S.

## (viii) In Anatomy :—

JOHN CLAY, M.B., B.S.

ROBERT HOWDEN, M.A., M.B., D.Sc.

ARTHUR ROBINSON, M.D.

## (ix) In Physiology :—

JAMES ACWORTH MENZIES, M.A., M.D.

HENRY STANLEY RAPER, D.Sc.

## (x) In Materia Medica :—

THOMAS BEATTIE, M.D.

WILLIAM ERRINGTON HUME, M.A., M.D.

ALFRED PARKIN, M.D.

## (xi) In Chemistry :—

FREDERIC CHARLES GARRETT, D.Sc.

JOHN ARMSTRONG SMYTHE, D.Sc., Ph.D.

## (xii) In Physics :—

JOHN WILLIAM BULLERWELL, M.Sc.  
GEORGE WILLIAM TODD, M.A., D.Sc.

## (xiii) In Therapeutics :—

THOMAS BEATTIE, M.D.  
WILLIAM ERRINGTON HUME, M.A., M.D.  
ALFRED PARKIN, M.D.

## (xiv) In Elementary Biology :—

ALEXANDER MEEK, D.Sc.  
MICHAEL CRESSE POTTER, Sc.D.

## (xv) In Arts :—

### GENERAL REGULATIONS.

1. For candidates desiring to be admitted to the Durham Colleges, and for candidates taking part of the Examination as an Entrance Examination in Music the Examination is held in Durham (Lecture Rooms, Palace Green) in January, July, and October.

For candidates for the B.A. and for Music the Examination begins on a Tuesday; in 1921 on June 28th and October 11th; in 1922 on January 17th, June 27th and October 10th.

For candidates desiring to be admitted to the College of Medicine or to Armstrong College, the Examination is held in Newcastle in July (at Armstrong College), and September (at College of Medicine).

The Examination in Newcastle for admission to the College of Medicine or to Armstrong College, begins at 10 a.m.; in 1921 on Tuesday, July 5th, and Tuesday, September 13th; in 1922 on Tuesday, July 4th, and Tuesday, September 12th.

Each candidate who wishes to be admitted to any of the **Durham Colleges** shall, a fortnight before the examination, send his name together with the required fee, to the Head of the College which he wishes to join or to the Censor of Non-Collegiate Students.

Each candidate in **Music** shall send to the Secretary of Examinations, University Offices, North Bailey, Durham, *one calendar month* before the first day of the Examination at which he wishes to present himself, a paper containing name, *in full*, the particular subjects in which he wishes to be examined, together with the required fee.

Each candidate who wishes to enter the **College of Medicine** shall send to Professor Howden, College of Medicine, Newcastle-on-Tyne, and each candidate who wishes to enter **Armstrong College**, shall send to the Registrar, Armstrong College, Newcastle-on-Tyne, a paper containing name *in full*, the particular subjects in which he wishes to be examined, together with the required fee, *one calendar month* before the first day of the Examination at which he wishes to present himself.

2. Each candidate shall pay a fee of £2 on each separate occasion on which he desires to be examined.

3. Candidates sending in their names after the time appointed pay an additional fee of 5s. Names of candidates sent in after the time-table is printed can only be accepted (*if at all*) on payment of an additional fee of £1. The time-table is printed a fortnight before the Examination commences.

4. No entry can be accepted unless it be accompanied by the fee, and no late entry unless it be accompanied by the extra fee required.

5. No fee will be returned.

6. Candidates who have entered for the Examination may withdraw their names upon giving the Secretary nine days' notice; and in that case may enter *either* at the next Examination *or* the next but one (but not afterwards) without further payment.

7. Candidates who have withdrawn their names will have them placed on the list for the next Examination, and if candidates wish to defer being examined to the next Examination but one, they must give due notice as provided in 6 above.

8. Persons who have passed any of the Examinations recognised by the University as equivalent to its Matriculation Examination (for list see below), and who therefore wish to be excused the Matriculation Examination, must send to the Secretary of Examinations of the Durham Colleges *or* of the College of Medicine *or* of Armstrong College (as given above) according to the College which they wish to enter, proof that they have passed such Examination, together with the fee of £2.

In the case of the Durham Colleges or the College of Medicine, the application to be excused the Matriculation Examination must be accompanied by the matriculation fee of £2 os. od. In the case of Armstrong College this matriculation fee will be charged at the time of matriculation, and not at the time when exemption from the examination is obtained.

## SUBJECTS OF EXAMINATION.

RELIGIOUS INSTRUCTION.—Some specified portion or portions of the Bible. For 1921, I and II Kings, *and* the Gospel of St. Matthew. For 1922, Joshua, Judges, Ruth, *and* Acts I—XV. For 1923, I and II Samuel and the Gospel of St. John. All to be studied in the revised version.

GREEK TESTAMENT.—For 1921, St. Mark ; for 1922–23, St. Matthew.

ANCIENT HISTORY.—Some specified portion of Greek or Roman History. Greek History, in 1921–22–23, 594–404 B.C. ; Roman History, in 1921–22–23, 264–49 B.C.

*Candidates must state whether they offer Greek History or Roman History when sending in their names.*

MATHEMATICS.—(a) Arithmetic. (b) Geometry of the triangle, parallelogram and circle, including the substance of Euclid, Books I, II, III, with easy deductions and practical constructions with ruler and compasses, &c. No candidate to pass who cannot make intelligent application of the subject-matter. (c) Algebra, up to and including Quadratic Equations.

EXTRA MATHEMATICS.—(a) Arithmetic. (b) Elementary Plane Geometry of the triangle and circle, theory of proportion and similar figures. (c) Algebra, up to and including the Binomial Theorem for a positive integral exponent. (d) Plane Trigonometry, up to and including the solution of triangles.

Candidates in Mathematics are requested to bring to the Examination Room a graduated ruler, a pair of compasses, and a set square.

ENGLISH.—Composition of a short Essay. EITHER a portion of a special author or authors OR \*general questions in English Literature. Grammar. Analysis and parsing.

Prescribed books. For 1921, Shakespeare, *Julius Cæsar* ; Wordsworth (Poems, ed. C. Thomson, Cambridge Press) ; Scott, *Woodstock* ; Addison and Steele, *Coverley Papers*. For 1922, Shakespeare, *A Midsummer Night's Dream* ; Spenser, *Faerie Queen*, Bk. ii ; Tennyson, *Coming of Arthur, Holy Grail, Last Tournament, Guinivere, Passing of Arthur*. For 1923, Shakespeare, *Macbeth* ; Milton, *Paradise Lost*, Books I & II ; Byron, *Childe Harold*, Cantos iii and iv.

LATIN.—Grammar. Translation of short sentences from English into Latin. Translation into English of passages from books not previously specified. Translation into English of books previously specified.\*† For 1921, Cicero, *de Senectute*,

\* Candidates must state their choice.

† In the case of a change of set books in languages other than English, alternative papers will be set from the old books at the Examination at which the change first comes into effect, but not afterwards.

chs. I-XIX and Vergil, *Aeneid* I<sup>7</sup>. For 1922, Caesar, Invasion of Britain (Gallic War iv, 26—v, 23) and Vergil, *Aeneid*, viii. For 1923, Caesar's *De. Bell. Gall.*, II, and Vergil, *Aeneid*, Book IX.

N.B. For Candidates who prefer it, in place of translation from the prescribed book, further passages from books not previously specified will be set. Candidates, however, must notify their wish when sending in their names.

GREEK.—Grammar (*a*) Accidence, (*b*) the use of the cases, prepositions, negatives, simple uses of the subjunctive and optative, conditional sentences and indirect speech. Translation of short sentences from English into Greek. Translation into English of passages from books not previously specified. Translation into English of books previously specified. For 1921, Xenophon, *Anabasis*, Bk. III, and Euripides, *Medea*, 1-763. For 1922, Xenophon, *Anabasis* I<sup>7</sup>, and Euripides, *Alceste* (Sidgwick's Scenes from the Greek Dramatists). For 1923, Xenophon, *Anabasis*, II<sup>7</sup>, and Euripides, *Medea* (excluding the Choric Songs).

N.B.—For Candidates who prefer it, in place of translation from the prescribed books, further passages from books not previously specified will be set. Candidates, however, must notify their wish when sending in their names.

FRENCH.—Grammar. Translation from English into French, or the composition of an Essay in French. Translation into English of passages from books not previously specified.

GERMAN.—Grammar. Translation from English into German, or the composition of an Essay in German. Translation into English of passages from books not previously specified.

SOME OTHER LANGUAGE, approved by the Matriculation Board.<sup>+</sup>

ELEMENTARY LOGIC.—The Elements of Deductive and Inductive Logic; terms, definition and division, propositions—their opposition and interpretation, the syllogism, hypothetical arguments, fallacies, the nature of induction, its chief methods and chief sources of error. Text book recommended: Jevons' Elementary Lessons in Logic (omitting lessons xxii and xxiii).

BOTANY.—The external form and gross anatomy of flowering plants as far they can be studied with the aid of a lens. The structure and pollination of flowers. The fundamental facts of plant physiology, as derived from experiments that have been performed by the candidates themselves. The examination shall include practical questions upon common British plants.

\* The following are approved by the Board:—Italian, Portuguese, Russian, Spanish, Arabic, Pali, Persian, Sanskrit, Urdu, Chinese, Hebrew. Candidates offering any of these Languages can only do so, provided (*a*) the general rules for entrance to the various Faculties are not infringed; (*b*) the Candidate pay such extra fee as will cover the expenses of the Examination.

or

**ZOOLOGY.**—The elementary anatomy and physiology of the Rabbit; the structure of the cell and the general microscopical structure of the tissues of the body of such an animal as the Rabbit; the elementary structure, habits, and life-history of the Amœba, the fresh-water Polype (Hydra), the Earthworm and the Frog.

**PHYSICAL AND GENERAL GEOGRAPHY.**—The elementary facts of the earth in its relation to the solar system. Day and night. Climate and the seasons. Eclipses. Distribution of land and water. Continental and oceanic areas. Contours. Heights and depths. Mountain and river systems. Atmosphere. Physical Characteristics. Thermometer and barometer. Climate. Rain-fall and winds. Sea: composition, temperature, waves and currents. Earth sculpture and the agents by which it is effected. Earth movements and their results. The elements of the distribution of animals and plants. Political Geography generally as dependent upon Physical Geography. The elements of the Political Geography of the British Empire, especially that of the United Kingdom. N.B.—A knowledge of the Conventional Signs used in Ordnance Maps will be required.

**ENGLISH HISTORY.**—The chief developments of English History, a choice of questions being given. N.B.—In this paper a choice of Geographical questions illustrating the chief events in English History will be set for candidates for degrees in Engineering and Naval Architecture.

**EXPERIMENTAL SCIENCE.**—Measurement of length, area, and volume. The balance, and weighing. Comparison of the metric and British systems of weights and measures. Velocity, acceleration, force. The relation of mass and weight. Measurement of forces (*e.g.*, by the spring balance). Composition of two forces acting at a point. Resolution of forces. Atwood's machine, and the general laws of falling bodies. The characteristics of matter in solid, liquid, and gaseous states. The principle of Archimedes. Density and specific gravity determinations. Atmospheric pressure. The barometer. Boyle's law. General ideas of the effect of heat on matter. Measurement of temperature. Thermometers. The principle and construction of the mercurial thermometer. Changes of length, area, and volume of solids, and volume of liquids, and gases, with change of temperature. Measurement of quantity of heat, and calorimeters. Specific heat. The following in reference to ice, water, and steam: change of state, latent heat, melting point, boiling point. Simple phenomena of heat in connection with conduction, convection, and radiation. Heat as a form of energy. Chemical and physical change; the indestructibility of matter. Elements, compounds, and

mixtures ; the constancy of composition of compounds. Air, oxygen and nitrogen ; the discovery of the composition of air ; combustion ; respiration. Water ; its properties and composition ; natural waters ; water for domestic purposes ; the saline constituents of natural waters ; hard and soft waters. The study of limestone, of salt, and of washing soda.

or

CHEMISTRY.—Chemical and Physical Change. Mixtures. Compounds. Elements. Formulæ. Equations. Calculations of Weights of Materials taking part in chemical reactions. Air. Oxygen. Nitrogen. Combustion. Respiration. Correction of Gas volumes for Temperature and Pressure. Water. Hydrogen, Composition of Water. Natural Waters. Water as a solvent, Sulphur its compounds with Hydrogen and with Oxygen ; Sulphuric Acid. Sulphates. Salt. Chlorine—its compound with Hydrogen : the Oxy-acids of Chlorine. Carbon. Typical Hydrides of Carbon. Oxides of Carbon. Fuel—Coal. Nitric Acid. Nitrates. Oxides of Nitrogen. Ammonia. Phosphorus. Its Hydride and Chlorides. Phosphoric Acids. Law of Constant Proportion. Law of Multiple proportion, and the Law of Volumes as illustrated by the composition of the compounds of the commoner non-metals. The Atomic Theory. Calculation of the Volumes of Gases resulting from chemical reactions. The General Physical and Chemical characters of the Metals.

or

PHYSICS.—Simple physical measurements, and the principles and uses of the apparatus required. Expansion of solids, liquids and gases due to change of temperature. Thermometry. Calorimetry. Specific Heat. Liquefaction and Solidification. Vaporization and Condensation. Ebullition. Latent Heat. Conduction, Convection and Radiation. Heat and Work. Propagation of Light. Velocity of Light. Photometry. Reflection and Refraction of Light. Formation of Images by plane and spherical mirrors and thin lenses. The prism. The spectrum. Simple phenomena of magnetism and magnetic measurements. Terrestrial Magnetism. Electrostatics. Batteries and the production of Electric Currents. Ohm's law and simple electrical measurements. Magnetic, chemical and heating effects of the electric current. Simple phenomena of electro-magnetic induction.

NOTE.—Candidates in Physics should have had practical experience in a Laboratory.

ELEMENTARY MECHANICS.—Rectilinear Motion. Laws of Motion. Composition and Resolution of Vectors. Theory of Moments. Elementary Principles of Statics. Centres of Gravity of simple solids. Uniform Circular Motion.

## SUBJECTS REQUIRED IN THE VARIOUS FACULTIES.

A. AT THE DURHAM COLLEGES AND ASSOCIATED  
THEOLOGICAL COLLEGES.

\*All Candidates must offer six subjects (a) Latin, and (b) five other subjects as follows: (1) Greek *or* French *or* German; (2) Mathematics *or* Logic; (3) English *or* Greek Testament; (4), (5) Two of the following: Religious Knowledge, Ancient History, English History, Geography *or* one of the above subjects not already offered.

## B. AT THE COLLEGE OF MEDICINE.

MEDICINE.—In order to enter on a course of study for a degree in Medicine a student must have previously satisfied the Examiners in the following subjects:—(1) Mathematics. (2) English. (3) English History. (4) Physical and General Geography. (5) Latin.† (6) One subject selected from the following:—Greek. French. German.

*(The above examination is recognised by the General Medical Council for the Registration of Medical students).*

Students who have satisfied the requirements of the General Medical Council as regards Registration, in some Examination other than the Durham Matriculation, or its equivalent (for list see below), may enter on a course of study for a degree in Medicine upon satisfying the Examiners of the University of Durham in any *three* of the subjects of the Matriculation Examination (exclusive of Religious Instruction and Elementary Mathematics), provided that one of them at least is a language other than English.

In the case of a student in Medicine who has studied only one year in the University, the above Regulations must have been complied with at least one year before the candidate presents himself for his final examination.

No Bachelor of Medicine shall be admitted as a candidate for the degree of Doctor of Medicine unless at some time previous to the Examination he has satisfied the Examiners for the Matriculation Examination or has passed in one of the Examinations which exempt from the Matriculation Examination either in Greek or in German.

---

\* Candidates taking part of the examination to qualify for admission as students in Music must pass at one and the same time in English and three other subjects, or two other subjects if one be a foreign language.

† In the case of Oriental Students, Sanskrit may be offered at the Matriculation Examination in place of Latin.

## C. ARMSTRONG COLLEGE.

*The regulations now in force are given below. These are in process of revision, and new regulations will be issued in due course, at least two years' notice being given of the date when they will come into operation.*

## 1.—SUBJECTS OF EXAMINATION.

The subjects of examination are :—

- (a) Mathematics, or Extra Mathematics.
- (b) English.
- (c) English History.
- (d) English History and Geography.
- (e) Geography.
- (f) Religious Instruction.
- (g) Latin.
- (h) Greek.
- (i) French.
- (j) German.
- (k) Italian, Russian, Spanish.
- (l) Arabic, Chinese, Hebrew, Pali, Persian, Portuguese, Sanskrit, Urdu.
- (m) Ancient History.
- (n) Experimental Science, Chemistry, Physics.
- (o) Botany, Zoology.
- (p) Mechanics.

Candidates must satisfy the examiners in six subjects selected from the above list. The choice of subjects depends upon the degree course upon which it is proposed to enter.

## 2.—PURE SCIENCE.

(a) Candidates whose qualifying examination is passed in 1921, or earlier, must satisfy the examiners in six subjects as under :—

*Either* Mathematics or Extra Mathematics.

English.

English History.

*One* of the four languages—Latin, Greek, French, German.

*Two* other subjects selected from the list, provided that—

- (1) Only one subject is selected from the group (n).
- (2) Only one subject is selected from the group (o).

# SUBJECTS OF EXAMINATION

## IN THEOLOGY, ARTS, AND LAW,

1921-22.

---

### COURSES FOR L.TH., DIPLOMA IN THEOLOGY, B.D., AND D.D.

NOTE.—The Course of study for the Licence in Theology set out below is that which will become compulsory upon all candidates who entered an Associated Theological College in and after Michaelmas Term, 1921. Students who enter upon their residence before that date may offer either the subjects set out below or those contained in the *University Calendar* for 1919-20. In place of the optional subject No. 6, in Part A, such Students may offer Latin, and in place of subject No. 6, in Part B, Hellenistic Greek, both as prescribed in the former syllabus (1919-20). Ex-Service Students will be excused the optional subject in both Parts, and will be required to satisfy the Examiners in one Language only in subject No. 2 of Part A and Part B. Subject to the exceptions stated above, candidates who offer the subjects of either syllabus will be required to offer them in their entirety. After June, 1922, no papers will be set in subjects other than those prescribed in the current *Calendar*.

Students who entered upon their Course of Theological study at an Associated Theological College before Michaelmas Term, 1921, may proceed to the Licence in Theology after six terms' residence.

#### LICENCE IN THEOLOGY.

The Course of study for the Licence in Theology, taken at a Theological College associated with the University, shall extend over three academical years (nine terms).

No candidate shall be eligible to count terms unless he shall previously have passed the Matriculation Examination.

The examination for the Licence in Theology is divided into two parts, Part A and Part B. These parts may be offered in either order provided that no student shall become a candidate for either part until he shall have completed at least one academical year of residence, nor for the other part until he shall have entered upon his ninth term of residence.

The subjects of examination are as follows :—

---

#### PART A.

1. **Old Testament.** The general outlines of the history contained in the Old Testament, together with a special knowledge of a prescribed portion.\*

---

\* The prescribed books will be those required for the Bishops' Examination.

2. **New Testament.** The Life and Teaching of our Lord as contained in the Gospels, together with a knowledge of one of the Gospels in Greek, and in the Latin Vulgate.\*
3. **Systematic Theology.** The Scriptural Basis and the history of the development of the following doctrines :—
  - (a) God in His Essence, Unity, Trinity ; Creation, Man, Sin.
  - (b) The Person and Work of Jesus Christ.
 Candidates will be expected to show a knowledge of the Creeds and the Articles of Religion.
4. **Church History.** Outlines of the history of the Church to the death of Charlemagne.
5. **Christian Morals.**
6. **Optional Subject.** One of the subjects stated below.

## PART B.

1. **Old Testament.** The outlines of Old Testament Theology, Morals and Worship.
2. **New Testament.** The History of the Apostolic Age, with a special knowledge of a prescribed portion of the New Testament in Greek, and in the Latin Vulgate.\*
3. **Systematic Theology.**
  - (a) The Person and Work of the Holy Ghost.
  - (b) The Ministry and the Sacraments.
  - (c) The Doctrine of the Last Things.
 Candidates will be expected to show a knowledge of the Creeds, the Articles of Religion, and other Confessions of Faith, as well as of modern thought upon these subjects.
4. **Church History.** The outlines of the History of the Church in mediæval and modern times, with special reference to the History of the English Church. An opportunity will be given for showing a knowledge of the History of Missions.
5. **Christian Worship.** The History of Christian Worship, with reference to the principal ancient rites. The History and Rationale of the Book of Common Prayer.
6. **Optional Subject.** A second subject chosen from the list below.

## OPTIONAL SUBJECTS.

Two of these must be offered, but a third may be offered if desired.

1. **Greek.** Passages for translation from a Classical Greek Author with questions upon Greek Accidence, and the more common Syntax Rules. Prescribed Author :—Plato, *Apology*.

\* The prescribed books will be those required for the Bishop's Examination.

2. **Latin.** Passages for translation from a Latin Author, with questions upon Accidence and Syntax. Short sentences for translation into Latin. Prescribed Author:—Cicero, *De Senectute*.

9. **Philosophical Introduction to Theology.**
10. **Comparative Study of Religion.**

Candidates for the Licence in Theology may offer upon the same occasion of examination, subjects chosen from either Part A or Part B, so as to make up the total number of subjects required in each part, provided that only the subjects numbered correspondingly in each part shall be interchangeable. Candidates must have satisfied the examiners in all the subjects of both parts before they will be qualified to proceed to the L.Th. Candidates shall receive a certificate stating the subjects in which they have passed.

Candidates may also offer subjects chosen as Optional Subjects at any examination held after the completion of their third term of residence. Thus the two subjects selected under 6 in either part, together with any other optional subject, may be offered at an examination other than that at which the Theological subjects are offered, provided that not less than two optional subjects are offered at one and the same examination. The fee for this examination shall be One Pound if two subjects are offered, and One Pound, Ten Shillings, if more than two subjects are offered.

No L.Th. can become a Candidate for Honours in the Final B.A. until he has passed the First Public Examination in Arts or the Intermediate Arts Examination.

\* The prescribed passages will be those required for the Bishop's Examination.

Examinations in Part A and Part B will be held three times a year, in March, June, and December. The Examinations for both Parts will begin in the seventh week of Easter and Michaelmas Terms and in the eighth week of Epiphany Term.

All candidates are required to pass an Intermediate, a Second Year and a Final Examination, except as provided in the following paragraphs. Graduates of any other Faculty desiring to proceed to the degree will be excused the first year of residence and the Intermediate Examination.

2. Candidates are required to pass the Matriculation Examination before beginning to keep terms and are not eligible for the Intermediate Examination until they have kept three terms, nor for the Second Year Examination until they have kept three terms after passing the Intermediate Examination.

3. Candidates for the Intermediate Examination are required to satisfy in five subjects, of which two must be foreign languages, one being an ancient language. Candidates must offer five subjects in the first instance, but it shall be within the discretion of the Examiners to refer candidates who shall have failed in not more than two of the subjects offered, for re-examination in the subject (or subjects) *at the next occasion of examination only*. Candidates who on that occasion fail in the subject or subjects in which they have been referred for re-examination shall be deemed to have failed in the whole of the examination and shall be required to offer all the five subjects if they present themselves for a subsequent examination.

4. Candidates for the Second Year Examination are required to satisfy in five subjects, and Candidates for the Final Examination are required to satisfy after more advanced study in four of the five subjects which they offered for the Second Year Examination.

5. Candidates for the Second Year Examination must offer in the first instance five subjects, but those who satisfy the examiners in four subjects at one time and fail in one subject only may offer that subject by itself at a subsequent examination.

6. At Durham students may be allowed to offer in lieu of their Final Examination the subjects prescribed for Part A or Part B of the Diploma in Theology, and for those who do so the Second Year Examination shall consist of three subjects, two of the three being Latin and Greek as prescribed for the Final Examination. Such students shall be entitled to proceed on the completion of their Final Examination to the Diploma in Theology as well as to the degree of Bachelor of Arts.

7. The Council of the Durham Colleges may dispense any student from actual residence in Durham and attendance upon Lectures for a period of not exceeding three terms. But no student shall be eligible to proceed to the degree of Bachelor of Arts unless he is of the standing of nine terms from Matriculation. A student thus dispensed from residence, may be allowed to offer himself as a candidate for a Final Examination in six subjects (not less than four of which shall be taken at one and the same examination) in lieu of the Second Year and Final Examinations.

8. Students who have passed the Matriculation Examination and subsequently kept nine terms at an associated Theological College† and have passed both parts of the Examination for a Licence in Theology and have been duly granted the Title of Licentiate in Theology by Convocation, may count the terms so kept in Theology in lieu of six of the terms required for the Degree of B.A., and the examinations passed for the L.Th. in lieu of the Intermediate and Second Year Examinations. Such candidates will, however, be required to satisfy the Examiners in the Final Examination in six subjects,\* not less than four of which shall be taken at one and the same examination. Such students shall not be dispensed by the Council of the Durham Colleges, under 7, from any of the three necessary terms of residence in Arts.

Save by leave of the Council of the Durham Colleges no Durham Candidate may present himself for Examination unless he shall have attended a course of Lectures in each of the Subjects offered.

9. (a) Candidates for Honours in Arts who have passed the Examination for the Durham Higher School Certificate having previously passed the Matriculation Examination or an equivalent, may be excused from the first year of study and from the Intermediate Examination in Arts.

(b) No candidate, thus excused the Intermediate Examination, shall be admitted to the degree of Bachelor of Arts unless he shall have pursued a course of study in the University for not less than three academical years.

(c) Candidates will not be allowed to read for Honours in a Language unless they shall have passed in that language either as a Principal or a Subsidiary subject in the examination for the Higher School Certificate: provided that in the case of Greek it shall suffice if the candidate shall have passed in that subject in the Durham School Certificate Examination or the Matriculation Examination or a recognised equivalent.

\* In and after 1922. Before 1922 such candidates will take the Final Examination for the degree of B.A. in *litteris antiquis*, as shown on pages 195-200 of *Cal.* 1919-20.

† Or six terms in the case of students who entered an Associated Theological College before Michaelmas Term, 1921.

    - (5) English. An Essay.
    - (6) Modern History. An Essay.
    - (7) Mathematics. One paper consisting of problems in Pure and Applied Mathematics.
    - (8) Ancient History. An Essay.
    - (9) Economics. An Essay.
    - (10) Philosophy. The subject matter of Books I—IV of Plato's Republic.
- Those students who propose reading in a single subject Honours School other than Mathematics will be required to pass two tests, one in their own subject as set forth above, and a special test in some language, ancient or modern.
- (d) To satisfy the Examiners at the June examination

## MILITARY SCIENCE.

Under conditions specified in the different syllabuses, Military Science may be taken as an optional subject for the Degrees of B.A. and B.Com., Part I in the First Year Course, and Part II in the Second Year Course.

Candidates for these degrees who do not offer Military Science as part of their degree course may offer it as an extra subject, and, if successful, will receive a special certificate to that effect.

## PART I. FIRST YEAR COURSE.

The elements of Organisation.

The Elements of Tactics.

Musketry.

*Practical Work.* Section, Platoon, and Company Drill.  
Field Training, Musketry.

The course of instruction to consist of two hours lectures per week, together with from two to three hours practical work.

## PART II. SECOND YEAR COURSE.

Advanced Organisation and Administration.

Advanced Tactics.

The Elements of Strategy.

The Elements of Military Law.

*Practical Work.* Company and Battalion drill. Advanced  
Field Training, Musketry, Tactical Exercises.

The course of instruction to consist of two hours lectures per week and from two to three hours practical work.

The following changes in the regulations for the M.A. degree come into force in November, 1922, and Sec. 1 applies to all candidates for the M.A. who have proceeded to the B.A. degree after Easter Term, 1921.

(1) That candidates for the M.A. who have taken First or Second Class Honours in the Final B.A. Examination, be allowed to proceed to the M.A. without further Examination or Exercise; but that inclusion in the First Division of the Final Pass Arts Examination shall not excuse from further examination or exercise for the M.A.

(2) That one avenue to the M.A. be one year's approved post-graduate study together with such examination and exercises as Senate shall prescribe, and that under this head be included (a) the Dip. Th. (b) The D.Th.P.T., with such additional exercises as Senate may prescribe.

\* The syllabus in this subject will be changed after 1922.

(3) That a second avenue be the presentation of a thesis on a subject approved by the Faculties together with a *viva voce* examination on the subject of the thesis.

(4) That a third avenue be examination in a prescribed subject provided the subjects now prescribed be revised and standardised, and that each candidate for the M.A. shall present a branch of some subject or a line of study cognate with some subject which he has already taken in his Final B.A. Examination.

The examination is held twice a year, in the Easter and Michaelmas Terms.

Candidates must notify the Secretary of Examinations of the subject they offer at least eight weeks before presenting themselves for examination.

The fee for examination for members of the Durham Division is £2. For members of Armstrong College the fee for examination is £5 for the first occasion, but for subsequent examination the fee is £2. B.A.'s are allowed to offer themselves for examination at any examination held at least one year after their B.A., but cannot proceed to the degree of M.A. until they are of standing so to proceed.

All candidates for M.A. must take the examination who have not either (1) taken honours or obtained distinction in the Final Examination for the B.A. degree or (2) passed the Final Examination for the Diploma in Theology, B.D., B.C.L., M.B., or B.Litt., *after* that for B.A. Licentiates who have taken the B.A. are not excused, nor are Bachelors of Arts who have been granted an *aggratol*.

All candidates for M.Litt. must take the examination who have not either (1) obtained distinction, or been placed in Division 1 in the Final Examination for the degree of B.Litt., or (2) proceeded to the degree of B.A. before or after passing the Final Examination for B.Litt.

All persons who have proceeded to the degree of M.Litt. are allowed to proceed to the degree of M.A. on passing the M.A. Examination, provided that no candidate shall be allowed to present himself for the degree of M.A. in the same department of study in which he presented himself for the degree of M.Litt. For all such candidates the fee for examination is £5 for the first occasion and £2 for subsequent examination.

## FOR THE DEGREE OF DOCTOR OF LETTERS

See Regulations Title V. Section viii.

## MUSIC.

All Candidates, not Graduates in Arts of some University in the United Kingdom, must have obtained the Testamur of Admission as Students in Music (see footnote p. 181).

## FIRST EXAMINATION FOR THE DEGREE OF BACHELOR OF MUSIC.

(1) Harmony ; (2) Counterpoint, in not more than four parts.

## FINAL EXAMINATION FOR THE DEGREE OF BACHELOR OF MUSIC.

(1) Harmony in not more than five parts (of a Figured Bass and also of a given Melody) ; (2) Counterpoint in not more than five parts ; (3) Fugue, Canon, and Form (A Fugue, in not more than four parts, to be composed on a given subject ; a Canon to be continued for a certain number of bars ; explanations of musical Forms to be given) ; (4) History of Music.

The Special Subjects for the *viva voce* portion of the Examination are the full Scores of certain selected works, announced beforehand to those persons who make application, and who are eligible for the Final Examination.

No one will be admitted to the Final Examination who has not passed the First Examination and sent in an exercise to the Examiners, on or before a date to be announced from year to year, and from them received permission to be admitted. (1) This exercise (which may be either a sacred or secular work) is to consist of four movements only :—A five-part Chorus (with a short Introductory Symphony) ; an unaccompanied Quartet ; a Solo ; a five-part Choral Introduction and Fugue. (2) The accompaniments are to consist of those for the usual string-band only, and must show skill and independent features.

As an alternative to the above exercise candidates are now allowed to offer a composition consisting of the first and fourth movements only if they also offer themselves for examination on the Piano *or* the Organ *or* a Stringed Instrument of the Violin Family. Candidates will be required to satisfy the Examiners (a) in playing specified Compositions ; (b) in playing at sight ; (c) in improvising on a given Theme. The prescribed works are as follows :—

Organ : Bach, Prelude and Fugue in B minor (Novello Bk. vii, p. 52), and *either* Sir H. Parry's Choral Prelude, on St. Anne's tune (Novello) ; *or* Harwood's First Sonata, Op. 5 (First Movement only), Schott.

Pianoforte : Beethoven, Sonata No. 16, Op. 31, No. 1, and *either* Schumann, Intermezzo and Finale Faschengeschwank, Op. 26 ; *or* Debussy, Preludes, Book 1, Nos. 4 and 8.

Violin : Rode, Study No. 15 from 24 Caprices (Peters, 284), Beethoven, Sonata No. 5, in F major (First Movement), and Stanford, Reel, Op. 54, No. 6.

## EXAMINATION FOR THE DEGREE OF DOCTOR OF MUSIC.<sup>1</sup>

(1) Harmony; (2) Counterpoint (each of these including examples in eight parts); (3) Imitation, Canon and Fugue; (4) Form; (5) Instrumentation; (6) History of Music; (7) Elementary Acoustics; (8) Knowledge of the scores of the standard works of the great composers.

The Exercise, which must not be presented for examination until the candidate is of thirteen terms' standing from the Bachelor's Degree, must consist of a Vocal Composition, sacred or secular, in not less than six movements. It must contain good eight-part choral writing and a fugue in not less than five parts. It must be preceded by an Overture, must be scored for full orchestra, and should take about forty minutes to perform.

## THE DIPLOMA IN THE THEORY AND PRACTICE OF TEACHING.

1. Candidates before beginning the course for the Diploma must be graduates of some University in the United Kingdom, or must have obtained one of the qualifications recognized by the Board of Education in "The Regulations for the Training of Teachers for Secondary Schools."

2. The course of study must extend over at least three terms, and must include attendance upon prescribed courses of lectures in the University, and practical work in recognized schools.

3. The Examination for the Diploma is divided into two parts, theory and practice.

4. *Theory.* Candidates are required to pass written examinations in the following:—

(i) The principles of Education, including the application of Psychology, Ethics, and Logic. *One paper.*

(ii) A prescribed period in the history of Education, with set books. 1921—1922.—Educational development in the Nineteenth Century, with some knowledge of the previous history of educational institutions in England. *One paper.*

(iii) Class and school management. The preparation of school lessons. Method in school. The teaching of the ordinary school subjects. School hygiene. School games. *One paper.*

(iv) Special method in at least one subject of the curriculum of a secondary school. *One paper.*

In addition each candidate shall, before the opening of the final term, prepare and present to the examiner an essay on some special subject of school work. As a rule this essay must be on the teaching of the special subject offered under (iv).

<sup>1</sup> No grace for the Degree of Doctor of Music shall be granted unless the petitioner shall be of fifteen terms' standing, and shall have composed an exercise and passed an examination in Music.

5. *Practice.* Candidates must attend approved schools for purposes of practice. The time spent in connection with a class under proper supervision must not be less than 60 school days, and two-thirds of this time must be in an approved Secondary School.

Candidates are to be tested in *practice*

By reports from the teacher of the school in which the student has practised, and from the Professor or Lecturer in Education; and by giving one or more lessons before the examiners, and submitting to the examiners records of school work.

Unless specially exempted a candidate must include in his course a special study of the teaching of one definite branch of the curriculum of a Secondary School. Success in this particular work will be recorded upon the Testamur.

6. The examiners are to publish the names of the successful candidates in Theory and in Practice in alphabetical order, and to indicate, by distinguishing marks placed against their names, the candidates (if any) who excel in the written or practical parts of the examination, or both. Distinctions will be recorded on the Diploma. Candidates must present themselves for both parts of the examination, but candidates who pass in Theory may be allowed subsequently to present themselves for the practical examination without undergoing a further examination in Theory.

7. Candidates before entering for the examination must present certificates of satisfactory attendance in Theory and Practice, and must pay a fee of £3.

8. The University will deliver the Diploma to candidates who have passed both portions of the examination upon payment of a fee of £3. For Graduates of Durham the fee is £1.

#### FOR THE DIPLOMA IN FOREIGN LANGUAGES.

The examination for a Diploma consists in reading, conversation, dictation and oral and written reproduction of a passage read by one of the Examiners.

Candidates must possess ready comprehension, fluent expression and correct pronunciation.

All graduates of the University in Arts, Letters, or Commerce are admissible to this test, provided that they have satisfied the Examiners in the written part of the B.A., B.Litt., or B.Com. examination in the language which they offer. If the candidate has not satisfied in such language at his degree examination he may be admitted for the purpose of this Diploma on a subsequent occasion to the written examination in that language.

The examination is held in the December of each year.

## MEDICAL COURSE.<sup>1</sup>

### FIRST EXAMINATION FOR THE DEGREES OF BACHELOR OF MEDICINE AND BACHELOR OF SURGERY.

#### 1. Elementary Anatomy :—

Bones, joints, and ligaments of the body. The muscles of the extremities.

#### 2. Chemistry :—

(a) General characteristics of chemical action. Conditions under which chemical changes take place. Difference between mechanical mixtures and chemical compounds. Difference between elementary and compound substances. Explanation of chemical symbols, formulae, and equations. Calculation of quantities of materials necessary to produce or resulting from given chemical reactions.

Characteristics of acids, bases, and salts. Nomenclature. Laws of chemical combination. Combination of gases by volume. The atomic theory. Molecules and molecular weights. Avogadro's hypothesis. The general properties of gases.

The non-metallic elements and the compounds they form. The Atmosphere. Combustion. Ventilation. The general properties of the more common metals and their compounds.

#### (b) Organic Chemistry :—

Difference between organic and inorganic compounds. Methods of determining the composition, molecular weights and constitution of compounds.

The hydrocarbons and their derivatives, more especially their oxidation products—alcohols, aldehydes, ketones, and acids. The polyhydric alcohols. Glycerol and the fats. The carbohydrates.

Benzene and its more important derivatives.

The simpler chemical constituents of vegetable and animal organisms.

#### (c) Practical Chemistry :—

The preparation and qualitative analysis of simple salts. Simple quantitative experiments, *e.g.*, the determination of equivalents ; volumetric analysis.

The preparation and reactions of the more important organic compounds.

<sup>1</sup> For full information see the Calendar of the College of Medicine, which can be obtained from the Registrar of that College.

## 3. Physics :—

- (a) EXPERIMENTAL MECHANICS.—Laws of motion considered experimentally, and simple applications. General properties of solids, liquids, and gases, treated in an elementary manner.
- (b) HEAT.—Thermometry. Coefficients of expansion. Calorimetry. Change of state. Hygrometry. Conduction, convection, and radiation.
- (c) MAGNETISM AND ELECTRICITY.—Simple phenomena in magnetism. Batteries : their constitution and use. The magnetic, chemical, and heating effects of the electric current. Ohm's Law, simple phenomena of induced currents. Elementary phenomena in electrostatics.
- (d) OPTICS.—Propagation, reflection, and refraction of light. Formation of images by mirrors and lenses. The prism.
- (e) PRACTICAL PHYSICS.—Candidates will be expected to be familiar with the use of simple physical instruments, and to perform simple experiments in experimental mechanics, heat, electricity, and optics.

## 4. Elementary Biology :—

- (1) The distinctive properties of living and non-living bodies.—The general conditions favourable and unfavourable to Life.

The structure, growth, and chemical composition of the cell-wall, protoplasm, and nucleus. The properties of protoplasm. The growth, modification, and division of cells. Formation of tissues. Division of labour. The elements of vegetable Physiology treated experimentally.

- (2) The differences between Animals and Plants.
- (3) The structure, morphology, physiology, and life-histories of :—*Saccharomyces* (Yeast) ; *Bacterium* ; *Penicillium* (Mould) ; *Pythium* ; *Haematococcus* ; *Spirogyra* ; *Fucus* (Brown seaweed) ; Fermentation ; Putrefaction.
- (4) The anatomy, morphology, and physiology of the flowering plant as illustrated by a consideration of the structure and functions of stem, leaf, and root. The various parts of the flower and their functions. Fertilization. Germination of seeds.
- (5) The general characteristics of invertebrate and vertebrate animals.

- (6) The morphology, physiology, and life-histories, of the Invertebrata as exemplified by the study of *Amoeba*, *Forficella*, *Hydra*, *Lumbricus* (Earthworm), *Tania*, *Nephrops* (Norway Lobster).
- (7) The morphology and physiology of the Vertebrata as exemplified by the study of *Amphioxus*, *Raia* (Skate), *Rana* (Frog), and *Lepus* (Rabbit).
- (8) The elementary principles of animal embryology, as illustrated by a study of the general developmental history of *Amphioxus*, *Rana*, and *Gallus*.
- (9) Practical Biology. Candidates will be required to show a practical acquaintance with the animals and plants mentioned above; they will be expected to make dissections of the animals and expose the various important organs, and to make preparations to illustrate the structure of the various plants. Candidates are required to bring their own microscopes, razors, and dissecting instruments, for this examination.

## SECOND EXAMINATION FOR THE DEGREES OF BACHELOR OF MEDICINE AND BACHELOR OF SURGERY.

### 1. Anatomy :—

In addition to a general knowledge of the subject as tested by the written part of the examination, each candidate will be required to make a dissection on the recent subject. In the *viva voce* examination he will also be required to recognize parts on recent or prepared dissections, and to answer questions on bones, joints, etc. He must also have a knowledge of the more important facts regarding the development of the various systems.

### 2. Physiology :—

In addition to the written paper, the candidate will be subjected to a practical examination comprising (a) in chemical physiology, identification of commonly occurring proximate principles and demonstration of properties of body secretions; (b) in experimental physiology, the performance of simple experiments and explanation of use of apparatus; (c) in histology, methods of preparation in common use, with recognition of specimens under the microscope.

### THIRD EXAMINATION FOR THE DEGREES OF BACHELOR OF MEDICINE AND BACHELOR OF SURGERY.

#### 1. Materia Medica, Pharmacology and Pharmacy :—

The action of drugs and their active principles on the various tissues of the body. The physical and chemical characteristics of drugs derived from the inorganic kingdom, and of the active principles of drugs derived from the organic kingdom.

The official preparations of the more important drugs. The essential ingredients in the more important preparations and the proportion of these ingredients. The ordinary doses of the principal drugs and their preparations.

#### 2. (a) Pathology :—

In the written examination the candidate's knowledge of the principles of general and special pathology will be tested. In addition to the *viva voce* examination, a practical examination will be conducted in which the candidate will be tested in elementary pathological methods, and in the description of naked eye and microscopical pathological specimens. The candidate will also be expected to be familiar with the mode of conducting post-mortem examinations.

#### (b) Elementary Bacteriology :—

Candidates will be expected to possess a competent knowledge of bacteriology and parasitology, in so far as these are applicable to disease in man.

In addition to the written and *viva voce* examination, candidates will be examined practically in the elements of bacteriological technique.

#### 3. Medical Jurisprudence :—

Law affecting the medical profession. Obligations of medical men as witnesses. Forms of evidence. Courts. Dying declarations. Wills. Certificates of death. Malapraxis. Identity. Signs of death. Modes of Death. Wounds. Assaults. Murder. Manslaughter. Homicide. Pregnancy. Delivery. Birth. Sex. Foeticide. Infanticide. Concealment of birth. Rape. Impotence. Sterility. Legitimacy. Inheritance. Survivorship. Life assurance. Accident assurance. Compensation for injuries. Medico-legal post-mortem

examinations. Examination of stains and fabrics. General principles of toxicology. The mode of action, symptoms and treatment of the more important poisons.

4. Public Health :—

*Sanitary medicine.*—General mortality, and its principal features (statistical and other). Zymotic diseases. Epidemic and endemic diseases. Epizootic and enzootic diseases, and their relation to human diseases. Hygiene in relation to meteorological and topographical conditions, climate, air, water, food, clothing, occupation.

*Practical Hygiene.*—The dwelling (site, foundations, structure, etc.). Water supply; ventilation and cubic space; warming and lighting. Conveniences. Drains, sewers. Refuse disposal, destructors. Sewage disposal and treatment. Sewerage works. Hospitals for infectious diseases. Disinfection. Vaccination.

---

FINAL EXAMINATION FOR THE DEGREES OF  
BACHELOR OF MEDICINE AND BACHELOR  
OF SURGERY.

Medicine, clinical medicine and psychological medicine.

Surgery and clinical surgery.

Surgical anatomy and Surgical operations. Surgical instruments, splints and bandages.

Midwifery, gynæcology and clinical gynæcology.

Therapeutics.

Diseases of the throat, nose and ear; diseases of the skin; diseases of children; and diseases of the eye.

---

EXAMINATION FOR THE DEGREE OF MASTER  
OF SURGERY.

Surgery. Surgical pathology. Surgical anatomy.

Surgical operations. Clinical surgery.

---

THE DEGREE OF DOCTOR OF MEDICINE.

A candidate for this degree may (a) present an original essay, or (b) undergo a special examination in the theory and practice of Medicine. (For particulars see the Calendar of the College of Medicine).

---

THE DEGREE OF DOCTOR OF SURGERY.

For particulars regarding this degree, see the *Calendar* of the College of Medicine.

EXAMINATION FOR THE DEGREE OF DOCTOR OF  
MEDICINE FOR PRACTITIONERS OF FIFTEEN  
YEARS' STANDING.

Principles and practice of medicine, clinical medicine, psychological medicine, hygiene, and therapeutics.  
Principles and practice of surgery, clinical surgery.  
Midwifery and diseases of women and children.  
Pathology (medical and surgical)  
Anatomy (medical and surgical).  
Medical jurisprudence and toxicology.  
Arts.

---

EXAMINATION FOR THE DEGREE OF BACHELOR  
OF HYGIENE AND FOR THE DIPLOMA IN  
PUBLIC HEALTH.

Sanitary chemistry. Physics.  
Comparative pathology, bacteriology, etc.  
Sanitary legislation. Vital statistics.  
Meteorology, climatology, etc.  
Nosology. Sanitary medicine. Practical hygiene.

---

EXAMINATION FOR THE DEGREE OF DOCTOR  
OF HYGIENE.

The claims of a candidate for this degree are investigated by two examiners, one of whom shall be specially conversant with the branch of the subject selected by the candidate, who shall report to the Board of the Faculty of Medicine in Easter term on the qualifications of the candidate, basing their report upon the candidate's distinction in special research or learning. The examiners shall examine the candidate in such manner as they may deem advisable. The examination shall not necessarily be confined to the Subject or Subjects advanced by the candidate. The candidate must state the Special Subject, upon a knowledge of which he bases his qualifications, forwarding at the same time a thesis and such other evidence of his contributions to the advancement of hygiene as may support his application.

FOR THE LICENCE IN DENTAL SURGERY.

Chemistry.

Physics.

Dental mechanics (theoretical and practical).

Dental metallurgy.

Anatomy.

Physiology and histology.

Dental anatomy and dental histology.

Dental materia medica.

Surgery.

Dental surgery, including prosthetics and orthodontia.

Operative dental surgery (practical examination).

Dental pathology and bacteriology.

FOR THE DIPLOMA IN PSYCHIATRY.

Part 1.

Anatomy. Physiology.

Pathology. Bacteriology.

Part 2.

Psychology. Experimental psychology.

Neurology and psychiatry (systematic and clinical).

## COURSES IN SCIENCE.\*

FOR THE PASS DEGREE OF B.Sc. IN  
PURE SCIENCE.

The following particulars give some idea of the scope of the various subjects:—

## INTERMEDIATE PART

## (a) MATHEMATICS.

Geometry of the Triangle and Circle.

Algebra, including Binomial Theorem.

Logarithms.

Graphs.

Elements of the Calculus.

Trigonometry, including the solution of triangles.

The Elementary Laws and Principles of Mechanics.

## (b) PHYSICS.

Experimental Mechanics, including Hydrostatics and Pneumatics.

The Elementary Phenomena of Heat, Sound, Light, Electricity, and Magnetism, treated experimentally.

Practical examination.

## (c) CHEMISTRY.

General Principles of Chemistry.

Elements of Inorganic Chemistry.

Practical examination.

## (d) GEOLOGY.

General Principles of Physical and Historical Geology.

Field Work.

Practical Examination.

## (e) ZOOLOGY.

Elementary Morphology, Life-histories and Classification of Animals.

Practical examination on the following types:—Amœba, Paramecium, Vorticella, Hydra, Taenia, Lumbricus, Blatta, Nephrops, Anodonta, Amphioxus, Raia, Rana, Lepus.

---

\* The Regulations for Degrees in Science are given in Regulations Title V, Sections X, XI, XII.

*(f) BOTANY.*

The elements of Morphology and Histology as exemplified by the various types of the Vegetable Kingdom.

The fundamental principles of the Nutrition and Reproduction of Plants treated experimentally.

Outline of Classification.

Practical examination.

## FINAL PART.

*(a) Mathematics.*

Analytical Geometry of the Line and Circle.

Differential and Integral Calculus.

Conic Sections.

Differential Equations.

Geometry of three dimensions.

Statics.

Dynamics.

*(b) Physics.*

The subjects of the Final Examination will include the experimental treatment of :—

General Physics, including the Properties of Matter.

Heat, including the Laws of Thermodynamics.

Sound.

Light.

Magnetism and Electricity.

Practical Physics :—

Candidates will be required to hand in their Laboratory notebooks duly examined, and to submit to such further practical tests as the examiners may require.

*(c) Chemistry.*

The subjects of the Final Examination will be :—

Inorganic Chemistry, Organic Chemistry, the outlines of Chemical Philosophy, and General Chemistry, including,

The Metals and their more important compounds ;

Advanced study of Non-Metals ;

Qualitative Analysis ;

Quantitative Analysis ;

Practical Chemistry.

Students will be required to hand in their Laboratory journals duly initialled by the Professor, and to submit to such further tests of their knowledge of Qualitative and Quantitative Analysis as the examiners may require.

(d) *Geology.*

Physical Geology.

Stratigraphical Geology.

Palæontology.

Petrology.—Practical work in all branches, including Field Work.

(e) *Zoology.*

The Morphology, Physiology, Development, Distribution and Classification of Protozoa and Invertebrate Metazoa.

Morphology, Physiology, Embryology, Distribution and Classification of Vertebrata.

Theories of Evolution and of the Philosophical problems of Zoology.

Practical Examination. (Dissections outside of the ordinary routine of Laboratory work may be required).

(f) *Botany.*

The general Morphology and Anatomy of Plants.

The Structure and Life-histories of the more important types of Algae; Fungi, Mosses and Liverworts; Ferns and Fern Allies; Gymnosperms and Angiosperms.

The important British Natural Orders.

The Physiology of Plants.

Vegetable Pathology.

The Elements of Palaeobotany.

The Structure and Mode of Action of Bacteria.

The Classification of the Vegetable Kingdom, including the Phyllogeny of the various groups.

Considerations of Plant Ecology with special reference to the influences determining the Character and Distribution of the British Flora.

Outlines of the History of Botany.

Practical examination.

(g) *Physiology.*

The elements of general Physiology, including the functions of the cell.

Blood and lymph; the circulatory system.

Respiration.

The digestive system ; metabolism.

The endocrine organs.

The urinary system.

Voice and speech.

The nervous system and special senses.

The reproductive system.

A practical course of chemical and experimental Physiology.

A course of Practical Histology.

Practical examination.

(h) *Education.*

#### PART I.

The Logical and Psychological bases of Education.

The main principles of teaching founded upon the above and upon School Experience.

School Hygiene and Physical Exercises.

Discipline and Class Management.

The Organization and Administration of English Schools, the various types of Schools and Colleges and their inter-relation.

#### PART II.

(i) An Essay based on the study of some special subject or question, *either* (a) from books or (b) from visits paid to schools. The subject to be chosen by each student and to be approved at the beginning of the session.

(ii) 1922. Educational development in the Nineteenth Century.

The Practice of Teaching. Candidates will be required to produce certificates of attendance and competency from teachers concerned.

## FOR THE PASS DEGREE OF B.Sc. IN APPLIED SCIENCE

### INTERMEDIATE PART.

(a) *Agriculture.*

Candidates for Agriculture must offer Chemistry, Botany and Zoology, and either Mathematics or Physics.

For syllabus in Chemistry, Mathematics, Physics, Botany, Zoology and Geology see pp. 26-1, 26-5.

*(b) Engineering, Naval Architecture, Mining and Metallurgy.*

Candidates in Engineering, Naval Architecture, Mining and Metallurgy are required to present the four subjects, Mathematics (Pure and Applied), Physics, Chemistry, Applied Mechanics and Mechanical Drawing.

For syllabus in Mathematics, Physics and Chemistry, see p. 264.

*Applied Mechanics and Mechanical Drawing.*

*Strength of Materials.*—Tension, compression and shear, B.M. and S.F. diagrams for simple cases. Properties of materials used in construction. Factors of safety. Fatigue.

*Heat and Heat Engines.*—Properties of steam. Steam engines. Slide valves, expansive use of steam. Steam jacket. Theoretical indicator diagram. Horse-power. Brakes. Boilers. Internal combustion engines, simple cycles. Carburettors and vapourisers.

*Hydraulics.*—Steam line and eddying motion. Nozzles and orifices. Flow without friction. Hydraulic machines.

*Practical Geometry.*—Curves, conic sections, involutes, loci of points, cams. Simple mechanism. Projection, interpenetration and developments of simple solids. Isometric projection.

*Machine Drawing.*—Sketches of parts from models or memory, with full descriptions. Preparation of working drawings from hand sketches.

## SECOND YEAR.

## SECTION A.—Agriculture.

*Group I.*

(a) Agriculture, Part I.

(b) Organic and Agricultural Chemistry

*Group II.*

(a) Agricultural Botany.

(b) Anatomy and Physiology of Farm Animals, and Entomology.

(c) Land Surveying.

(d) Agricultural Geology or Military Science.

## SECTION B.—Mechanical Engineering.

*Group I.*

(a) Junior Engineering.

(b) Mechanical Drawing.

(c) Junior Engineering Laboratory.

*Group II.*

(a) Senior Physics.

(b) Junior Electrical Engineering.

(c) Mathematics.

## SECTION C.—Marine Engineering.

*Group I.*

- (a) Junior Engineering.
- (b) Mechanical Drawing.
- (c) Junior Engineering Laboratory.

*Group II.*

- (a) Senior Physics.
- (b) Junior Naval Architecture.
- (c) Mathematics.

## SECTION D.—Electrical Engineering.

*Group I.*

- (a) Electrical Engineering.
- (b) Junior Electrical Engineering Laboratory.

*Group II.*

- (a) Junior Engineering—Engineering Laboratory.
- (b) Mechanical Drawing.
- (c) Senior Physics.
- (d) Mathematics.

## SECTION E.—Civil or Military Engineering.

*Group I.*

- (a) Junior Civil Engineering.
- (b) Junior Engineering.
- (c) Engineering Drawing.

*Group II.*

- (a) Junior Engineering Laboratory.
- (b) *either* Applied Geology (for students in Civil Engineering),  
*or* Military Science, Part I (for students in Military Engineering ; see p. 247).
- (c) Surveying.\*
- (d) Mathematics.

## SECTION F.—Naval Architecture.

*Group I.*

- (a) Junior Naval Architecture.
- (b) Junior Ship Drawing and Calculations.

*Group II.*

- (a) Senior Physics.
- (b) Junior Engineering—Engineering Laboratory.
- (c) Mathematics.

\* The Easter Surveying Field Week forms part of this course.

## SECTION G. —Mining.

*Group I.*

- (a) Junior Geology.
- (b) Economic Mineralogy.
- (c) Mineral Deposits.

*Group II.*

- (a) Junior Engineering—Engineering Laboratory.
- (b) Mechanical Drawing.
- (c) Chemistry.

## SECTION H.—Metallurgy.

*Group I.*

- (a) General Metallurgy.
- (b) Chemistry.

*Group II.*

- (a) Economic Mineralogy.
- (b) Junior Engineering—Engineering Laboratory.
- (c) Mechanical Drawing.

## THIRD YEAR.

## SECTION A. —Agriculture. (Professional Subject, "Agriculture," Group I.)

*Group I.*

- (a) Agriculture, Part II.
- (b) Estate Management.
- (c) Farm Accountancy.

*Group II.*

- (a) Agricultural Chemistry.
- (b) Agricultural Botany.
- (c) Pathology and Farm Hygiene.
- (d) Forestry.
- (e) Agricultural Engineering.

SECTION B.—Mechanical Engineering and Marine Engineering.  
(Professional Subject, "Engineering," Group I.)*Group I.*

- (a) Thermodynamics and Steam Turbines.
- (b) Steam and Internal Combustion Engines.
- (c) Strength and Elasticity of Materials.
- (d) Mechanical Drawing.
- (e) Engineering Laboratory.

*Group II.*

- (a) Special Mathematics.
- (b) Metallurgy.

SECTION C.—Electrical Engineering. (Professional Subject,  
“Electrical Engineering,” Group I.)

*Group I.*

- (a) Senior Electrical Engineering.
- (b) Electrical Engineering Laboratory.
- (c) Strength and Elasticity of Materials.

*Group II.*

- (a) Thermodynamics and Steam Turbines.
- (b) Mechanical Drawing.
- (c) Engineering Laboratory.
- (d) Special Mathematics.

SECTION D.—Civil or Military Engineering. (Professional  
Subject, “Civil Engineering,” Group I.)

*Group I.*

- (a) Senior Civil Engineering.
- (b) Strength and Elasticity of Materials.
- (c) Special Drawing.
- (d) Surveying.\*

*Group II.*

- (a) Engineering Laboratory.
- (b) *either* Practical Geology (for students in Civil Engineering).  
*or* Military Science, Part II (for students in Military Engineering; see p. 247).
- (c) Special Mathematics.

SECTION E.—Naval Architecture. (Professional Subject, “Naval  
Architecture,” Group I.)

*Group I.*

- (a) Buoyancy and Stability of Ships.
- (b) Strength of Ships, Waves, and Rolling of Ships.
- (c) Resistance, Propulsion, and Design of Ships.
- (d) Strength and Elasticity of Materials.

*Group II.*

- (a) Metallurgy.
- (b) Engineering Laboratory.
- (c) Special Mathematics.

---

\* The Easter Surveying Field Week forms part of this course.

SECTION F.—Mining.\* (Professional Subject, "Mining,"  
Group I.)

*Group I.*

- (a) Mining.
- (b) Surveying.†

*Group II.*

- (a) Dressing of Minerals.
- (b) Metallurgy.
- (c) Strength and Elasticity of Materials.
- (d) Electrical Engineering.

SECTION G.—Metallurgy. (Professional Subject, "Metallurgy,"  
Group I.)

*Group I.*

- (a) Metallurgy.
- (b) Assaying.

*Group II.*

- (a) Dressing of Minerals.
- (b) Chemistry (Organic and Gas Analysis).
- (c) Strength and Elasticity of Materials.
- (d) Electrical Engineering.

Distinction may be awarded in the Final Examination in the Professional Subject only.

## FOR THE DEGREE OF B.Sc. IN PURE SCIENCE WITH HONOURS.

(a) MATHEMATICS.

(i) *Pure* :—

Higher Algebra including continued fractions.

Theory of Equations, Theory of Forms, Spherical Trigonometry.

Infinite-simal Calculus, ordinary differential equations, partial differential equations of the first order.

Co-ordinate Geometry of Conics, Geometry of Three Dimensions.

Elements of the Theory of Functions.

---

\* Students must show sufficient knowledge of both Coal and Metal Mining. Before being presented for a degree they must also produce satisfactory evidence that they have spent a period of not less than four months altogether in or about a mine, with the object of acquiring a practical insight into the elements of their future profession.

† The Easter Surveying Field Week forms part of this course.

(ii) *Applied* :—

Statics, Dynamics, Hydrostatics.

Analytical Statics, Rigid Dynamics, Elements of the Theory of Vibrations.

Advanced Rigid Dynamics, and one of the following divisions :—

(a) Hydrodynamics, Sound, Elasticity.

(b) Attractions, Electricity, Optics.

The examination in Mathematics (Pure and Applied) to consist of 8 papers.

## (b) PHYSICS.

The general study of the subject with special attention given to one particular section of Physics.

The examination to consist of four written papers, one of these written papers being on some special section of Advanced Physics. Practical Examination of 12 hours.

## (c) CHEMISTRY.

Inorganic, Organic, Analytical, Physical Chemistry, and the History of Chemistry.

The examination to consist of four written papers, one of which will deal with a special department of Chemistry selected by the candidate with the approval of the Head of the department. Practical Examination of 18 hours.

## (d) GEOLOGY.

Geology, Palæontology, Petrology, with special attention to one particular section of the subject.

The examination to consist of three papers and one special paper. Practical examination of 9 hours.

## (e) ZOOLOGY.

Zoology, Palæozoology, Morphology, Physiology, and the History of Zoology with a knowledge of a special section.

The examination to consist of three papers. Practical examination of 12 hours.

## (f) BOTANY

Classification and Anatomy, Physiology, Pathology, Bio-Chemistry and Bio-Physics of Plants, Bacteria, Ecology, Palæobotany, Cytology, History of Botany, with a knowledge of a special section.

The examination to consist of four papers. Practical examination of 12 hours.

## (g) PHYSIOLOGY.

General, experimental and chemical Physiology, with special attention to one particular section. Histology. The history of Physiology.

The examination to consist of three papers and an essay. Practical examination of 10 hours.

## SCHEDULE OF PROFESSIONAL SUBJECTS OF THE HONOURS SCHOOL OF APPLIED SCIENCE.

1. Agriculture.
2. Mechanical Engineering.
3. Marine Engineering.
4. Civil Engineering.
5. Electrical Engineering.
6. Naval Architecture.
7. Mining.
  - Mathematics (Pure and Applied).
  - Chemistry, including Gas Analysis.
  - Engineering, Electrical Engineering.
  - Strength and Elasticity of Materials, and Engineering Laboratory (3rd year).
  - Thermodynamics and Steam Turbines (4th year).
  - Mineralogy.
  - Geology (during two years).
  - Mining.
  - Mineral Deposits.
  - Metallurgy.
  - Surveying (during two years).
  - Dressing of Minerals.
  - Mining Accounting.
  - Ambulance (during three years).
8. Metallurgy.
  - Mathematics (Pure and Applied).
  - Chemistry, including Analysis and Gas Analysis.
  - Engineering, Electrical Engineering.
  - Strength and Elasticity of Materials, and Engineering Laboratory.
  - Thermodynamics and Steam Turbines.
  - Economic Mineralogy.
  - Surveying.
  - Dressing of Minerals.
  - Metallurgy (during two years).
  - Metallography.
  - Economics of Industry.
  - Accounting.
  - Ambulance (during three years).

## M.Sc. EXAMINATION.

The following are recognised amongst others as special branches of the several Natural and Technical Sciences adequate for the purpose of this examination.

## MATHEMATICS.

Plane Geometry.  
 Geometry of three Dimensions.  
 Theory of Algebraic Forms.  
 Differential Equations.  
 Theory of Functions.  
 Theory of Quaternions.  
 Dynamics of a Rigid Body.  
 Hydromechanics.  
 Theory of Attractions and Potential, including Spherical Harmonics.  
 Astronomy.

## EXPERIMENTAL PHYSICS.

Mechanics and Acoustics.  
 Heat and Thermodynamics.  
 Light.  
 Electricity and Magnetism.

## CHEMISTRY.

Pure Inorganic Chemistry.  
 Pure Organic Chemistry.  
 Analytical Chemistry.  
 Applied Chemistry.  
 Physical Chemistry.  
 Agricultural Chemistry.

## GEOLOGY.

Physical Geology.—Astronomical Relations of the Earth :  
     general knowledge.  
     Volcanic and Subterranean Phenomena ; Meta-  
     morphism ; Denudation ; Glacial Phenomena.  
     Rock-formation.  
     Origin of Lodes and Veins.  
 Lithology.—Lithology.  
     Mineralogy of rock-forming Minerals.  
     Micro-petrography.  
 Descriptive Geology.—Stratigraphy.  
     Leading features of European Geology.  
     Topographical Geology of Britain, or some equally  
     well-defined region.  
 Palæontology.—Flora and Fauna of the great  
     Fossiliferous Formations.  
     One important Group of Fossil Forms.

Mining Geology.—Physical Geology so far as relates to Subterranean Phenomena, and the Origin of Lodes and Veins.

Stratigraphy.

Mineralogy so far as relates to Minerals used in the Arts.

Geological Surveying.

Agricultural Geology.

#### BOTANY.

Histology.

Classification.

Physiology.

Pathology.

Morphology.

Palæobotany.

The origin and characters of the various Flora.

Bacteriology.

Agricultural Botany.

#### ZOOLOGY.

Embryology.

Morphology and Morphogenesis.

Histology and Histogenesis.

Physiology.

Palæozoology and Distribution.

Parasitology.

Economic Zoology.

Agricultural Zoology.

Marine and Oceanic Zoology.

Philosophy and History.

#### PHYSIOLOGY.

#### EXPERIMENTAL PSYCHOLOGY.

#### AGRICULTURE.

Soils.

Crops.

Live Stock.

Dairying.

Forestry.

Candidates presenting any of these subjects are required to satisfy the Examiners as to their knowledge of Agriculture as a whole.

#### ENGINEERING.

Mechanical Engineering.

Marine Engineering.

Civil Engineering.

ELECTRICAL ENGINEERING.

NAVAL ARCHITECTURE.

MINING.

Coal Mining.

Metalliferous Mining.

All candidates are required to show a knowledge of recent discussions and discoveries.

## D.Sc. EXAMINATION.

The scope of the examination is indicated in the Regulations, Title V, Section XII (ii); see p. 115.

## COURSES IN COMMERCE.

1. Candidates for the degree of Bachelor of Commerce are required to have passed the Matriculation Examination of this University or its equivalent. If a modern foreign language was not presented at the Matriculation Examination the candidate before entering on his Commerce Course must pass an examination in such a language.

2. Candidates are required to attend for a period of at least three academic years the following course of study; but the Faculty may allow a candidate, under special circumstances, to study the subjects for the degree in an order different from that prescribed.

FIRST YEAR. (Examinations in June and September).

- (i) Elementary Economics.
- (ii) Economic History.
- (iii) A Modern Foreign Language.
- (iv) Social Psychology.
- (v) *Either Mathematics or a Science or Modern History or a second Modern Foreign Language or Military Science.*

SECOND YEAR. (Examinations in June and September).

- (i) Advanced Economics.
- (ii) Commercial Law.
- (iii) The Modern Foreign Language taken in the first year.
- (iv) and (v) *Either (a) Two subjects from Group A.*  
*or (b) One subject from Group A and one from Group B.*  
*or (c) Two subjects from Group B.*

THIRD YEAR. (Examination in June).

- (i) Economics—*Either* The Organisation of Industry and Commerce.  
*or* The Organisation of Transport.
- (ii) The Modern Foreign Language taken in preceding years.
- (iii) and (iv) Two subjects as follows. If in the Second year the course adopted under (iv) and (v) has been :—  
Course (a)—then the two subjects chosen must be continued for the third year ;  
Course (b)—the subject from Group A must be continued for the third year, together with an additional subject from Group B ;  
Course (c)—two additional subjects from Group B must be chosen.

Candidates for the Degree of Bachelor of Commerce are also required to attend a course and pass an examination in Accounting. The course and the examination may be taken in any year at the option of the candidate. Candidates who have passed an approved examination in Accounting may be excused attendance and examination in this subject.

SPECIAL SUBJECTS.

Group A.

- (i) A second Modern Language.
- (ii) A third Modern Language.
- (iii) Mathematics.
- (iv) A Science applicable to manufacture.
- (v) A second Science applicable to manufacture.

Group B.

- (i) Banking and Currency.
- (ii) International Trade and the Foreign Exchanges.
- (iii) Foreign Trade of the chief Commercial Countries.
- (iv) Railway Economics.
- (v) Railway Operating.
- (vi) Railway Geography of the United Kingdom.
- (vii) Railway Law.
- (viii) Public Finance.
- (ix) Mathematics (Provided it is not taken under Group A).
- (x) Statistics.
- (xi) Modern History.
- (xii) A special period of Economic or Modern History.
- (xiii) Political Science.
- (xiv) Accounting (Special branch).
- (xv) The Economics of the Coal Industry.

- (xvi) The Economics of the Iron Industry.
- (xvii) The Economics of any other Industry.
- (xviii) Shipping.
- (xix) Insurance.
- (xx) Military Science, Part II, see p. 248.

(In each of the subjects of Groups A and B a course of study must be followed to the satisfaction of the Professor of the subject).

Candidates for B.Com. who do not offer Military Science as a part of their degree course, may offer it as an extra subject, and, if successful, shall receive from the University a special certificate to that effect.

3. The examination for the degree of Bachelor of Commerce is divided into three parts, corresponding to the three years' course of study and called the First, Second and Third Examinations. In the case of the First and Second Examinations candidates are required to offer, and to satisfy the examiners in, four of the five approved subjects at the same time. A fifth subject may be deferred to a subsequent examination if a candidate so desires, but this examination must be passed before a candidate may proceed to the next higher examination. In the case of the Third Examination candidates are required to offer, and to satisfy the examiners in, four approved subjects at the same time.

4. The names of successful candidates will be published in alphabetical order. Distinction may be awarded to candidates who have completed the Third Examination for the degree, and who have shown sufficient merit in the Second and Third Examinations.

5. Candidates who have passed the Matriculation Examination of the University or its equivalent and who have obtained the Diploma in Commerce of Armstrong College may count towards the Degree any subject or subjects in which they are certified by the Diploma examiners to have attained a sufficiently high standard. But such candidates will be required to satisfy the examiners in at least four approved subjects at the Second Examination and four approved subjects at the Third Examination. Such candidates may qualify to proceed to the degree by attendance at either day or evening classes.

6. Candidates who have passed the Final Examination for a degree of this or any other University of the United Kingdom, or who present evidence of previous study satisfactory to the Faculty, may be excused such attendance and examination as the Faculty may determine, and may proceed to the degree of B.Com. after two years of study of the subjects for the degree. Such candidates may qualify to proceed to the degree by attendance at either day or evening classes.

7. Candidates who have passed the examination for the Degree in Commerce and who elect to present themselves for a more advanced examination (written or spoken) in a language approved by the Board of the Faculty of Commerce, may be admitted to such an examination and, if successful, shall receive a certificate to that effect. Candidates must present themselves for this examination in June or September.

8. The detailed subjects of examination and the hours of attendance required in each subject are as follows :—

#### FIRST YEAR.

- (i) Economics. The elements of Political Economy. (Two hours a week for three terms).
- (ii) Economic History. (Two hours a week for three terms).
- (iii) A Modern Foreign Language. (Three hours a week for three terms).
- (iv) and (v) General Economic Geography. The influence of geographical conditions on economic and political development. (Two hours a week for three terms).
- (v) Mathematics *or* a Science. (The attendance required is that prescribed for the Intermediate year in the Faculty of Science).
- (vi) Modern History. General history from 1815 with special reference to social and economic developments. (Two hours a week for three terms).
- (vii) Military Science, Part I—see p. 248.

#### SECOND YEAR.

- (i) Economics. The chief problems of Production, Distribution, Consumption and Exchange. (Two hours a week for three terms).
- (ii) Commercial Law. (Two hours a week for three terms).
- (iii) A Modern Foreign Language. (Two hours a week for three terms).
- (iv) Special Subjects—see above.

#### THIRD YEAR.

- (i) Economics—A description and analysis of the organisation and methods *either* of Modern Industry and Commerce *or* of Modern Railways. (Two hours a week for three terms).
- (ii) A Modern Foreign Language. (Two hours a week for three terms).
- (iii) and (iv) Special Subjects—see above.

## THE DEGREE OF MASTER OF COMMERCE.

Bachelors of Commerce of at least three years' standing may be admitted to the degree of Master of Commerce. They will be required to offer a dissertation on some subject approved by the Board of the Faculty, and to submit to such examination on the subject of their dissertation as the Examiners may desire. No further attendance at College Classes is required.

Bachelors of Commerce are allowed to submit their dissertation after the completion of one year after taking their B.Com., provided it be not later than March 31st in the year in which they wish to proceed to the degree, but cannot proceed to the degree of M.Com. until they are of the proper standing.

## I.

The University of Durham has established a Doctorate in Philosophy for the encouragement of post-graduate study. The degree may be conferred upon graduates of approved Universities, whether within or without the British Dominions, but such graduates must furnish evidence that they are qualified to undertake the course of study which they propose to pursue. The University Session begins in the first week in October and ends in the first week of July, but research students will have access to the laboratories and other facilities for their research for a great part of the Long Vacation.

Research students will as a rule be expected to begin their course in the October term but may under special circumstances begin it at other times in the session. Intending students should communicate in good time with one of the following:—the Secretary of the Council of the Durham Colleges, the Secretary of the College of Medicine, or the Registrar of Armstrong College according as they wish to study at Durham, at the College of Medicine, or at Armstrong College respectively. They will then be put into communication

with the head of the department in which they propose to work. It is desirable that with their original application they should enclose evidence of their qualifications to undertake the research proposed.

The fees payable are as follows :—

1. Entrance fee, £5.\*
2. Tuition fee, £5 per term.
3. On presentation of a thesis, £10.
4. On admission to the degree, £5.

## II.

The following facilities for research are provided in the three constituent portions of the University respectively.

### A. Durham Colleges.

The following Colleges and Halls can accommodate students if there are vacancies when application is made :—

M.Sc.

(2) Faculty of Arts.

- Economics . . . . . Professor H. M. Hallsworth,  
M.A., M.Com., B.Sc.

Other departments hope to be in a position to provide for students undertaking work for the doctorate at an early date.

## III.

The Regulations for the degree of Ph.D. are as follows :—

## A.

1. The Status of Advanced Student in the University of Durham shall be open to the following :—

(a) Holders of research degrees or of post-graduate scholarships or fellowships in this University or in other Universities approved by Senate.

(b) Recipients of grants from the State or Public Bodies for the purpose of postgraduate research.

(c) Graduates who hold a degree of this or any other University approved by Senate.

(d) Such other persons as Senate may from time to time determine. In this case Senate shall decide by what tests the qualifications of the candidates are to be estimated.

2. Before entering on the course of Advanced Study and Research the candidate shall be required :—

(a) To have submitted to the Head of the Department in which he proposes to work, a scheme of the course of Advanced Study and Research proposed together with satisfactory evidence of adequate training and ability to undertake the proposed course.

(b) To have matriculated as a student of the University and to pay the prescribed fees.

3. Candidates admitted to the Status of Advanced Student shall not be allowed to submit a thesis for the degree of Ph.D. till after a period of not less than two academical years from the date of their admission. The whole of this period shall be spent

in research under the supervision of the University, provided that, after the first year of their course, candidates may be permitted, under conditions approved by the University, to continue their studies in some other approved place of study or research.

## B.

### Of the Subjects in which the University will receive Advanced Students.

1. These subjects shall be determined from time to time by Senate on the recommendation, as the case may be, of the Council of the Durham Colleges, or of the Academic Board of the College of Medicine, or of the Board of Professors of Armstrong College.

2. The list of subjects so determined, together with the College or Colleges in which the course may be pursued, will be published in the *University Calendar*.\*

## C.

### Of the Exercises and Examinations required for the Degree of Ph.D.

The candidate will be required :—

(a) to present a Thesis† embodying the result of his research and to satisfy the University that it contains Original work worthy of publication.

(b) to pass an Oral examination in matters relevant to the subject of the Thesis, and, if required, a further written examination.

## D.

### Of Fees payable by Advanced Students.

1. Every candidate admitted to the Status of Advanced Student who is not already a member of the University of Durham shall, when matriculating, pay an inclusive entrance fee of £5.

\* For the list at present in force see Section II above.

† The date for sending in the Thesis in each year is September 30th.

2. All candidates admitted to a course of study for the Ph.D. shall pay such tuition fees as the University may from time to time determine.\*

3. All candidates for the Ph.D. shall pay £10 on presenting their application for the degree on the conclusion of their course, and £5 for the conferring of the degree.

### E.

#### Provision for further Regulations.

It shall be lawful for Senate to amend or modify these regulations from time to time as occasion arises, provided that no alteration take effect with less than a year's notice, or prejudice the interests of any candidate who has already entered on a course of study for the degree.

---

\*For the Fees at present in force see Section I above.

## FELLOWSHIPS.

(1) There are three Tutorial Fellowships tenable for five years the holders being eligible for re-election, the value being £200 on the 1st election, £250 on the 2nd election, and £300 on the 3rd and subsequent elections.

(2) The Fellow, as Fellow, shall deliver ten lectures a week if called upon by the Council so to do; and shall be paid for lectures above ten per week at the rate in force for the time being for additional lectures.

(3) The holder of a Tutorial Fellowship must reside in Durham during term time.

(4) There is one ordinary Fellowship tenable for two years of the value of £200 a year paid terminally. The Council when electing to an ordinary Fellowship may either require the holder to reside in Durham during term-time, and to do such academic work—not exceeding ten hours a week—as may be prescribed by the Council, or may require that he shall pursue a post-graduate course of study to the satisfaction of the Council. Unless candidates when they specify the subjects they offer should also state that they do not desire to do academic work in Durham, or do not desire to follow a post-graduate course of study, they will be regarded as willing to do whichever Council may require them to do. An ordinary Fellowship is vacated by marriage.

Ordinary Fellowships are awarded by Council after examination. Candidates may offer the subjects included in any one of the Honours Schools for the B.A. degree. The examination is held in November. Candidates for an ordinary Fellowship are eligible only for the first three examinations held after they have taken their Final examination for the degree of B.A.

(5) Fellowships can be held only by those who have kept terms and taken the degree of B.A. in the Durham Division of the University. A Tutorial Fellowship cannot be held along with an ordinary Fellowship.

*Fellows.*

- 1906 Pace, E. G. (*Tutorial*).  
1914 Pestle, E. P. (*Tutorial*).

## SCHOLARSHIPS.\*

The Foundation Scholarships and Exhibitions of the University are awarded by examination, and are open to all competitors (men and women), except in cases where the contrary is specified. A necessary condition of tenure is residence in the Durham Division as a Student in one of the regular courses.

Foundation Scholars in Classics or Mathematics are required to read for Honours both in the First Year and Final Examinations, and those in Theology either to read for Classical Honours and to pass in Hebrew in the First Public Examination (but not in Scripture History or in Logic) or to pass the Intermediate Examination including Hellenistic Greek and Hebrew, and to read for Theological Honours in the Final Examination.

At least two Foundation Scholarships, of not more than £70 in value nor less than £30, are offered, each June, in each of three Honour Schools, viz.:—Classics, Mathematics, Theology, and also for any two of the following taken together: Modern History, English, French, German.

The above are tenable for one year in the first instance, after which they may be continued or discontinued, increased or diminished, according to the award of the Examiners in the First Public Examination, or by the decision of Council.

Two Second Year Exhibitions of £30 each, tenable for one year, are offered in June at the Intermediate Examination in Arts.

An Exhibition of £30, tenable for one year, is offered at the Intermediate Examination in Arts in December, open to all candidates who do not hold any Scholarship or Exhibition. Students entering from Theological Colleges may be candidates for this Exhibition.

The Gisborne Scholarship, of about £36 value, is offered upon the same terms in June.

---

\* Candidates for these Scholarships must be members of Durham Colleges.

Three Exhibitions of the value of £20 are offered annually on the results of the Matriculation Examination; the Exhibitions are tenable in the first instance for one year, but are renewable for a second and third year on the recommendation of the Intermediate and Second Year Examiners respectively. Of these one Exhibition is offered in July, and two in October, or three in October if no Exhibition be awarded in July.

A further Exhibition, making four in all, is offered to Women candidates only in October each year.

No holder of a Foundation Scholarship of £70 a year can hold together with it any other Foundation Scholarship, except the Classical and Mathematical Scholarships, or any Scholarships or Exhibitions of private foundation (exclusive of the Barry Scholarship) amounting to £30 a year. No holder of a Foundation Scholarship of £30 a year can hold together with it a Foundation Scholarship of £70 a year, or Scholarships or Exhibitions of any kind (exclusive of the Classical, Mathematical, and Barry Scholarships) amounting to £70 a year. No holder of a Foundation Scholarship of £40 a year can hold together with it Scholarships or Exhibitions of any kind (exclusive of the Classical, Mathematical, Barry and De Bury Scholarships) amounting to £60 a year.

Two Exhibitions of £30 are offered to candidates for the Licence in Theology in December, one of £30 in March, and two of £30 in June, tenable for three terms during residence in Arts. The Exhibitions will be awarded on consideration of the marks gained in both Part A and Part B of the examination for L.Th., but only to such candidates as agree to enter upon their tenure in the Michaelmas or Epiphany Term next following, if awarded in March or June, and in the Epiphany or Michaelmas Term next following, if awarded in December.

One Theological Honours Exhibition of £40 a year tenable for one year is awarded, on the results of the First Year or Intermediate Examination in Arts in June, to candidates who intend to read for Honours in Theology in the Final Examination for the degree of Bachelor of Arts. It is tenable in the first instance for one term, and is renewable in accordance with the report given in Collections on the work of the holder of the Exhibition.

The following Scholarships and Exhibitions have been awarded during the past year :—

## VAN MILDERT SCHOLARSHIP.

This Scholarship, founded in memory of the late Bishop Van Mildert, is of the annual value of £50.

*Regulations for the Van Mildert Scholarship.*

1. Unless examiners shall be specially appointed for the purpose by the Durham Council, the electors for the Van Mildert Scholarship shall be the examiners for the Degree of B.A.

2. The candidates for the Van Mildert Scholarship shall be such undergraduates admitted to the final pass examination for the Degree of B.A. in Easter term, as are desirous of pursuing a course of study in Theology, and are recommended as fit by the President and their tutor, and have signified their desire to the examiners before the examination.

3. The examiners shall elect that candidate who, from the talents and acquirements shown in the examination, shall appear to them to be the best qualified to pursue the study of Divinity with success, provided he has shown distinctive merit.

4. The election shall be certified to the Council in writing, attested by the signatures of the examiners.

5. The Van Mildert Scholar shall keep three consecutive terms in Theology; at the end of his third term he shall pass the Examination for the Diploma in Theology.

6. One-third of the proceeds of the Scholarship shall be payable when the Scholar has kept one term, one-third when he has kept a second term, and the remainder of the Scholarship when he has kept a third term and proceeded to the Diploma in Theology. The residue which may be occasioned, either by his non-residence or by any other circumstances, shall either be laid out in prizes for those who distinguish themselves at the Examination for the Diploma in Theology or applied in such other manner as the Council of the Durham Colleges may think most conducive to the interests of the University.

7. No Van Mildert Scholar shall receive the proceeds of the Scholarship unless he produces a certificate from his tutor of good conduct and attention to his studies.

8. The Council shall have the power to alter or amend these regulations from time to time, provided that the Van Mildert Scholarship shall always be applied to the encouragement of Theological learning in the University.

## LINDSAY SCHOLARSHIP.

This Scholarship was founded by Mr. Ralph Lindsay, a native of St. Oswald's in the City of Durham.

*Regulations for the Lindsay Scholarship.*

1. The above-mentioned Foundation and its endowment are administered by the Council of the Durham Colleges (hereinafter called the Trustees), in conformity with the provisions of a Scheme, dated June 19th, 1906, under the name of the Ralph Lindsay Scholarship, hereinafter called the Foundation.

2. After payment of the expenses of administration, the Trustees shall apply a yearly sum of not less than £40, and not more than £60, in the maintenance of a Scholarship, to be called the Lindsay Scholarship, tenable at Durham University, and to be awarded to boys, who—

(i) are and have for not less than three years been in attendance at Durham Grammar School, and

(ii) either (a) were born in the dioceses of Durham or Newcastle, or (b) are of kin to the Founder, Ralph Lindsay.

Provided that any Scholarship for which there is no candidate qualified under both the foregoing paragraphs (i) and (ii) hereof, who on examination is adjudged worthy to take it, may for that turn be awarded to a candidate qualified under paragraph (i) only. Each Scholarship shall be awarded for a period of three years.

The Trustees may in any year apply any accumulations of income of the Foundation in increasing the value of the Scholarship, provided that the yearly value of the Scholarship shall not exceed £60.

3. Within the limits fixed by this Scheme, the Scholarship shall be freely and openly competed for, and shall be awarded for merit on the result of such examination, and under such regulations and conditions *as the Trustees think fit*, provided that, in the award, preference shall be given for proficiency in classics. Any Scholarship, for which there is no duly qualified candidate who, on examination, is adjudged worthy to take it, shall for that turn not be awarded.

4. The Scholarship shall be tenable only for the purposes of education. If the holder of a Scholarship is, in the judgment of the Trustees, guilty of serious misconduct or idleness, or fails to maintain a reasonable standard of proficiency, or wilfully ceases to pursue his education, the Trustees may deprive him of the Scholarship, and for this purpose may act on the report of the proper authorities of the said University, or on such other evidence as the Trustees think sufficient. Under this clause the decision of the Trustees shall be final in each case.

5. No boy shall, by reason of any exemption from attending prayer or religious worship, or from any lesson or series of lessons on a religious subject, be deprived of any advantage or emolument out of the endowment of the Foundation, to which he would otherwise have been entitled.

6. The Scholarship is awarded on the results of the Matriculation Examination.

ELLERTON SCHOLARSHIP.

The Rev. Edward Ellerton, D.D., Fellow of Magdalen College, Oxford, by deed dated February 22nd, 1848, founded a Scholarship now of the value of about £25 a year, for natives of the North Riding of York, tenable in ordinary cases for three years.

*Deed of Foundation.*

In gratitude to Divine Providence, I am desirous of assisting some of my compatriots, natives of the North Riding in the County of York, by founding for their benefit in the University of Durham a Scholarship of £21 per annum, tenable in ordinary cases for three years.

---

<sup>1</sup> Of University College.

The qualifications of the candidates shall be the following :

1. That they be natives of the North Riding of Yorkshire.
2. That they be sons of parents who are members of the Church of England.
3. That they shall have received their education at Richmond Grammar School.
4. That they shall not exceed their twentieth year on the day of their first election.
5. That they be in need of such assistance.

But if no candidate appear from Richmond School, or if such candidate be declared by the examiners to be incompetent,\* a native of the North Riding of Yorkshire educated elsewhere is to be elected Scholar. And if more candidates than one should appear, either from Richmond School or of those who have had their school education elsewhere, I desire that the best scholar be elected.

I consider it most safe to elect the scholar only for one year; and, if his conduct be satisfactory, to repeat the election at the commencement of the second year and third year; that if a youth elected scholar should, in the judgement of the Senate of the University, have forfeited his claim to re-election by indolence or immorality, he may be removed; and I hereby authorize and request the University to elect another scholar† in the room of him who has been found unworthy; and the scholar so elected, if he approve himself to the University by his diligence as a Student and his exemplary life as a Christian, shall enjoy the Scholarship for three years, having been three times elected, and at the end of the third year shall vacate it, to make room for another possessing all the requisite qualifications enumerated above.

*Supplement to the above deed, dated March 15, 1848.*

The event contemplated, that there may be no native of the North Riding a candidate for the Scholarship founded by me is possible, but not probable; but such a contingency should be provided for.

If such a case actually arise, I wish that the Scholarship should be thrown open to natives of the East and West Ridings of the county *pro istâ vice*, and that the person elected, if his conduct be satisfactory to the University, should enjoy it after three elections for three years.

---

\* *Aptus ad proficiendum* is the qualification required in our Oxford Statutes, and if the candidate is not so far advanced in learning as to be competent to profit by the lectures he will attend, he may be declared incompetent.

† An extraordinary election of this sort would, of course, be communicated to the Master of Richmond School, that he may avail himself of the vacancy, if he have any boys sufficiently advanced to fill it; if not, the election must be made out of natives of the North Riding educated elsewhere.

*Regulations for the Ellerton Scholarship.*

1. The Ellerton Scholar shall, in ordinary cases, be elected by the Council of the Durham Colleges in the Michaelmas Term of each year.

2. Each candidate, before he is admitted to examination, must submit to the Council testimonials of character and certificates to show that he possesses the qualifications specified in the Deed of Foundation.

3. The examination for admission to the Scholarship shall be conducted by two or more Examiners, to be nominated by the Council.

The Examiners, being furnished with a list of the candidates, shall make to the Council a report of the proficiency of each.

4. The Ellerton Scholar will be required to keep his Terms and pursue his studies in the Durham Division as a Student in Arts.

5. The Council shall have authority to dispense with the keeping of not more than one Term of residence in the course of two years; and not more than two Terms of residence in the course of three years.

6. In such cases the Scholar shall receive only such portion of the proceeds of the Scholarship as may be due for the Terms he has kept.

The residue which may arise, either from this cause or from any other circumstance, shall be added from time to time to increase the value of the Scholarship.

7. The Council shall have power to alter and amend these Regulations from time to time, consistently with the Deed of Foundation.

## BARRY SCHOLARSHIP.

James Barry, late of the City of Durham, devised to William Lloyd Wharton, Francis Dixon Johnson, Anthony Wilkinson, the Rev. James Raine, and John Fogg-Elliott, such part of his effects as should enable them to invest in the parliamentary or public stocks of this kingdom a sum producing £30 per annum for a Divinity Scholarship.

In the year 1913 (March 18) the following scheme was made by the Board of Education:—

---

<sup>1</sup> Of University College.      <sup>2</sup> Of Hatfield College.

1. In this Scheme the expression "the Foundation" means the Foundation called the James Barry Divinity Scholarship, in connexion with the University of Durham, now regulated by a Scheme of the Charity Commissioners of 7 February, 1893.

2. The Foundation and its endowment (including the sum of Stock specified in the Schedule to this Scheme) shall be administered and managed in conformity with the provisions of this Scheme.

3. The body of Trustees shall consist of the Chancellor of the University of Durham, the Dean of Durham, and the Professors of Divinity, Greek, and Hebrew in the said University, for the time being respectively.

4. There shall be a quorum when two Trustees are present at any meeting. The Trustee who, of those present stands first in the list of Trustees contained in the foregoing clause shall be the Chairman of the meeting. Every matter shall be determined by the majority of the Trustees present and voting upon the question. In case of equality of votes the Chairman shall have a second or casting vote.

5. All the proper costs, charges, and expenses of and incidental to the administration and management of the Foundation shall be first defrayed by the Trustees out of the income thereof.

6. Subject to the payments aforesaid, the yearly income of the Foundation shall be applied by the Trustees in the annual award of one or more Scholarships, tenable for one year in the University of Durham by resident students engaged in the study of Theology, being members of the Church of England, to be elected by the Trustees subject to the following rules:—

(a) The election shall take place at such time in Easter term as the Trustees shall fix.

(b) Candidates must be of not less than three nor more than nine terms' standing.

(c) Candidates must furnish such testimonials of good conduct and studious habits as shall be satisfactory to the Professor of Divinity of the University.

(d) Every Scholarship shall be awarded by the Trustees upon consideration of—

(i) An essay by each candidate on such subject, being a subject included in any of the courses prescribed by the University for the study of Theology, as the Professor of Divinity shall appoint; and

(ii) The Academic record of the candidates, with special reference to their performances in any examinations of the University.

(e) A Scholarship cannot be awarded twice to the same person.

(f) Subject as aforesaid the Scholarship or Scholarships shall be awarded under such rules and conditions as the Trustees think fit. If at the time of election there shall be no duly qualified candidate who is adjudged worthy to take a Scholarship, no Scholarship shall for that turn be awarded.

7. Any sum of cash now or at any time belonging to the Foundation and not needed as a balance for working purposes shall (unless otherwise ordered by the Board of Education) be invested in the name of the Official Trustees of Charitable Funds.

8. Any question as to the construction of this Scheme, or as to the regularity or the validity of any acts done or about to be done under this Scheme, shall be determined conclusively by the Board of Education, upon such application made to them for the purpose as they think sufficient.

9. The date of this Scheme shall be the day on which it is established by an Order of the Board of Education.

## LUKE ARMSTRONG MEMORIAL SCHOLARSHIP.

The friends of the late Luke Armstrong, M.D., who was connected with the College as Lecturer for a period of twenty-four years, desiring to testify their esteem for him and to perpetuate his memory, contributed £680, which has been invested to found a Scholarship in Comparative Pathology.

The Scholarship is open to all Graduates in Medicine or Hygiene, who have spent at least six months at the University of Durham, and whose age does not exceed thirty years. The Scholarship to be awarded annually to the author of the best Essay on some subject in Comparative Pathology which has been approved by the Professor of Comparative Pathology. The Essay may be illustrated by drawings, preparations and specimens.

These, together with the prize Essay, shall become the property of the College of Medicine. The Essay must be type-written, and should be sent to the Professor of Comparative Pathology not later than the 1st June in each year. The successful Candidate will be styled the Luke Armstrong Scholar in Comparative Pathology. By permission the Scholar may publish his Essay.

If no essay of sufficient merit be presented, the Scholarship may be awarded to the Candidate who, in passing the first part of the Examination for the B. Hy. Degree, obtains the highest number of marks in Comparative Pathology during the year.

STEPHEN SCOTT SCHOLARSHIP.

The late Stephen Scott, of Harrogate, formerly of Newcastle-upon-Tyne, generously presented to the College of Medicine the sum of £1,000, for the purpose of founding a Scholarship. The competition shall be by an original Essay. By the terms of Mr. Scott's gift, the subject of the Essay was at first limited to "Hernia and Allied Subjects," but afterwards he kindly consented to extend the scope of the Essay so as to include any Surgical subject. Any Graduate in Medicine or Surgery of the University of Durham, or any Student of the College of Medicine, shall be eligible to compete for the Scholarship, provided that such Student shall have kept at least one academical year in attendance at the College, and that in any case his age does not exceed thirty years at the time when the Essay is sent in.

The Competition shall take place every year, and the Essays must be presented not later than the 15th day of July.

The Essay must be type-written and may be illustrated by drawings, preparations, and specimens, at the choice of the Essayist. The judge shall be the Professor of Surgery, to whom the subject of the proposed Essay must be submitted for approval. The Scholarship shall not be awarded unless the Examiner deems the Essay of sufficient merit, and, in case it is at any time withheld, the proceeds shall be applied to the purposes of the Scholarship in such manner as the Trustees may direct, either by addition to the capital sum or by giving an additional prize on any other occasion when a second Essay shall be deemed to deserve it. The Essays shall be the property of the College of Medicine, and also all specimens, preparations, etc., illustrating them, but the writer of the successful Essay shall be permitted to publish it.

HEATH SCHOLARSHIP.

The late George Yeoman Heath, M.A., M.D., D.C.L., F.R.C.S., Professor of Surgery in the University of Durham, and President of the College of Medicine, bequeathed the sum of £4,000, to found a Scholarship in Surgery, the interest to be awarded every second year.

In accordance with the will of the late G. Y. Heath, the Trustees of the Heath Scholarship will award and pay to the writer of the best original Essay the sum of £200.

All Graduates in Medicine or in Surgery of the University of Durham are eligible to compete for this Scholarship.

The subject of the Essay for 1922 is "Blood transfusion."

N.B.—The views advanced by the writer must be illustrated by carefully prepared dissections and specimens.

The Essay must be type-written or printed, and delivered to the Professor of Surgery not later than March 31st, in the year above-mentioned. The Essay, together with any specimens, drawings, casts, microscopical preparations, or other means of illustration accompanying it, will become the property of the College of Medicine.

By permission, the Essay may be printed for general circulation by the Heath Scholar.

## ARMSTRONG COLLEGE.

## PART I.

SCHOLARSHIPS, EXHIBITIONS, BURSARIES,  
AWARDED ON ENTRANCE.

## THE COCHRANE SCHOLARSHIPS.

A sum of £3,000 has been presented to Armstrong College by the former Directors and Shareholders of Messrs. Cochrane and Co., Ltd., for the purpose, in the first instance, of founding two Scholarships. Candidates eligible for the Scholarships shall be either (a) foremen or workmen (including women) employed by the firm of Messrs. Cochrane and Co., Ltd., at their Ormesby Ironworks, Middlesbrough; Stanghow Ironstone Mines, Guisborough; and New Brancepeth Colliery, Durham, on March 31st, 1918, including those who at that time were on Naval, Military or National Service, or (b) their children. The Scholarships shall be awarded in alternate years to candidates (1) from Ormesby and Stanghow, and (2) from New Brancepeth Colliery, and shall be each tenable for three years, subject to satisfactory attendance, conduct and progress. The successful candidate will be required in each case to enter College at the beginning of the next session after his appointment, and to read for a Degree or Diploma in any Faculty in which such Degree or Diploma is granted. In the case of candidates from Ormesby and Stanghow the Scholarship shall be of the annual value of £60; in the case of candidates from New Brancepeth Colliery of £45. Intending candidates will be required to send in their names to the Registrar, Armstrong College, *not later than May 31st* of each year, enclosing a statement of their qualifications, together with such credentials and testimonials as they may think necessary, or as may be required by the Council. The Scholarships will be awarded on the results of (a) the School Certificate Examination, or (b) the Higher Certificate Examination of the University of Durham, or (c) such other test as the Council of Armstrong College may from time to time ordain. If in any given year there shall be no candidate of sufficient merit the Scholarship shall not be awarded, and the income shall be devoted either towards the augmentation of the existing Scholarships, the provision of a second Scholarship, or in such other manner as Council may determine. When in course of time there are no longer any candidates eligible for these Scholarships the capital sum shall be at the disposal of the College for the encouragement, under such conditions as Council may from time to time decide, of study

and research in the Faculty of Science, with special reference to the mining of coal or ironstone, the manufacture of iron, or ironfounding.

THE ELSWICK INSTITUTE SCHOLARSHIP.

Three Scholarships, each of the value of £55 *per annum*, tenable at the College, are offered by the Committee of the Institute. In 1920 the Scholarships will be awarded, provided there are candidates of sufficient merit, on the results of the Matriculation Examination in September in the following subjects: English; English History and Geography; *one* of the four languages, Latin, Greek, French, German; *either* Experimental Science *and* Mechanics *or* any two of the following, Chemistry, Physics, Mechanics.

Entries must be lodged with the Registrar by 13th August, 1921.

The conditions of award in years subsequent to 1921 are under consideration.

---

ENTRANCE EXHIBITIONS.

(a) *In Arts.*

There will be two Exhibitions in Arts, each of the value of £15 *per annum*.

Candidates must have passed the Matriculation Examination or a recognised equivalent.

Exhibitions will be awarded on the results of an examination to be held at the beginning of the Michaelmas Term, in *four* out of the following subjects, of which *two* must be languages other than English:—Latin, Greek, Ancient History, English Literature, Modern History, French, German.

Entries, specifying the *four* subjects offered, must be lodged with the Registrar by 1st September in each year.

Exhibitioners may continue to hold their Exhibitions for three years, on the recommendation of the Board of Professors.

Two Fourth Year Exhibitions of £15 will be offered, for which all students in Arts will be eligible: they will be awarded on the joint recommendation of the Heads of Departments in Arts.

(b) *In Pure Science.*

There will be three Exhibitions in Pure Science, each of the value of £15 *per annum*.

Candidates must have passed the Matriculation Examination or a recognised equivalent.

Exhibitions will be awarded on the results of an examination to be held in June, to candidates who do best in one of the following groups of subjects:—(a) Mathematical (Pure and Applied Mathematics), (b) Physical (Physics and Chemistry), (c) Biological (Botany, and Zoology or Geology).

Entries, specifying the group offered, must be lodged with the Registrar by 30th April in each year.

The tenure of an Exhibition for a second or a third year will depend upon the recommendation of the Board of Professors.

(c) *In Applied Science.*

There will be two Exhibitions in Applied Science, each of the value of £15 *per annum*.

They will be awarded on the results of a special examination to be held in September of each year.

One Exhibition will be awarded to a student in Engineering or Naval Architecture, on the results of an examination of a higher standard than that of the Matriculation Examination in three out of the following subjects:—Pure Mathematics, Applied Mathematics, Physics, Mechanical Drawing.

The other Exhibition will be awarded to a student in Agriculture, Mining or Metallurgy, on the results of an examination of a higher standard than that of the Matriculation Examination, in three out of the following subjects:—Pure Mathematics, Applied Mathematics, Physics, Chemistry, Geology, Botany, Zoology.

Although a candidate may sit the special examination before he is qualified to matriculate no student other than a matriculated student may hold an Exhibition.

If in one of the two groups no candidate reaches a sufficiently high standard to justify an award within that group, the examiners shall have power to recommend either that the Exhibition be not awarded at all, or that it be transferred for the session in question to the other group and awarded to the second candidate in that group.

Entries specifying the subjects offered and the course of study proposed must be lodged with the Registrar by 1st September in each year.

The tenure of an Exhibition for a second or a third year will depend upon the recommendation of the Board of Professors.

## THE EARL GREY MEMORIAL SCHOLARSHIPS.

Two Scholarships have been established on the Earl Grey Memorial Foundation. They are each of the value of £50 per annum, and are tenable for three years. Under the terms of the Memorial they are open to all candidates who propose to read for either a Degree or Diploma in the Faculties of Science or Commerce. Intending candidates are requested to apply to the Registrar of the College, *not later than May 31st* of each year and to enclose with their applications statements of their qualifications, together with such credentials and testimonials as they may think necessary. If the College so ordain, they may be required either to submit themselves to an oral or a written examination. If in any given year there shall be no candidates of sufficient merit, the Scholarships for that year shall not be awarded, and the income shall be added to the capital sum for the augmentation of the Scholarships in future.

- (3) Physics.
- (4) Practical Plane and Solid Geometry.

Every candidate shall satisfy the Council of the Institution that he has already passed an examination of approved matriculation standard, but entries for the scholarship will be received from candidates who have not passed such an examination, provided they undertake to enter for an examination of approved matriculation standard in time for the results to be communicated to the Council of the Institution at the same time as those of the Scholarship examination. Every candidate shall be a British subject and a member of the graduate section of the Institution of not less than one year's standing; and shall have served or be serving an apprenticeship on the North-East Coast. The successful candidate shall undertake to remain a member of the aforesaid graduate section during the tenure of the scholarship, and shall attend a college or technical school on the North-East Coast of England. The scholarship shall not be held simultaneously with any other scholarship, bursary, or prize awarded in money.

Candidates must forward a written application on the prescribed form, on or before the first day of August, to the Secretary, North-East Coast Institution of Engineers and Shipbuilders, Bolbec Hall, Newcastle-on-Tyne, from whom further particulars may be obtained.

SWAN, HUNTER AND WIGHAM RICHARDSON, LTD.,  
SCHOLARSHIPS.

Messrs. Swan, Hunter and Wigham Richardson, Ltd., Wallsend, and Messrs. Barclay, Curle and Co., Ltd., Glasgow, and their associated companies, offer four scholarships annually, which may be held either at Armstrong College or at Glasgow University, or at some other approved University or Technical College. Of these scholarships, one is in Naval Architecture open to the shipyard apprentices in the Tyne and Wear shipyards or repairing department of Swan, Hunter and Wigham

Richardson, Ltd., one is in Marine Engineering open to the engineering apprentices in the Tyne and Wear works of the same firm, and the remaining two, of which one is in Naval Architecture and one in Marine Engineering, are open to the shipyard or engineering apprentices of Barclay, Curle and Co., Ltd.

Each scholarship is tenable for three years. The Company will—

- (1) Pay all University fees.
- (2) Pay £25 a year towards the cost of necessary technical books, instruments, etc.
- (3) Pay a subsistence allowance of £2 a week during the continuance of each University term.

For 1921 the scholarships will be awarded (1) on the results of the Matriculation Examination of Armstrong College (for students in Engineering or Naval Architecture), or the Preliminary Examination for the Scottish Universities; (2) on the results of a special examination in Citizenship and Elementary Economics, to be conducted by the companies; and (3) on marks awarded for general conduct, general intelligence, character, workmanship and time keeping during the period the candidate has been in the works.

The scholarships are subject to further conditions laid down by the companies, full particulars of which may be obtained from the respective secretaries, to whom all applications should be addressed.

## PART II.

SCHOLARSHIPS AWARDED DURING COURSES OF  
STUDY FOR A FIRST DEGREE.

## THE ALDER SCHOLARSHIP.

The Alder Scholarship is of the annual value of £13 10s., and is tenable for one year. It is awarded to that member of the Zoology Class, of not less than three terms' standing, who passes the best examination in Zoology. It is held on condition of the holder pursuing the study of some special branch of Zoology while attending Lectures at the College, to the satisfaction of the Professor of Zoology. In the event of there being no candidate of sufficient merit the following year, it may, at the discretion of the Council, be awarded to the former Scholar for a second year.

## JOHN CHRISTIE SCHOLARSHIPS.

These are tenable only in the Department of Fine Art.

A Scholarship of the value of £30, less fees, tenable for three years, will be awarded when a vacancy occurs. Part of the examination will be held early in July, and will consist of drawing from life. The remaining part of the examination will follow on the reopening of the Department in the Autumn.

A Scholarship of £5, with free admission to full time study, is offered annually, and is tenable for three years. The competition will consist of Life Drawing and Decorative Design. Each candidate must do both exercises.

A similar Scholarship for two years, or for one year, *may* also be offered.

One, or more, Scholarships, tenable for three years and admitting to full time day study, without fees, may be offered under the same conditions of examination as for the Scholarship of £5.

Five Evening Scholarships are offered annually. The competition will be in Drawing from the Antique and in Decorative Design. All candidates must take both exercises.

All competitions commence on the first Monday in July.

All candidates at the time of competing must not be more than 21 years of age.

Scholars are required to enter upon a course of study which must be clearly defined and not departed from, and students must be entirely regular and punctual in attendance.

Entries for all the above must be lodged with the Professor of Fine Art not later than 31st May in each year.

## PART III.

FELLOWSHIPS, STUDENTSHIPS, SCHOLARSHIPS,  
BURSARIES, AND EXHIBITIONS, TENABLE  
DURING POST-GRADUATE STUDY.

## THE CAMERON-SWAN WEARDALE LEAD CO., LTD., SCHOLARSHIP.

The Weardale Lead Company, Limited, offer a Scholarship of the value of £60, tenable for one year. The Scholarship will be awarded annually to the student who, in the opinion of the Board of Examiners, stands highest in the whole of

the three years' examinations for the degree of B.Sc. in Mining, or, failing a satisfactory candidate for the degree, it will be awarded to a candidate taking the College Diploma in Mining who in the opinion of the Board of Examiners stands highest in the final examination.

Entries must be lodged with the Registrar by 30th April in each year.

#### COLLEGE FELLOWSHIP.

This Fellowship is of the annual value of £125, and is tenable for two years, in exceptional circumstances for three years.

Candidature is open to any graduate of the University of Durham who studied in Armstrong College during the final two years of his curriculum for the degree of Bachelor. The holder must engage in advanced study or research to the satisfaction of the Council, either in the College itself or in some other approved place. This Fellowship may not be held concurrently with any other Fellowship, Scholarship or like emolument, without leave of the Council, and the Fellow may not, without leave of the Council, engage in any remunerative employment during his tenure of the Fellowship.

Notice of candidature in any year must be given to the Registrar by 30th April. A candidate must specify his age, his degree, any honours or prizes he may have gained, the line of advanced study or research he proposes to pursue, and the place in which he desires to pursue it, and may furnish any such other information as to his qualifications as he may deem advisable.

Appointment to the Fellowship is made in June or July by the Council of the College, on the recommendation of the Board of Professors. In making an award the Council will consider the candidate's place in examination lists, his general capacity and aims, and any original work he has already done. No Fellowship is awarded unless the Board of Professors recommends a candidate as a person suitable to carry out the intentions of the foundation.

A Fellow is required to make a full report of his proceedings to the Board of Professors before 1st June in each year of his tenure of the Fellowship.

If no Fellowship is awarded in any one year an additional Fellowship may be awarded in the following year.

## COLLEGE RESEARCH STUDENTSHIPS.

Two Research Studentships are offered for competition annually in June.

They are each of the value of £62 10s., and are tenable for one year.

Candidature is open to any graduate of the University of Durham who studied in Armstrong College during the final two years of his curriculum for the degree of Bachelor. The holders must engage in advanced study or research in the College itself, to the satisfaction of the Council. A Studentship may not be held concurrently with any other Fellowship, Scholarship or like emolument without leave of the Council, and the Students may not, without leave of the Council, engage in any remunerative employment during their tenure of the Studentships.

Notice of candidature in any year must be given to the Registrar by 30th April. A candidate must specify his age, his degree, any honours or prizes he may have gained, and the line of advanced study or research he proposes to pursue, and may furnish any such other information as to his qualifications as he may deem advisable.

Appointment to the Studentships is made in June or July by the Council of the College, on the recommendation of the Board of Professors. In making an award the Council will consider the candidate's place in examination lists, his general capacity and aims, and any original work he has already done. No Studentship is awarded unless the Board of Professors recommends a candidate as a person suitable to carry out the intentions of the foundation.

A Student is required to make a full report of his proceedings to the Board of Professors before 1st June in the year of his tenure of the Studentship.

If no Studentship, or only one Studentship, is awarded in any one year, one or more additional Studentships may be offered in the following year.

## DAGLISH FELLOWSHIP.

This Fellowship is of the value of about £120 per annum, is tenable for one year, and renewable for a second year under exceptional circumstances.

Its object is to enable the holder to spend a period of at least ten calendar months in travelling, chiefly in foreign mining districts, so as to enable him to enlarge his technical experience.

It is awarded to a Mining student, of not less than 20 years of age, who need not necessarily be a student of this College.

Full information may be obtained from the Secretary, North of England Institute of Mining and Mechanical Engineers, Neville Hall, Newcastle-upon-Tyne, to whom applications must be sent by 1st December of each year.

The Election to the Fellowship will be made in January.

## THE EBBW VALE MINING EXHIBITIONS.

The Ebbw Vale Steel, Iron and Coal Company, Limited, offer to Mining students of the College three Exhibitions each of the value of £60 per annum, tenable for three years at the collieries or mines of the Ebbw Vale Co. The Exhibitions will be awarded to students passing the final examination entitling them to the degree of B.Sc. in Mining, or, failing a satisfactory candidate among these, may be awarded to students passing the final examination entitling them to the College Diploma in Mining, upon the results of a *viva voce* examination by a Board consisting of the Principal, the External Examiner in Mining, the Internal Examiner in Mining and a representative appointed by the Donors. Candidates must send in their names to the Registrar of the College *on or before April 30th in each year.*

## 1851 EXHIBITION SCIENCE RESEARCH SCHOLARSHIPS.

The Royal Commissioners for the above may allot one or more Scholarships to Armstrong College annually.

The Scholarships are intended, not to facilitate attendance on ordinary Collegiate studies, but to enable students who have passed through a College curriculum, and have given distinct evidence of capacity for original research, to continue the prosecution of Science with a view to aiding its advance or its application to the industries of the country.

The Scholarships are of £200 a year, and are ordinarily tenable for two years, the continuation for the second year being dependent on the work done in the first year being satisfactory to the Scholarships Committee.

A limited number of the Scholarships are renewed for a third year where it appears that the renewal is likely to result in work of scientific importance.

Candidates are recommended by the governing bodies of the Universities and Colleges to which Scholarships are allotted and the recommendations are considered and decided upon by the Scholarships Committee.

The candidate must be a British subject.

The candidate must have been a *bona fide* student of Science in a University or College in which special attention is given to scientific study, for a term of three years.

The candidate shall be eligible for a Scholarship provided (1) that he has spent the last full academic year immediately prior to the time of nomination as a student in any faculty or scientific department of that institution by which he is nominated, or (2) that he has been a student of such institution for a full academic year ending within twelve months prior to the time of nomination and since ceasing to be such student has been engaged solely in scientific study.

The word "student" in the preceding regulation must be understood as comprehending one engaged in undergraduate or post graduate work.

The candidate must indicate high promise of capacity for advancing Science or its applications by original research. Evidence of this capacity is strictly required, this being the main qualification for a Scholarship. The most suitable evidence is a satisfactory account of research already performed and the Commissioners will decline to confirm the nomination of a candidate unless such an account is furnished, or there is other equally distinct evidence that he possesses the required qualification.

A candidate whose age exceeds 30 will only be accepted under very special circumstances.

A Scholarship may be held at any University in England or abroad, or in some other institution to be approved of by the Commissioners. Every scholar is, in the absence of special circumstances, required to proceed to an institution other than that by which he is nominated.

The principal work of a scholar must be a research in some branch of Science, the extension of which is important to the national industries.

Scholars are required to devote themselves wholly to the objects of the Scholarships, and are forbidden to hold any position of emolument.

Scholars are required to furnish reports of their work at the end of each year of the tenure of their Scholarships. At the expiration of each Scholarship the reports of the scholar are referred to an eminent authority on the subject treated of, who furnishes an opinion thereon to the Commissioners.

The Scholarship stipend is payable half-yearly in advance, but £25 is reserved from the fourth payment until the scholar has made a satisfactory final report.

[If and when a Scholarship is allotted to Armstrong College a notice will be put on the notice boards.]

1851 EXHIBITION POST GRADUATE RESEARCH SCHOLARSHIP  
IN NAVAL ARCHITECTURE.

This scholarship which is of the annual value of £250 for two years is awarded through the Institution of Naval Architects on the recommendation of Armstrong College, the Royal Naval College, Greenwich, The University of Glasgow, and The University of Liverpool. The scholar must be a graduate of an approved university or college, who has taken a course of study in Naval Architecture with marked distinction, and be under the age of 30 years. The scholar must engage exclusively in research work at some approved institution during the tenure of the scholarship.

## 1851 EXHIBITION INDUSTRIAL RESEARCH BURSARIES.

The Royal Commissioners for the above may allot one or more Bursaries to Armstrong College annually.

The Scheme of Industrial Bursaries is designed for the assistance of young men who after a course of training in a University or approved Technical College, desire to take up Engineering, Chemical, or other industrial work.

These Bursaries are intended, not to facilitate the continuance of Collegiate studies by means of post graduate work, but to enable suitable applicants to tide over the period between their leaving College and obtaining remunerative employment in industry.

The value of the Bursary will depend on the circumstances of the holder, but will as a rule not exceed £150 a year.

A Bursar will be elected in the first instance for one year, but the tenure of his Bursary will ordinarily be prolonged a second year provided that the Commissioners are satisfied with the work done by the Bursar during his first year.

In special circumstances a Bursary may be renewed for a third year.

The appointments to the Bursaries will be made by the Commissioners from among candidates recommended by the authorities of certain selected Universities and Technical Schools. In the consideration of these recommendations great weight will be given to evidence that a candidate has the practical ability likely to lead to his advancement in industrial work; academic success alone is not a sufficient recommendation.

The candidate must be a British subject under the age of 25.

The candidate must have been a *bona fide* student of Science for a term of three years.

The candidate must further satisfy the Commissioners :

- (a) That he has obtained, or can, within one month of election, obtain, an industrial post to be approved by them.
- (b) That he is in need of pecuniary assistance to enable him to hold such a post.

A Bursar may, if the Commissioners approve, spend part of the tenure of his Bursary in studying industrial process or processes in works either at home or abroad.

No Bursar shall enter a firm as a premium pupil without the special consent of the Commissioners.

A Bursar must submit to the Commissioners, on the expiration of each year of his Bursary, a satisfactory report of his work from his employers.

[If and when a Bursary is allotted to Armstrong College a notice will be put on the notice boards.]

THE EARL GREY MEMORIAL FELLOWSHIP.

This Fellowship is of the value of £300.

It is awarded annually, and is tenable for one year. Under exceptional circumstances a successful candidate may be re-elected for a second year, but for no further period.

Candidates must be graduates of the University in Science or Commerce, who desire to pursue a further course of study or research either in England or abroad.

The Fellowship will be awarded on the result of such tests or under such conditions as the Council of the College may from time to time determine. The successful candidate will be required to submit for approval a scheme stating the kind of work in which he proposes to engage, and the place or places in which this is to be carried out. He will also be required to report from time to time as to the nature and progress of his work, and to submit, when requested to do so, a thesis on the subject selected, or such evidence of progress as the College may from time to time determine.

If there be two candidates of equal merit, the College shall have power to divide the emoluments of the Fellowship between them; but if in any year there be no candidate of sufficient merit, the Fellowship for that year shall not be awarded, and the income shall be added to the capital sum for the augmentation of the Fellowship in future.

Entries must be lodged with the Registrar by 31st May in each year.

JOHNSTON CHEMICAL SCHOLARSHIP AND PRIZE.

This Scholarship of the value of £100 and tenable for one year, together with a prize in books of the value of £5, was founded by the Trustees of the late Professor Johnston, M.A., F.R.S. (L. and E.) to promote advanced study and research in Chemistry.

The competition will be restricted to Bachelors in Science of any British University, of not more than three years' standing from the date of graduation.

Candidates will be required to submit evidence of their previous training and of their ability to conduct an original Chemical investigation.

The Scholarship will be awarded on the results of an examination in Chemistry, with Crystallography or Mineralogy.

The Scholarship will be held on the condition that the successful candidate shall attend Armstrong College for not less than twenty-four hours per week throughout the session, and shall devote himself to some subject of Chemical enquiry approved by the Professor of Chemistry.

The examination will be held annually, about the commencement of each session.

## THE SIR WILLIAM STEPHENSON STUDENTSHIP.

This Studentship has been founded by Miss Kate Stephenson in memory of her father, Sir William Stephenson, who was for many years a member of the College Council.

It is of the value of £125 per annum, and is tenable for one year; under exceptional circumstances the successful candidate may be nominated for a second year, but for no longer period.

Candidates must be graduates in the Faculty of Arts who intend to pursue a further course of study or research, either in England or abroad. They will be required to submit to the College a scheme of the study or research on which they propose to engage. At the close of the Epiphany Term they shall report on the progress of their work, and shall be required before the last payment of the Studentship is made to present the results of their work in the form of a thesis.

The student may not, without the consent of the Council of the College, engage in any remunerative employment during his tenure of the Fellowship.

The award shall be made by the Board of Professors on the recommendation of the Heads of Departments in the Faculty of Arts.

Applications should be lodged with the Registrar by 30th April in each year.

# EXAMINATIONS IN SCIENCE.

## FOR THE DEGREE OF DOCTOR OF SCIENCE.

### EASTER TERM, 1917.

The following satisfied the Examiners :—

Bowden, E.	Lebour, M. V.
Harrison, J. W. H.	Trechmann, C. T.
Jeffreys, H.	

### EASTER TERM, 1919.

The following satisfied the Examiners :—

Smith, H.	Woodhead, S. A.
-----------	-----------------

### EASTER TERM, 1920.

The following satisfied the Examiners :—

Brown, J. C.	Weyman, G.
Lawson, R. W.	Forster, A.

### EASTER TERM, 1921.

The following were recommended for the Degree of D.Sc. :—

Bewley, W. F. ( <i>Botany</i> ).
Brydon, S. ( <i>Physics</i> ).
Robertson, G. S. ( <i>Agriculture</i> ).
Wardlaw, W. ( <i>Chemistry</i> ).
Webster, G. ( <i>Naval Architecture</i> ).

## FOR THE DEGREE OF MASTER OF SCIENCE.

### EASTER TERM, 1921.

The following were recommended for the Degree of M.Sc. :—

Andrews, E. ( <i>Physics</i> ).
Bain, A. D. N. ( <i>Geology</i> ).
Burn, W. S. ( <i>Mechanical Engineering</i> ).
Carnegie, A. I. ( <i>Physics</i> ).
Cummings, E. ( <i>Physics</i> ).
Duncan, J. B. ( <i>Applied Chemistry</i> ).
Fisher, E. ( <i>Mechanical Engineering</i> ).
Harle, J. A. ( <i>Electrical Engineering</i> ).
Malik, Y. A. ( <i>Physics</i> ).
Pickworth, A. ( <i>Naval Architecture</i> ).
Short, A. ( <i>Applied Chemistry</i> ).
Wright, C. ( <i>Civil Engineering</i> ).

## PRELIMINARY EXAMINATION FOR THE DEGREE OF B.Sc. IN PURE SCIENCE WITH HONOURS.

---

The following were recommended to read for Honours in Pure Science :—

Appleby, R. E.  
 Aynsley, E. E.  
 James, W. R. (not qualified in Mathematics as Auxiliary).  
 Maw, W.  
 Plews, T. E.  
 Smith, H. C.  
 Riggs, E.  
 Taylor, J.  
 Thomson, M. G.  
 Yeal, S. P. (not qualified in Mathematics, or Physics,  
 or Chemistry, as Auxiliary subjects).

The following have been granted the Intermediate Part of the Pass Examination :—

Jeffery, W.

Macdonald, H.

# FINAL EXAMINATION FOR THE PASS DEGREE OF B.Sc. IN PURE SCIENCE.

SEPTEMBER, 1920.

Pass List.

The following satisfied the Examiners :—

Ridley, C. N.

Supplementary List.

The following satisfied the Examiners in the *Third* subject only, as stated :—

Boggon, H. H. (*Education*).      Moffatt, J. (*Education*).

EASTER TERM, 1921.

The following satisfied the Examiners in Chief subjects as under :—

Anderson, W. R. (*Physics, Chemistry*).

Ayre, A. I. (*Chemistry, Botany*).

Banks, L. E. (*Chemistry, Geology*).

## FINAL EXAMINATION FOR THE DEGREE OF B.Sc. IN APPLIED SCIENCE WITH HONOURS.

EASTER TERM, 1921.

The following satisfied the Examiners :—

*First Class.*

Fletcher, A. (*Naval Architecture*).

Logan, E. A. (*Electrical Engineering*).

Tustin, A. (*Electrical Engineering*).

*Second Class.*

Crawhall, T. C. (*Marine Engineering*).

Thomas, B. (*Agriculture*).

The following were recommended for the Pass Degree  
of B.Sc. in Mining :—

Dowell, T.

Mould, H. P.

*Metallurgy.*

Bardgett, H. (recommended for the Pass Degree).

## THIRD EXAMINATION FOR THE DEGREE OF B.Sc. IN APPLIED SCIENCE WITH HONOURS.

EASTER TERM, 1921.

The following satisfied the Examiners :—

*Electrical Engineering.*

Bell, J.

Gallon, W. A.

*Naval Architecture.*

Butterfield, J. L.

Tutin, J.

*Mechanical Engineering.*

Stead, H. V.

## SECOND EXAMINATION FOR THE DEGREE OF B.Sc. IN APPLIED SCIENCE WITH HONOURS.

EASTER TERM, 1921.

## REGULATIONS OF THE DURHAM COLLEGES.

### TITLE I.

#### OF ADMISSION

1.—Candidates for admission as students in Arts shall be required to pass the Matriculation examination in such subjects as Council shall from time to time determine. The examination shall be conducted by examiners appointed by the Council of the Durham Colleges.

2.—Any student of the University of Durham who has passed the Final Examination for the Licence in Theology, and has produced, if required, satisfactory testimonials of character, shall be admissible as a student in Arts.

Anyone who has completed a course of study and examinations qualifying him for the Licence in Theology at any of the following Theological Colleges:—St. Aidan's, St. Augustine's, Burgh, Chichester, Cumbræ, Dorchester, Edinburgh, Gloucester, High-bury, Islington, Jamaica, St. John's College (Armidale, N.S.W.), Lichfield, Lincoln, Moore College (Sydney), Queen's College (St. John's, Newfoundland), Salisbury, Selwyn College (Dunedin),

Truro, Warminster, Bishop Wilson School (Isle of Man), the Theological Department of King's College, London, or the Theological Department of Queen's College, Birmingham, and has produced satisfactory testimonials of character, shall be admitted as a student in Arts, provided that at the time of his course such college was connected with the University. Such a student, in order to keep terms, must have been admitted to the Licence in Theology either before or in the course of his first term of residence as a student in Arts.

3.—Any student of the University of Durham, who has passed the examination for the degree of Bachelor of Arts, and has produced, if required, satisfactory testimonials of character, shall be admissible as a student for the Diploma in Theology.

4.—Anyone who has passed the examination for the degree of B.A., or any higher degree, at another University, and has produced satisfactory testimonials of character, shall be admissible as a student for the Diploma in Theology, provided that the examination for that degree is of a character similar to that required at this University.

5.—Candidates for admission as Students in Music must have previously satisfied examiners appointed by the Council in the prescribed subjects of examination, unless they have passed an examination recognised as equivalent.

## TITLE II.

### OF THE LICENSING OF HALLS AND HOUSES FOR THE RECEPTION OF STUDENTS.

1.—Halls and Houses may be opened for the reception of students by licence from the Council of the Durham Colleges.

2.—No such licence shall be granted unless the Hall or House is under the immediate care of a Master or other chief officer, of the degree of Master of Arts at least. The Master, or other chief officer, may or may not be assisted by a Council. The President of the Council of the Durham Colleges shall either be Visitor of any such Hall or House, or preside in it, according to the terms of the licence.

3.—The buildings shall in every case be described, and the conditions stated, in the licence, which shall be null and void if the buildings be changed, or if any of the conditions be disregarded.

4.—Any licence may be revoked, and any Master or other officer may be removed by the Council of the Durham Colleges; an appeal being in every case open to the Visitor.

### TITLE III. OF DISCIPLINE.

1.—In Durham the public Divine Services of the University shall be those of the Cathedral, but attendance at such services shall not be reckoned for the purpose of keeping term. A record of the attendance of resident members of the University *in statu pupillari* at Morning Chapel on week-days shall be kept, but such a Service shall not be reckoned as one of the occasions upon which attendance is required for the keeping of term as provided in Title IV.

2.—The resident members of the University shall wear such academical dress as shall be appointed by Senate in all public places between the hours of 8.45 a.m. and 1 p.m. and after dusk and at the services of the Cathedral.

3.—No resident member of the University who is *in statu pupillari*, and who is a resident member of any recognised College, Hall, or House, shall reside outside its precincts save by leave of the Head of the College, Hall, or House.

4.—Men students for the Degree of B.A. must reside either in a College or Hall, or with parents or guardians in the City of Durham or elsewhere, or, provided they are not less than twenty-three years of age, in some house or lodging approved by the Praelector and the Censor of Unattached Students.

5.—The residence of women students attending lectures in Durham shall be kept either (a) in St. Mary's College, or (b) with parent or friend approved by the Council of the Durham Colleges, or (c) in St. Hild's College, Durham.

6.—The gates of every College, Hall, or House, shall be shut at night-fall; and an account shall be kept of all students who go in and out after that time.

### TITLE IV.

#### OF KEEPING TERMS IN DURHAM.

1.—Save as provided in the following paragraph, no student shall be certified by the Praelector to have kept any term who has not attended upon all required occasions on forty week days between the first and last Mondays in term (both inclusive).

A student who has commenced keeping term shall not be held to have lost any days in that term on which he may have been excused from attendance by Council, or may, on the evidence of a medical certificate accepted by the Praelector, have been prevented by illness from attendance.

2.—If a Member of the University has been prevented by illness or other urgent cause from keeping any term, that term may be granted by grace of Senate on the proposal of the Council, provided that not more than one term be so granted to any individual in any one academical year.

3.—At the end of term the Praelector shall issue certificates of having kept the term to those students who are then taking degrees, and to other students at the beginning of the following term.

## TITLE V.

### OF ATTENDANCE AT LECTURES.

1.—Every Member of the University shall be admissible to any lecture in the ordinary course of instruction, on paying the terminal tuition fee.

2.—Any person, whether he be a member of the University or not, may be admitted by leave of the Council and subject to the approval of the Lecturer to attend any particular course of lectures, on paying to the chest of the Durham Colleges such fee as the Council shall direct.

3.—The Professor, Reader, or Lecturer, shall in every case have the power of excluding any person from his class, subject to an appeal to the Council of the Durham Colleges.

## TITLE VI.

### OF THE PRESIDENT.

1.—The President shall be elected at the first meeting of Council in the Easter Term, and shall enter upon his office on the first day of the Long Vacation. He shall hold office for a period of five years and shall be eligible for re-election. Should the President vacate office during the course of an academical year his successor shall be appointed for the remainder of that year.

2.—There shall be a Senior and a Junior Vice-President, appointed from among members of Council by the President, to hold office for one academical year, one of whom shall preside at meetings of the Council in his absence. They shall also exercise such other of his powers as he may from time to time request them to perform.

3.—The President, or in his absence a Vice-President nominated by him, shall preside at Collections.

4.—The President shall have power to dispense any member of the teaching staff from lecturing for brief periods in cases of urgency, and temporarily to sanction any arrangements that may be necessitated thereby.

5.—The President shall be the Visitor of any Hall or House opened by Licence of the Council.

6.—The President may, on application from the Head of a House, Hostel, or body of Unattached Students in the Durham Division, rusticate or (with the approval of Council) expel a student guilty of misconduct.

7.—The President shall be an *ex-officio* member and Chairman of (a) the Board of Curators of the Library, (b) the Board of Curators of the Museum, (c) the Board of Curators of the Observatory, and shall, if present, preside at the meetings of these Boards.

8.—The President shall be *ex-officio* a member and Chairman of all Committees of Council.

9.—In matters which are not provided for by the Regulations of the Council, and in which action is necessary before Council can be consulted, the President shall have power to act on behalf of Council, and shall inform Council of the action he has taken.

10.—The President, or in his absence a Vice-President, shall have an ordinary and a casting vote at all meetings at which he presides.

## TITLE VII.

### OF THE CENSOR OF UNATTACHED STUDENTS.

1.—The Censor of Unattached Students shall be responsible for the general care and discipline of men Students in residence in the Durham Division of the University, who are not attached to any College or Hall, and shall be paid such stipend as the Council may determine; such Students shall be termed Non-Collegiate Students.

2.—He shall be responsible for receiving the names and examining the testimonials and certificates of candidates for admission as Non-Collegiate Students.

3.—He shall, at the beginning of each term, send to the Secretary of the Council a list of Non-Collegiate Students who intend to keep that term.

4.—In conjunction with the Praelector he shall license houses for the reception of Students *in statu pupillari*.

5.—He shall be appointed annually at the first ordinary meeting of Council in Easter Term, and shall be eligible for re-election.

## TITLE VIII.

### OF THE PRAELECTOR.

1.—There shall be a Praelector appointed by the Council, who shall be paid such stipend as the Council may determine.

2.—He shall be responsible for the arrangements in connection with Collections.

3.—He shall keep the records of a student's attendance at Lectures, and shall send such record to the censor to whose authority the student is liable.

4.—He shall issue to students certificates of having kept term, charging such fees as Council may from time to time appoint.

5.—In conjunction with the Censor of Unattached Students he shall license houses for the reception of students *in statu pupillari*.

6.—He shall be appointed annually at the first ordinary Meeting of Council in Easter Term, and shall be eligible for re-election.

## TITLE IX.

### OF THE SECRETARY.

1.—There shall be a Secretary of the Council who shall keep the Minutes and conduct the correspondence of the Council, and shall be paid such stipend as the Council may determine.

2.—He shall be responsible for preparing and publishing the Lecture Lists.

3.—He shall, at the beginning of each term, prepare the list of students in residence.

4.—He shall be responsible for the custody of one of the two keys by which the Common Seal of the Council is secured.

5.—He shall receive and deal with applications for the use of the Lecture Rooms.

6.—He shall be appointed annually at the first ordinary meeting of the Council in Easter Term, and shall be eligible for re-election.

## TITLE X.

### OF THE LIBRARY, MUSEUMS, AND OBSERVATORY.

#### *Section I.—Of the Library.*

1.—The University Library shall be under the direction of a Board of Curators, consisting of

The President of the Council of the Durham Colleges,

The Professors of Divinity, Greek, Mathematics, Hebrew, and Music,

The Dean of Durham,

The Librarian,

Four other persons appointed by the Council of the Durham Colleges,

And all members of the teaching staff in the Durham Division.

2.—Three members shall form a meeting competent to transact business, the President or Librarian being always one.

3.—The President, or in his absence a chairman appointed by the meeting, shall preside, and have an original and a casting vote.

4.—The Librarian shall convene the Board once at least in every term.

5.—The Librarian's accounts shall be laid before the Council of the Durham Colleges once a year.

6.—When any books are presented or bequeathed to the University Library, the name of the donor shall be inserted in every volume so presented, and no such books shall at any time be exchanged as duplicates or otherwise alienated from the Library, save by the vote of three-fourths of those present and voting at a meeting of the Curators.

### *Section II.—Of the Museums.*

1.—The University Museums shall be under the direction of a Board of Curators, consisting of

The President of the Council of the Durham Colleges,

The Dean of Durham,

And six other persons appointed by the Council of the Durham Colleges.

2.—The President shall nominate annually one of the members to act as Treasurer and Secretary to the Board.

3.—Three members shall form a meeting competent to transact business, the President or Treasurer being always one.

4.—The President, or in his absence a chairman appointed by the meeting, shall preside, and have an original and a casting vote.

5.—The Secretary to the Board shall convene the Board once at least in every term.

6.—The Treasurer's accounts shall be laid before the Council of the Durham Colleges once a year.

### *Section III.—Of the Observatory.*

1.—The Observatory shall be under the direction of a Board of Curators, consisting of

The President of the Council of the Durham Colleges,

The Director of the Observatory,

The Professor of Mathematics,

The Dean of Durham,

And such other persons as may be appointed by the Council of the Durham Colleges.

2.—Three members shall form a meeting competent to transact business, the President or the Director, or the Professor of Mathematics being always one.

3.—The President, or in his absence the Professor of Mathematics, or in their absence the Director, shall preside, and shall have an original and a casting vote.

4.—The Director shall convene the Board once at least in each academical year.

5.—The Observatory accounts shall be laid before the Council of the Durham Colleges once a year.

6.—The Director shall make an annual report to the Council on the work of the Observatory ; such report shall first be submitted to the Curators. The Curators shall nominate an Observer, to be appointed by the Council of the Durham Colleges.

The Observer shall be removable by the Council.

The Observer shall reside at the Observatory.

*Section IV.—Of Admission to the Library and Museums.*

Members of the University and persons who, though not members of the University, pay the sum of one guinea annually to the Library, shall be admitted to the Library and Museums under such regulations as the Curators may from time to time enact.

# UNIVERSITY COLLEGE.

---

This College was formed, at the opening of the University, for the purpose of uniting a system of domestic discipline and superintendence with academical instruction. The Castle provides accommodation for Students within its walls. The Hall of the Castle is occupied as a College Hall, and its Chapel as a College Chapel. Every Student *in statu pupillari* must reside within the College, unless a dispensation to reside elsewhere be granted.

*College Expenses.*

	£	s.	d.
Caution Money† ...	5	0	0
Annual charges, inclusive of Admission and Tuition Fees, and Fees for University (but not Matriculation) Examinations, <i>each on one occasion</i> ; also Board, Lodgings, Subscriptions and Gratuities, (but not Degree Fees or Laundry Charges) ...	120	0	0

These charges are payable in three equal terminal instalments, in the first week of term.

Clergy and married Students may lodge in the Town. The terminal College Expenses of those who do so amount to about £15; Caution Money £5.

Every B.A., in order to count terms, pays terminally to the College 5s. until he is of sufficient standing to take the degree of M.A.; or he may compound for this charge by a payment of £1 1s., made to the College upon his taking the degree of B.A.

\* Formerly Hahn.      <sup>b</sup> Exhib.

† This is a guarantee fund against loss by terminal defalcation, and is returned to a student when he leaves the University, if his debts to the College have been discharged. The sum may be borrowed under certain conditions, which may be ascertained from the Master.

## HATFIELD COLLEGE.

---

This College was opened as Bishop Hatfield's Hall in October, 1846, for the reception of Students in any Faculty.

Members of the College are classed under the various Professors and Tutors according to their qualifications and attainments, and in this respect, as also in their being eligible to all Fellowships and Scholarships, are exactly on the same footing as members of University College. § In the management of the College the greatest regard is paid to economy.

Annual Charges, inclusive of Admission and Tuition Fees, and Fees for University (but not Matriculation) Examinations, <i>each on one occasion</i> : also Board, Lodging, Subscriptions and Gratuities, (but not Degree Fees or Laundry charges) ... ..	100	0	0

These charges are payable in three equal terminal instalments in the first week of Term.

Clergy Married Students, and some others, are allowed to live in licensed lodgings, and to provide partially for themselves. In such cases the Caution Money and the charge for Terminal Battels (consisting of Luncheon and Dinner in the Hall), are reduced.

---

\* This is a guarantee fund against loss by terminal defalcation, and is returned to a student when he leaves the University, if his debts to the College have been discharged.

## BISHOP COSIN'S HALL.

---

This Hall was opened in October, 1851. The arrangements were nearly the same as in Bishop Hatfield's Hall. In Michaelmas Term, 1864, the Students then in residence were transferred partly to University College and partly to Bishop Hatfield's Hall.

## ST. CHAD'S COLLEGE.

---

This College was opened in Michaelmas Term, 1904, as a licensed Hall of Residence for the reception of Students in Theology or Arts, but primarily for the training of Candidates for Holy Orders who are of limited means. It was constituted a College in 1919.

In the case of candidates of special ability who are wholly, or in part, unable to defray the fees of the University and of the College, the Council will, on the recommendation of the Principal, make grants of Exhibitions and Bursaries so far as the funds at their disposal admit. The following endowments are at present available for this purpose:—The “Douglas Horsfall” Exhibition of the value of £60 per annum, the “In Memoriam Capt. Robin Horsfall” Exhibition, the “Per Ardua ad Astra” Exhibition, each of the value of £100 per annum, the “William Jones” Bursary, the “Ellen Elizabeth” Bursary, the “Frank Tobin” Bursary, the “Mouldsdale” Bursary, the “In Memoriam” Bursary, the “Frank Rigby” Bursary, the “York” Bursary, the “James Marke Wood” Bursary, the “John Hedley Tuebrook” Bursary, the “Bishop King” Bursary, the “Clampitt” Bursary, and the “Sir Alfred Jones” Bursary, each of the value of £30 to £40 per annum. These endowments are generally allotted to Candidates for Holy Orders who are capable of reading for an Honours Degree.

There is also one College Fellowship of the value of £120 per annum at least, tenable by a graduate in honours.

## BEDE COLLEGE.

---

Bede College was opened in 1839 as a Church of England Training College for Schoolmasters. In 1919 it was brought into connexion with the University and granted the status of a licensed Hall of Residence for Undergraduates by the Council of the Durham Colleges with the approval of the Board of Education.

Members of Bede College who graduated in the University prior to 1919 are included in the list of graduate members of the College.

## ST. MARY'S COLLEGE.

---

This Hostel was opened in Easter Term, 1899, for the reception of Women Students in any Faculty except that of Theology. It was constituted a College in 1920.

Students of the College are classed under the various Professors, Tutors, and Lecturers, according to their qualifications and attainments, and are on the same footing as other students of the University.

All the Entrance Scholarships and Exhibitions in Arts offered by the Council of the Durham Colleges (see pp. 288-9) are open to women as well as men.

One Exhibition for women only is offered for competition at the October Matriculation Examination. The Winifred Foster Scholarship of £30 a year is awarded, when vacant, at the July Matriculation Examination to a woman candidate of limited means, partly on the result of the Examination and partly on School reports.

The above are tenable for one year in the first instance, after which they may be continued or discontinued, increased or diminished, according to the recommendations of the Examiners in the First Public Examination.

## TERMINAL EXPENSES.

Non-Collegiate Students take lodgings for themselves and arrange what they will pay for Board and Lodging. The cost averages somewhat as follows :—

Lodging for a term, from £6 to £14 ;

Board (say) from £8 to £10.

Every Non-Collegiate Student pays to the University the ordinary terminal fee of £7, and is a member of all University Clubs and all Non-Collegiate Clubs without any further payment.

## HOME STUDENTS (WOMEN).

---

Home Students were first admitted in Michaelmas Term, 1895.

Scholarships ranging in value from £30 to £70 can be competed for in June by Students who intend to work for Honours.

Three Exhibitions, value £20 each, can be obtained annually, either by men or women, on the result of the Matriculation Examination for Modern B.A. At the October Matriculation an additional Exhibition of £20, tenable by a woman only, is offered to candidates for Modern B.A.

The Winifred Foster Scholarship (for women only), value about £30, is offered (when vacant) for competition at the July Matriculation Examination.

## COLLEGE OF MEDICINE, NEWCASTLE-UPON-TYNE.

---

This College was founded in the year 1832 under the name of "the Newcastle-upon-Tyne School of Medicine and Surgery" and became associated with the University of Durham in 1852 under the style and title of "the Newcastle-upon-Tyne College of Medicine in connection with the University of Durham." In 1870 it was received into closer connection with the University and from that time has been known as "the University of Durham College of Medicine."

Under the University of Durham Act, 1908 (8 Edw. VII, c. 20) the College was constituted an integral part of the University.

The College buildings, in Northumberland Road, were opened in 1889, and the "Heath Wing" was added in 1906.

The Students of the College receive instruction in Chemistry, Physics and Biology, at Armstrong College; in Clinical Medicine and Surgery in the Royal Victoria Infirmary; in Practical Midwifery in the Maternity Hospital; in Fevers at the City Hospital for Infectious Diseases; and in Psychological Medicine at the Sunderland Mental Hospital, Ryhope.

Students entering the Medical and Dental Professions are required to register on the books of the General Medical Council.

From their Registration Students may proceed to the Degrees of Bachelor and Doctor of Medicine, and to the Degrees of Bachelor, Master, and Doctor of Surgery, or may obtain the Degrees of Bachelor and Doctor of Hygiene, the Diplomas in Public Health and Psychiatry or the Licence in Dental Surgery.

Regulations for Degrees in Medicine, Surgery, and Hygiene will be found in the Regulations of the University, Title v, Section ix, and for the Diplomas in Public Health and Psychiatry and for the Licence in Dental Surgery in Title vi, Sections iv, v, vi. Subjects of Examinations will be found on pages 257-263.

Full particulars regarding the courses of instruction together with all information necessary for students about to commence the Medical Curriculum will be found in the Calendar of the College, which may be obtained gratis from Professor Howden, Registrar.

Under the Articles of Association the Authorities of the College are: The President, the Court of Governors, the Council, the Registrar, and the Treasurer.

The Court of Governors consists of:—

- (a) Elected Governors, thirty in number.
- (b) Contributory Governors, *i.e.*, individual donors of £25 or upwards; any Corporate Body, Association, mercantile or other firm, contributing a donation of £100 or upwards; and the Executors or Administrators of any testator or intestate contributing a donation of £250 or upwards.

\* Up to June, 1904, students entering the College of Science (now Armstrong College) could obtain the title of A.Sc. (Associate of Science) by keeping two years as students in Science, and passing two examinations, one at the end of their first year, and one at the end of their second year. Such Associates were admitted to the degree of B.Sc. after the lapse of a third year, on passing a Final Examination, provided they had also passed the Preliminary Examination in Arts for Graduation in Science. The title was discontinued on the establishment of new Regulations for the degree of B.Sc. in 1904.

CODRINGTON COLLEGE,  
BARBADOS.

---

This College was founded by Christopher Codrington, Captain-General of the Leeward Islands, and Fellow of All Souls' College, Oxford, who died in 1710. His estates in Barbados were left in trust to the Society for the Propagation of the Gospel, then lately incorporated, to found a College, with Professors and Scholars, who should study Divinity, Physic, and Chirurgery. The College was affiliated to the University of Durham in Easter Term, 1875, under regulations which are given at length in Title VIII. There are Scholarships of the aggregate value of about £300, three-fourths of which are for Theological Students.

## FOURAH BAY COLLEGE, SIERRA LEONE.

This College was founded by the Church Missionary Society in 1827 for the purpose of training Africans as schoolmasters, catechists, and clergymen. It supplies men for the Yoruba and the Niger Missions as well as for Sierra Leone and the neighbouring districts. In 1876 its scope was enlarged to allow the admission of other students, and it was affiliated to the University of Durham, under regulations which are given at length in Title VIII. In January, 1918, the Wesleyan Missionary Society became associated with the C.M.S. in the control and work of the College, a Council representative of both Societies being called into being. A Scholarship is maintained by the members of the University in Durham to enable a student to obtain a University course in preparation for work in connexion with the Sierra Leone Native Church or the Missions of the Church Missionary Society in the dioceses of Sierra Leone or Western Equatorial Africa.

# ALPHABETICAL LIST OF MEMBERS OF THE UNIVERSITY.

*The names in the University Calendar are printed according to the Register of Matriculations, unless there is evidence of mistake or of bona fide change of name.*

*In the case of ordinary Graduates in the different Faculties, the date given in the following list is that of the Bachelor's degree, except for those who have obtained the degree of M.D. as Practitioners in Medicine. In this case and in reference to Degrees by Diploma, Honorary Degrees and other titles, the date is that of the degree or title specified. Where degrees or titles in more than one Faculty or subject are specified, the date refers to that which is mentioned first.*

*In the case of Unattached Students a date in brackets in the central column, thus: (1915) Th., (1915) Mus., gives the date of Matriculation in Theology or Music respectively. An abbreviated date in brackets after Arms. or Med., thus: Arms. (15), Med. (15), gives the last date of appearance on the list of students for the year. Arms (M), Med (M) mean that the Student has matriculated but has never appeared on the list of Students.*

*In cases where no date is given the Degrees are Ad Eundem or by Vote of Convocation, unless marked Honorary. In either case they will be found on pp. 592-603.*

	£	s.	d.
*Tuition Fees (including Censor's Fee, Chest, Library and Club Subscriptions, but <i>not</i> including subscription to the Union Society) ... ..	8	0	0

Students in Arts or Letters reading for the Diploma in Education pay an additional fee of £2.

Non-resident students, who are not Bachelors of Arts, or Licentiates in Theology, pay terminally 10s. to the Chest, 10s. to the Library, and if members of a College, Hall, or House, 10s. to such College, Hall, or House. These payments are not required from students who have been prevented by illness from keeping any term or terms, nor in any case for more than three terms of non-residence.

Every B.A., in order to count terms, pays terminally to the chest 10s. until he takes the degree of M.A. This payment is not required for more than nine terms. In the case of a B.A., this charge, together with the payment of £2 required after the M.A. degree for membership of Convocation, may be compounded for by one payment of £5 upon his taking the degree of B.A.

Every D.D., D.C.L., M.A. or M.Litt., who is not a member of the Teaching Staff, in order to be a member of Convocation, pays a fee of £2 to the University. This is included in the composition fee which may be paid after taking B.A., as above specified.

\* These are included in the fixed annual charges to be found under the respective Colleges.

Students for the B.A. other than *in litteris antiquis*, not actually resident in Durham, pay £7 10s. instead of £8. Students at Bede College pay £5.

# UNIVERSITY SOCIETIES AND CLUBS.

---

## PHILOSOPHICAL SOCIETY.

All past and present Students in the Colleges of the University, past and present members of the University, and of the College Staffs and Councils are eligible for membership. The chief objects of the Society are the promotion of research and the discussion of scientific and philosophic questions. The "Proceedings" of the Society are published twice annually and are widely circulated. Meetings are held in Durham and Newcastle, and excursions are arranged occasionally.

There are five sections of the Society:—

- (a) Chemical and Physical.
- (b) Biological.
- (c) Mathematical.
- (d) Archæological and Historical.
- (e) Applied Science.
- (f) Philosophical.

The subscription is ten shillings (five shillings for students).

---

## OFFICERS TRAINING CORPS CONTINGENT.

The object of the Officers Training Corps is to enable undergraduates to obtain such training and certificates as will qualify them, if they so desire, to obtain commissions in the Militia or in the Territorial Army.

---

## DURHAM DIVISION.

Of the fees paid terminally by each student, the sum of £1 is appropriated to combined and College Clubs. Of this sum, 10s. is retained by the Treasurer of his College Clubs, and 10s. is paid over to the Central Finance Committee which manages all University Clubs. Every Student, therefore, is *ipso facto* a member of the University Boat Club, Cricket Club, Football Club, Tennis Club, and Hockey Club. Each body has its own Boat Club, Debating Society, &c.

---

## NEWCASTLE DIVISION.

### UNION SOCIETY.

The rooms of this club, situated in College Villa, Eldon Street, comprise dining room, reading rooms, writing room, games room, billiard room, etc. Debates upon subjects of general interest are held.

## COLLEGE OF MEDICINE.

## UNDERGRADUATES' REPRESENTATIVE COUNCIL.

This council was founded in 1897, and consists of three members elected annually by ballot by the students in each of the five collegiate years, together with four representatives from the athletic union.

The Athletic Union, founded in 1914, consists of certain members delegated from each of the athletic clubs, and in the hands of this body are placed the management of the finances of the individual clubs, as also the representation of the college in all matters appertaining to athletics.

## ATHLETIC CLUB

This club is managed by the undergraduates' representative council and is intended to promote athletic pursuits, viz. :—football (association and rugby), hockey, cricket, tennis, swimming, etc. The club ground at Heaton is about six acres in extent.

The annual club fee of £3 3s. covers subscriptions to the above club, the students' Medical Society, the College Gazette, and also to the Union. Women students are not eligible for membership of the Union; they pay an annual club fee of £2 10s. 0d.

## MEDICAL SOCIETY.

The Medical Society holds its meetings in the Royal Victoria Infirmary during the winter session. At these meetings papers are read and clinical cases discussed.

## MEDICAL GRADUATES' ASSOCIATION.

The association was founded in 1880 and has a membership of about 600. Its objects are to maintain the interest and extend the usefulness of the medical faculty of the university and to cultivate social intercourse and good fellowship amongst its graduates. The association annually elects three members to serve on the court of governors of the college.

• ——— •

## ARMSTRONG COLLEGE.

## STUDENTS' REPRESENTATIVE COUNCIL.

This Council, the object of which is to represent the students in their corporate life, is elected annually by and from the students, as follows :—one representative for every 20 students, 2 for every 40, and 3 for every 100, are elected by each of the

following constitutencies—Pure Science, Engineering, Agriculture, Teacher's Training Department (men), Teacher's Training Department (women), Arts, and Commerce; one representative is elected by each of the following:—The Newcastle Division of the Durham Union Society, the Athletic Union, the Men's Debating Society, the Women's Debating Society, the Dramatic Society, the Choral Society, and the Christian Union and the Toynbee Society (jointly). The Editor of *The Northerner* is a member *ex-officio*; and two representatives are elected at the beginning of the academical year from the First Year students who have just come into residence.

The Council conducts *The Northerner*, the College Magazine, which is published monthly during term.

### THE ATHLETIC UNION.

This Union exists to encourage every form of outdoor and indoor athletic sport. It consists of all students who pay the composition fee for students' societies (£2 2s. for men, and £1 5s. for women). There is no separate subscription for any separate club.

The Clubs already formed within the Union are:—

For Women .. Hockey, Tennis and Golf.

For Men ..... Association and Rugby Football, Cricket,  
Hockey, Tennis, Boats, Athletics and  
Golf.

New sports may be taken up if there is a demand for them, and if the funds of the Union permit.

### AGRICULTURAL STUDENTS' ASSOCIATION.

This association of past and present students of the Agricultural Department exists to promote the study and development of Agriculture. It holds a general meeting each term.

### BOTANICAL SOCIETY

This Society is open to all students, and holds meetings for the investigation and discussion of botanical questions, as well as making botanical excursions in the summer term.

### CHEMICAL SOCIETY.

This Society, which is open to all past and present students and to members of the College Staff, holds fortnightly meetings, and additional informal social gatherings.

### CLASSICAL SOCIETY.

This Society, which has been only recently formed, aims at uniting all past and present students interested in the study of Classics.

## ENGINEERING SOCIETY.

This Society is open to all past and present students of the Engineering and allied departments, on payment of an annual subscription of 2s. 6d. It holds meetings for the discussion of technical problems, and also conducts smoking concerts, debates, and dances.

## GEOLOGICAL SOCIETY.

This Society exists to stimulate interest in geological matters. The annual subscription is 1s.

## PHYSICAL SOCIETY.

This Society was founded in 1919 to promote social intercourse between members of the Physical department, and to promote interest in, and discussion of, recent developments of Physical Science. New members are elected by the Committee: the annual subscription is 2s. 6d.

## ZOOLOGICAL SEMINAR.

This Society meets every three weeks during term for the reading and discussion of papers on Biological subjects. Lantern illustrations are given when possible.

## CHORAL SOCIETY.

This Society dates from 1890 and has given many successful concerts. It has rendered works of most of the classical writers, from Palestrina and Byrd down to Brahms, and has devoted much attention to the modern British School. It is open to all present students of Armstrong College and the College of Medicine free, and to all past students on payment of an annual subscription of 2s. 6d. Weekly rehearsals are held during the first two terms and public concerts given.

## ORCHESTRAL SOCIETY.

This Society is newly formed and is open to all past and present students.

## DRAMATIC SOCIETY.

This Society is open to all members of the College. It holds weekly readings of plays during the first two terms, and produces a play for public performance each year. Notable past successes are "Electra," in Professor Gilbert Murray's translation, played before the Classical Association in 1920, and Mr. Milne's "The Lucky One," played in Newcastle and in four other towns, in 1921.

## LITERARY SOCIETY.

Membership of this Society is open to all past and present students of the College on payment of an annual subscription of 1s. 6d. It holds meetings for the reading and discussion of papers on literary subjects.

## MEN'S DEBATING SOCIETY.

All men students are *ipso facto* members of this society. It holds fortnightly debates, co-operating in this with the Union Society and others.

## THE CHRISTIAN UNION.

This Union, which is affiliated to the World's Student Christian Federation, aims at uniting all students in a fellowship of study and prayer, and at presenting Christianity in those aspects which have an immediate application to student life. Membership is open to all students who assent to the aim and basis of membership, and who pay an annual subscription of 2s.

## HISTORICAL SOCIETY.

This Society is open to all students and staff interested in historical subjects. It holds discussions and conducts visits to places of historical and antiquarian interest in Newcastle and district. The annual subscription is 2s. 6d.

## STUDENTS ASSOCIATION OF TEACHERS IN TRAINING.

This is a local branch of a national Association. It is open to all men students in the Teachers' Training Department.

## ECONOMIC SOCIETY.

This Society is open to all students of the College on payment of an annual subscription of 1s. Meetings are held during term for the discussion of economic questions, papers being read either by members of the Society or by visitors.

## TOYNBEE SOCIETY.

This Society is a revival of the University Settlement Association. Its aims are to do practical social work and to study social problems. It conducts a children's play hour at Bensham Grove Settlement and intends to organise girls' and boys' clubs and to arrange study circles and courses of lectures. It is open to all past and present students on payment of an annual subscription of 2s.

Newcastle-upon-Tyne, 4th November, 1920.

## SPECIAL REGULATIONS RESPECTING PERSONS ON MILITARY SERVICE.

Until further notice, in the case of students who have duly qualified for a degree in any Faculty and are unable to present themselves at Convocation owing to their absence on (Naval or) Military Service, the Proctors, upon the production of a certificate signed by an officer of the regiment to which the candidate is attached, will supplicate Convocation to confer upon such candidates their respective degrees "during their absence on Military Service." No additional fees will be payable in respect of such degrees.

Candidates for such degrees should send their full names, their certificates of having passed the examinations required and of having kept the necessary residence (if any) together with the Degree Fee and the certificate signed by an officer that they are upon Military Service, to the Senior Proctor, so as to reach him in good time before the day of Convocation.

---

In the case of Candidates for Honours who are upon Military Service, the terms during which they are absent will not be reckoned in computing the standing for Honours.

In the case of Medical Students, the time spent as assistant on Active Medical Service, Naval, or Military, not exceeding six months, will be allowed to count for the equivalent period of Hospital Practice. Of the time so spent, one half may be reckoned as equivalent to three months Medical Clinical Clerkship, and the other half as equivalent to three months Surgical Dressership.

Students of the Durham Colleges or of Armstrong College, who are absent on National Service, as defined above, will be exempted from residence to the extent of three terms, provided that, unless Senate shall otherwise determine, no student be

allowed to proceed to a degree with less than six terms' residence; except that a Pass student at Durham who has kept two terms and has been absent on National Service, may (provided his record in Collections is creditable) be excused the third term of residence as well as such part (or the whole) of the First Public Examination in Arts or Theology or the Intermediate Examination in Arts, as Council on the report of his teachers may decide. In the case of students at an associated Theological College, the report of their College Authorities will be accepted in lieu of that in Collections.

Pass students of Armstrong College in their first or second year who are absent on National Service, as defined above, may, on the report of the Teachers concerned, be recommended to Council for permission to proceed to the next year's course without further examination or residence; or they may be exempted from a portion of the next examination. In the case of First Year Students, at least one term of residence will be required. For pass students of Armstrong College in their final year, who have passed their first and second examinations, application may be made to Senate that they be allowed to proceed to their degree without further examination, if the Professors and Teachers concerned make special recommendation to that effect.

In the Pass Courses for the First and Second Years, Military Service may be accepted in lieu of the examinations in Military Science.

In the case of Honours students at Durham, a special note stating that they have been absent on National Service will be appended to their class lists and testamurs.

Honours students of Armstrong College may (at their option) either (a) be exempted from such portion of the Final Examination as shall be recommended by the Teachers concerned, or (b), if they have resided for not less than two years

and have passed their First and Second Year Examinations, they may, if the Professors and Teachers concerned make special recommendation to that effect, be allowed the ordinary degree without further residence or examination; and such candidates may, if they so desire, offer themselves for examination for Honours at any time within three years from the termination of the War.

Members of the Durham Colleges who are holders of Scholarships or Exhibitions may, upon their return from National Service, resume the tenure of such Scholarships or Exhibitions.

In the case of members of the Durham Colleges no absentee fees will be payable in respect of terms during which they have been absent upon National Service.
